David Meredith,Barrie Dyster

Secret Army And The Premier Conservative Paramilitary Organizations In Nsw 1930 3:

Histories of Fascism and Anti-Fascism in Australia Evan Smith, Jayne Persian, Vashti Jane Fox, 2022-12-30 Histories of Fascism and Anti Fascism in Australia provides a history of fascist movements and anti fascist resistance in Australia over the past century In recent years the far right has become a resurgent force across the globe resulting in populist parties securing electoral victories social movements organising on the streets and acts of right wing terrorism Australia has not been immune to this However this is not merely a recent phenomenon it has a long history of fascist and far right groups and individuals These groups have attempted to situate themselves within the wider settler colonial political landscape often portraying themselves as the inheritors of a violent and exclusionary colonial past Concurrently these groups have linked into globalised anti communist and white supremacist networks At the same time Australia has often seen resistance to fascism and the far right from the political centre to the far left Covering the period from the 1920s to the present day and featuring insights from historians sociologists and political scientists this book provides the most detailed account of this fascinating and important topic This book will be of interest to students and activists with an interest in the extreme right and anti fascism as well as Australian history politics and society Australian National Bibliography ,1978

The Liberals Ian Hancock, 2007-09-20 This book tells some of the story of the NSW Division of the Liberal Party beginning with its prehistory and concluding with the constitutional changes in 2000 It looks at the role of leading figures such as John Carrick Nick Greiner and John Howard at the electoral record at the Division s recurring financial difficulties and occasional crises at its habit of decapitating parliamentary leaders and at the attempts to move beyond its Protestant Anglo Scottish and North Shore support base and male culture Violence And Police Culture Tony Coady, Steven James, 2013-05-24 Violence and policing are inevitably associated Criminals use violence not only against innocent members of the public but also against the police themselves For our own protection and theirs we have given police a licence to use force sometimes with lethal consequences But the exercise of this licence is fraught with risk to the community The disturbing record of police shootings in Victoria and irresponsible police violence elsewhere in recent years vividly illustrate this risk The public outcry against such events is understandable To find a solution we need to analyse the contexts and the cultural background of the use of police violence and to think hard about its causes and proper limits In Violence and Police Culture eminent contributors offer valuable insights and experience to the growing debate While Australian in origin and emphasis the book addresses a public issue that resonates as far afield as London New York Tokyo and Belfast Violence and Police Culture argues that there are features of police culture which foster abuse of the right to use violence The book makes positive suggestions about institutional changes that might alleviate the problems bedevilling what the philosopher Thomas Hobbes called the right of the sword

Empires at War Robert Gerwarth, Erez Manela, 2014 Empires at War 1911 1923 offers a new perspective on the history of the Great War looking at the war beyond the generally accepted 1914 1918 timeline and as a global war

between empires rather than a European war between nation states The volume expands the story of the war both in time and space to include the violent conflicts that preceded and followed World War I from the 1911 Italian invasion of Libya to the massive violence that followed the collapse of the Ottoman Russian and Austrian empires until 1923 It argues that the traditional focus on the period between August 1914 and November 1918 makes more sense for the victorious western front powers notably Britain and France than it does for much of central eastern and south eastern Europe or for those colonial troops whose demobilization did not begin in November 1918 The paroxysm of 1914-18 has to be seen in the wider context of armed imperial conflict that began in 1911 and did not end until 1923 If we take the Great War seriously as a world war we must a century after the event adopt a perspective that does justice more fully to the millions of imperial subjects called upon to defend their imperial governments interest to theatres of war that lay far beyond Europe including in Asia and Africa and more generally to the wartime roles and experiences of innumerable peoples from outside the European continent Empires at War also tells the story of the broad global mobilizations that saw African soldiers and Chinese labourers in the trenches of the Western front Indian troops in Jerusalem and the Japanese military occupying Chinese territory Finally the volume shows how the war set the stage for the collapse not only of specific empires but of the imperial world order **Steel Town**

