Carlisle, 2009 The Persian Gulf War was the first war that the United States officially involved itself in as a combatant after Vietnam It was a war in which many new technological strategic political and economic elements came together for the first time making th **Military Lessons of the Gulf War** Bruce W. Watson, 1993 [Encyclopedia of the Persian Gulf War](#) Richard Alan Schwartz, 2008-10-22 Between January 17 and February 28 1991 an international military coalition sanctioned by the United Nations and led by the United States defeated a large well equipped Iraqi army and forced it to withdraw from occupied Kuwait The first major military action after the end of the Cold War the Persian Gulf War is seen as the precursor of a new military doctrine ground troops from 19 countries around the globe participated in the operation This is a comprehensive reference work to the people places events weapons operations and other matters in the Persian Gulf War A chronology is also provided covering the major events from 1958 through 1991 that led to the rise of Iraqi leader Saddam Hussein his invasion of Kuwait and the rousting of Iraqi forces from that country **Desert Storm** Michael J. Mazarr, 2019-04-01 From Saddam Hussein's first bold threats in 1990 to the stunning ground phase of Desert Storm in early 1991 the crisis in the Gulf captured the world's attention This high tech low cost war was televised nightly from beginning to end accompanied by on the spot interpretations of strategy and its implications But what did we learn from this crisis Did the United States bungle its attempts at discouraging Saddam

s aggressive actions or is deterrence simply not a reliable foreign policy tool Are chemical weapons truly the poor man's atom bomb Does the war represent a good model for future crises or did circumstances make this war more of an anomaly than a precedent How did the ill-volunteered U.S. force perform By combining exciting detailed vignettes of the crisis with insightful discussions of its consequences this book opens up an informed debate concerning the true military and geopolitical lessons of the conflict Representing a distillation of the best thinking on defense and foreign policy in Washington Desert Storm also incorporates the testimony of the inside players during the crisis the people who actually planned and fought the war Combining academic rigor and in-depth military expertise the authors challenge the complacency of the emerging conventional wisdom regarding the conflict taking us beyond mere chronicling and instant analysis to a riveting reenactment of the war and the serious consideration of its long-term implications Defense for a New Era Les Aspin, 1992 *The Persian Gulf War* Enzo George, 2014-08-01 A look at the Persian Gulf War through primary source accounts facts and overview analysis **Arms Over Diplomacy** Dennis Menos, 1992-08-21 This book is about the U.S. rush to arms in the Persian Gulf the tragic loss of life on both sides the destruction inflicted on Kuwait and Iraq and the many uncertainties that confront America in the aftermath of the war Menos concludes that the Persian Gulf war was unjust and unnecessary To be just and necessary it would have had to meet two key criteria 1 the war would have had to be an act of last resort after all efforts at a peaceful resolution had failed which it was not and 2 the good achieved from the war would have had to outweigh its harmful effects which it did not in light of the enormous destruction and loss of life caused by the fighting and its aftermath Conduct of the Persian Gulf War: Appendices A-S, 1991 Conduct of the Persian Gulf War: Chapters I through VIII, 1991 The Encyclopedia of Middle East Wars Spencer C. Tucker, 2010-10-08 This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic cultural religious diplomatic international and military events in one of the world's most troubled regions The monumental five-volume *The Encyclopedia of Middle East Wars* The United States in the Persian Gulf Afghanistan and Iraq Conflicts is a must-have resource for anyone seeking to comprehend U.S. actions in this volatile region Under the expert editorship of Spencer C. Tucker the encyclopedia traces 20th and 21st century U.S. involvement in the Middle East and south central Asia concentrating on the last three decades Beginning with the 1980-1988 Iran-Iraq War it covers the 1979-1989 Soviet occupation of Afghanistan the 1991 Persian Gulf War allied punitive actions against Iraq during the 1990s the Afghanistan War the Iraq War and the Global War on Terror Many smaller military actions against Iran Iraq Libya Afghanistan and other regimes that have been involved in international terrorism are also included Diplomacy religion as it pertains to Middle East conflict and social cultural developments are other key subjects of analysis as is the interplay of politics with military policy in the United States and other nations involved in the region **Crusade** Rick Atkinson, 1993 Integrating interviews with individuals ranging from senior policymakers to frontline soldiers a look at the Persian Gulf War shows how the conflict transformed modern warfare *The Persian Gulf*

War Christopher C. Joyner, 1990-08-21 Although the stability of the Persian Gulf region has been of rising importance since World War II it was during the 1980s when the Iran Iraq War threatened to upset the balance of power in the region that its importance became even more magnified This collection of essays surveys the current state of that region placing into clearer perspective the political security and diplomatic dimensions of the recently ended war By reevaluating the political landscape of the Gulf the book produces a gauge for better assessing those factors and forces that affected the conflict's outcome and that will continue to influence future political and security developments in the region The volume begins with an introduction by the editor that examines the geography of the Gulf and the primary geopolitical factors that influenced perceptions of the region during the war The essays are then divided into two sections covering Strategic and Political Dimensions and Diplomatic and Legal Dimensions Topics covered in the first section include the roots of the crisis Soviet Israeli and Arab Gulf states interests in the conflict U S policy in the region and the role of U S military forces Section two discusses the reflagging of Kuwaiti tankers the United Nations involvement and the cease fire negotiations The book concludes with a selected bibliography and an index This study will be an important resource for courses in political science diplomacy and Mid East history as well as a significant addition to both public and university libraries *From Shield to Storm* James F. Dunnigan, Austin Bay, 1992 Authoritative account of the Persian Gulf War exploring the interests motives and miscalculations of both sides **The Persian Gulf War** Andrew Santella, 2004 A brief introduction to the causes and the waging of the Persian Gulf War in 1991 **The Story of the Persian Gulf War** Leila Merrell Foster, 1991 Examines the causes and events of the Persian Gulf War that followed Iraq's invasion of Kuwait in 1990 *Desert Storm--the First Persian Gulf War in American History* Debra McArthur, 2004 In the early 1990s Operation Desert Storm accomplished its main objectives of liberating Kuwait from an occupying force of the Iraqi Army The Persian Gulf War helped the United States military regain the respect of the American public and allowed many nations to work together to accomplish a common goal In *Desert Storm The First Persian Gulf War in American History* Debra McArthur paints a portrait of the Middle East during Operation Desert Storm using historical facts and thrilling accounts from soldiers politicians and other key players The combat situations and political tension comes alive in this thrilling addition to the *In American History* series Book jacket **Thunder in the Desert** James Blackwell, 1991 James Blackwell became a familiar and trusted figure worldwide during the Gulf War as he gave his authoritative analysis of military tactics and events for CNN Blackwell provides the first real history of the conflict's military aspects From the dangerous early days when the Iraqis could have swept Allied forces into the sea to the war of supplies and logistics from the commando raids to special psyops and from the Hail Mary tank race to the Marine landing feint *Thunder in the Desert* covers all in accessible authoritative fashion From publisher description
