Othello Arkangel Shakespeare:

Othello William Shakespeare, 2007 The Sourcebooks Shakespeare brings Shakespeare's plays to life in a revolutionary new book and CD format For the first time text audio and illustration come together to create a remarkable new way of experiencing this play

Shakespeare and Accentism Adele Lee, 2020-12-28 This collection explores the consequences of accentism an under researched issue that intersects with racism and classism in the Shakespeare industry across languages and cultures past and present It adopts a transmedia and transhistorical approach to a subject that has been dominated by the study of Original Pronunciation Yet the OP project avoids linguistically foreign characters such as Othello because of the additional complications their aberrant speech poses to the reconstruction process It also evades discussion of contemporary global practices and underpinning the enterprise is the search for an aural purity that arguably never existed By contrast this collection attends to foreign speech patterns in both the early modern and post modern periods including Indian East Asian and South African and explores how accents operate as metasigns reinforcing ethno racial stereotypes and social hierarchies It embraces new methodologies which includes reorienting attention away from the visual and onto the aural dimensions of performance

Shakespeare's World of Words Paul Yachnin, 2015-10-22 Was Shakespeare really the original genius he has appeared to be since the eighteenth century a poet whose words came from nature itself The contributors to this volume propose that Shakespeare was not the poet of nature but rather that he is a genius of rewriting and re creation someone able to generate a new language and new ways of seeing the world by orchestrating existing social and literary vocabularies Each chapter in the volume begins with a key word or phrase from Shakespeare and builds toward a broader consideration of the social poetic and theatrical dimensions of his language The chapters capture well the richness of Shakespeare's world of words by including discussions of biblical language Latinity philosophy of language and subjectivity languages of commerce criminality history and education the gestural vocabulary of performance as well as accounts of verbal modality and Shakespeare's metrics An Afterword outlines a number of other important languages in Shakespeare including those of law news and natural philosophy

Shakespeare for the wiser sort Steve Sohmer, 2018-07-30 William Shakespeare's plays are riddled with passages scenes and sudden plot twists which baffle and confound the most devoted playgoer and the most attentive commentator Why for example didn't Hamlet succeed to the throne of Denmark at the instant of his father's death It's not because the Danish throne was elective Why does Chorus in Romeo and Juliet promise his audience two hours trafficke of our stage when the play obviously runs almost three hours How is it that Old Hamlet sent his son to school in Protestant Wittenberg but his Ghost was sent to Catholic Purgatory and is there cause and effect here How can Lancelot Gobbo be correct and he is when he claims Black Monday the day after Easter and Ash Wednesday the 41st day before Easter once fell on the same day And what is a dram of eale This engaging and lucid book solves these tantalizing riddles and many others

"The game's afoot" Cynthia Lewis, 2018-06-26 Like the age old feud between the Montagues and Capulets in

Romeo and Juliet the enduring rivalry between the Boston Celtics and the LA Lakers makes for great drama Macbeth's career began with promise but ended in ruin not unlike Pete Rose's Twelfth Night's Viola's disguise as a boy to enter into a man's world is echoed in Babe Didrikson Zaharias challenge to the pro golf patriarchy when she competed in the Los Angeles Open Exploring parallels between Shakespeare's plays and famous events in the world of sports this book introduces seven of the best known plays to the sports enthusiast and offers a fresh perspective to Shakespeare devotees **A Companion to Shakespeare and Performance** Barbara Hodgdon, W.