Eklund, Erik, 2013-05-24 The sun moves across the narrow coastal plain that borders the range to the north It shows once separate places now merged into one suburban entity a ribbon of residential commercial and industrial development There is a commercial centre whose tall metallic and glass structures reflect the light and celebrate an industrial heritage And to the south an area where a mass of industrial buildings converge around a large harbour This area stands as a telling symbol of the region's golden industrial age To most Australians Port Kembla is a grimy polluted industrial wasteland located down the coast from Sydney Such images were formed over fifty years ago when industrial development in the town was at its height and when the expanse of breathtaking coast had been colonised by the stacks and furnaces of heavy industry Yet the vision of stacks and pollution from furnaces was never the whole story there was always more to Port Kembla Although these ideas persist even today they obscure the real experiences of the people of the port Steel Town illuminates our understanding of the processes of industrial and social change Port Kembla was unique in Australian terms an urban environment where industrial society shaped local life and politics like nowhere else This book explores the advent and implications of industrial society and the impact of economic decline and deindustrialisation In his comprehensive and persuasive account of local life Erik Eklund draws together themes of migration gender class and identity Using archival records oral history interviews and company documents Steel Town charts the relationship between economic change and the human experience of that change The story of Port Kembla is the story of the big issues of Australian history writ small on the lives of three generations of local people The legacy of industrial society is a mixed one its experiences and consequences are full of contradictions And that of course is the beauty of history The White Peril Sean Brawley, 1995 A study surveying the changing positions towards

Asian migration in Australia New Zealand Canada and the US between 1919 and 1978 The volume examines the foreign policy choices and relations of the four nations and how their desire to maintain policies of Asian exclusion shaped regional and inte **Global Heating and the Australian Far Right** Imogen Richards,Gearóid Brinn,Callum Jones,2023-12-01

Global Heating and the Australian Far Right examines the environmental politics of far right actors and movements in Australia exploring their broader political context and responses to climate change The book traces the development of far right pseudo environmentalism and territorial politics from colonial genocide and Australian nationalism to extreme right political violence Through a critical analysis of news and social media it reveals how denialist and resignatory attitudes towards climate change operate alongside extreme right accelerationism in a wider Australian political context characterised by reactionary fossil fuel politics and neoliberal New Right climate change agendas The authors scrutinise the manipulation of environmental politics by contemporary Australian far and extreme right actors in cross national online media They also assess the political ideological context of the contemporary far right addressing intergovernmental approaches to security threats connected to the far right and climate change and the emergence of radical environmentalist traditions in New Catastrophism literature The conclusion synthesises key insights analysing the mainstreaming of ethnonationalist and authoritarian responses to global heating and potential future trajectories of far right movements exploiting the climate crisis It also emphasises the necessity for radical political alternatives to counter the far right s exploitation of climate change This book will be of interest to researchers of climate change the far right neoliberal capitalism extremism and Australian politics

Communism in Australia Beverley Symons,1994 This bibliography covers the 70 years of existence of the Communist Party in Australia The material listed relates not only to the CPA but to its allied and breakaway movements from 1920 to 1991 Contains over 3400 references and includes a name index *Journal of the Royal Australian Historical Society* Royal Australian Historical Society,1995 Includes the Society s Annual report and statement of accounts **Australia in the**

Global Economy David Meredith,Barrie Dyster,2000-01-17 This up to date volume considers Australian economic development in light of worldwide political and social developments arguing that the Australian economy is an integral part of the world economy and subject to the same trends across the globe The book also focuses on domestic factors that have shaped the growth of the Australian economy such as the growth of exports the role of foreign capital and the positive contribution of migrants The authors also consider the Gulf Wars the East Asian financial crisis and globalization

Suburban Space, the Novel and Australian Modernity Brigid Rooney,2018-11-15 *Suburban Space the Novel and Australian Modernity* investigates the interaction between suburbs and suburbia in a century long series of Australian novels It puts the often trenchantly anti suburban rhetoric of fiction in dialogue with its evocative and imaginative rendering of suburban place and time *Suburban Space the Novel and Australian Modernity* rethinks existing cultural debates about suburbia in Australia and elsewhere by putting novelistic representations of suburbs suburban interiors homes streets forms

and lives over time in dialogue with the often negative idea of suburbia in fiction as an amnesic and conformist cultural wasteland Suburban space the novel and Australian modernity shows in other words how Australian novels dramatize the collision between the sensory terrain of the remembered suburb and the cultural critique of suburbia It is through such contradictions that novels create resonant mental maps of place and time Australian novels are a prism through which suburbs as sites of everyday colonization defined by successive waves of urban development are able to be glimpsed sidelong

Charles Strong's Australian Church Marion Maddox,2021-11-30 In the optimistic years preceding Federation in 1901 the Melbourne based Australian Church emerged as a progressive Christian movement to serve a brand new nation Galvanising many members of Melbourne s social and political elite activist Reverend Dr Charles Strong imagined the Australian Church becoming the national church while addressing a broad social and political reform agenda inspired by both theological and social liberalism Their approach was described as progressive liberal radical and socialist Strong and his wife Janet founded or led organisations for causes ranging from peace to penal reform They fought for urban slum improvements rural village settlements childcare and adult education the minimum wage and women s suffrage Some organisations endure today others left lasting legacies in Australian methods of addressing social inequality Bringing together leading scholars of history politics and religion Charles Strong s Australian Church celebrates the church s radicalism while taking account of debates and obstacles on the path to social reform *Australia in the Global Economy* Barrie Dyster,David Meredith,2012-09-28

