Person And Community:

Person and Community Pope John Paul II, Theresa H. Sandok, 2008 Translated from Polish Includes bibliographical references and index **The Moral Sense and its Foundational Significance: Self, Person, Historicity, Community** Anna-Teresa Tymieniecka, 2012-12-06 The God Who Is with Us Benjamin H. Kim, 2022-10-21 Contemporary theologies of mission rely on the central concept of the *missio Dei* which states that mission properly belongs to the triune God over the church However present accounts fail to establish any corresponding link between God's trinitarian economy and ontology In other words the problem of the *missio Dei* is the problem of the break between the act and being of God Benjamin H Kim argues that a repair is needed for *missio Dei* theology and this repair is found in reexamining Barth's doctrine of revelation In doing so the locus of mission moves from God's trinitarian sending to his trinitarian revealing The repair is further advanced by Dietrich Bonhoeffer through his concept of person which functions as the unity of act and being This account returns mission to its original definition which was intended to describe the inner trinitarian being of God in relation to humanity The concept of person recovers this meaning of mission by locating it first in the person of Christ and second in the collective person of the church existing as the Christ community Thus Bonhoeffer's description of revelation in terms of personhood provides an account that is more faithful to the *missio Dei*'s core insights **InterGenerate** Holly Catterton Allen, 2018-07-10 Leaders in Christian communities are all asking the same question How can we bring the generations back together InterGenerate addresses important questions of why we should bring the generations back together but even more significantly how we can bring generations back together In this edited collection ministers church leaders and Christian educators will find valuable new generational theory perspectives fresh biblical and theological insights and practical outcomes backed by current research InterGenerate offers important guidance on topics including intergenerational spiritual disciplines transitioning from multigenerational to intergenerational new research that focuses directly on intergenerational ministry and offers practical outcomes to implement and benefits of intergenerational ministry for the most marginalized generations An exciting and distinctive aspect of InterGenerate is the vast diversity of voice men and women ranging in age from millennials to baby boomers representing multiple countries and over a dozen denominations all seeking ways to become more intentionally intergenerational in their outlook and practice **Judicial and Statutory Definitions of Words and Phrases**, 1928 **National Fallout Shelter Design Competition-Community Center Awards** American Institute of Architects, 1967 Award winning designs for dual use fallout shelters are presented representing contributions by the design professions toward development of the national defense resource The focus and concept of the competition is described as the basis for judging The nature of dual use shelter is discussed which contributes to understanding of the techniques for controlling exposure to gamma radiation from fallout Graphic illustrations are given of award winning dual use shelter space in community structures appropriate to residential areas Community-Led Leadership : How Shared Leadership Is Created

and What Its Requirements Are Karl-Johan Spiik,2023-11-09 Shared leadership is doing work together In traditional leadership the focus is on looking for a culprit whereas in modern leadership the focus is on looking for a solution to solve the problem Leadership without blaming allows the employees to try out new ways and the threshold to make decisions is lowered With modern information technologies solutions are shared independent of time and place The right use of tools combined with a helpful and permissive atmosphere create the prerequisites for sharing leadership Leadership that is focused on one person is no longer necessary This book combines agile leadership methods with the solution focused nature of leadership that allows for failures Pondering responsibility is an important part of leadership but not from the point of view of the culprit but from that of the solution In leadership it is important to let go of selfish needs of being right and shining In this way it is possible to harness the synergies of all the employees for the benefit of the entire organization Shared leadership speaks about modern leadership in a simple form **On the Ethical Philosophy of Edith Stein** William E.

Tullius,2024-09-03 Although she never penned a text dedicated exclusively to ethics Edith Stein s work encompasses an implicit but self consciously developed moral philosophy not yet sufficiently developed in the current English language literature However comparison of Stein s anthropological and metaphysical theories against the ethical philosophy of other early phenomenological thinkers such as Max Scheler and Edmund Husserl reveals lines of moral theory woven throughout her texts In *On the Ethical Philosophy of Edith Stein Outlines of Morality* William E Tullius endeavors to present a systematic account of Stein s moral thought as it takes shape in conversation with neo scholasticism and develops across her corpus in conversation with her philosophical anthropology axiological theory and metaphysics The ethics which emerge from these sources is oriented around the moral project of the development of personality through the unfolding of one s personal core and which entails a call to the development of an ethical community reflective of and oriented by its responsiveness to the highest values and to the communal destiny of all humanity in God *Code of Federal Regulations* ,1974 Special edition of