With the global economy in crisis there is great need for a deeper understanding of Australia s economic place in the world both today and throughout history This new edition of Barrie Dyster and David Meredith s highly successful book is fully updated and includes three new chapters covering until the end of 2011 The book explores the evolution of Australia s position in the global economy from the start of the twentieth century through to the present day examining the international and local economies of five key historical periods With a focus on trade foreign investment and immigration the book considers periods both of growth and decline By using historical perspectives to explain the present and give direction to the future this unique book presents a rich account of Australia s position within a global economic context It is an essential resource for students and lecturers of Australian economic history **Mobilising the Masses** Matthew

Cunningham,2022-04-05 The radical right has gained considerable ground in the twenty first century From Brexit to Bolsonaro and Tea Partiers to Trump many of these diverse manifestations of right wing populism share a desire to co opt or supplant the mainstream parties that have traditionally held sway over the centre right It is now more important than ever to understand similar moments in Australian and New Zealand history This book concerns one such moment the Great Depression and the explosion of large populist conservative groups that accompanied the crisis These citizens movements as they described themselves sprang into being virtually overnight and amassed a combined membership in the hundreds of thousands They staunchly opposed party politicians and political parties for their supposed inaction and infighting Whether

left or right it did not matter They wanted to use their vast numbers to pressure their governments into enacting proposals they believed were in the national interest a smaller more streamlined government where Members of Parliament were free to act according to their conscience rather than their party allegiance At the same time the movements prescribed antidotes for their nations economic ill health that were often radical and occasionally anti democratic At the height of their power they threatened to disrupt or outright replace the centre right political parties of the time particularly in Australia At a time when fascism and right wing authoritarianism were on the march internationally the future shape of conservative politics was at stake

Temper Democratic Humphrey McQueen,1998 *Temper Democratic* is an irreverent reflection on the idea of a classless Australia its achievements its limitations and its opponents Humphrey McQueen explains why no news is best scorns a national flag turns the logic of multiculturalism against ethnic chauvinists and advances a wicked redemption of political correctness

A Doctor Across Borders Alexander Cameron-Smith,2019-02-28 In his day Raphael Cilento was one of the most prominent and controversial figures in Australian medicine As a senior medical officer in the Commonwealth and Queensland governments he was an active participant in public health reform during the inter war years and is best known for his vocal engagement with public discourse on the relationship between hygiene race and Australian nationhood Yet Cilento s work on tropical hygiene and social welfare ranged beyond Australia especially when he served as a colonial medical officer in British Malaya and in the Mandated Territory of New Guinea He also worked with the League of Nations Health Organization in the Pacific Islands and oversaw international social welfare programs for the United Nations On one level this professional mobility allowed ideas and practices of public health and government to circulate between colonial spaces of northern Australia the Pacific Islands and Asia On another it meant that Cilento s Pacific colonialism and colonial experience shaped his understanding of Australian national health and welfare Rather than attempt a comprehensive biography of Cilento this book instead uses this border crossing career as a means to explore several material and discursive facets of Australia s relationships to the Pacific and the world

Forthcoming Books Rose Army,1990 Impérios em Guerra: 1911-1923 Robert Gerwarth,2014-06-01 Uma perspectiva inteiramente nova de encarar a Primeira Guerra Mundial Olhar para a Grande Guerra como uma guerra de sobrevivência e expansão imperiais ajuda a colocar o conflito num contexto espacial e cronológico mais lato iniciado com a invasão italiana de territórios otomanos no norte de África em 1911 O quadro imperial torna também mais fácil ver que a violência em massa da guerra não acabou como armistício de 1918 e que a violência que antecedeu Agosto de 1914 pertenceu na verdade ao mesmo processo de realinhamento de padrões de poder e de legitimidade globais

The Cost of War Professor Stephen Garton,2020-04-01 War has shaped Australian society profoundly When we commemorate the sacrifices of the Anzacs we rightly celebrate their bravery but we do not always acknowledge the complex aftermath of combat In *The Cost of War* Stephen Garton traces the experiences of Australia s veterans and asks what we can learn from their stories He considers the long term effects of war on returned servicemen and

women on their families and communities and on Australian public life He describes attempts to respond to the physical and psychological wounds of combat from the first victims of shellshock during WWI to more recent understandings of post traumatic stress disorder And he examines the political and social repercussions of war including debates over how we should commemorate conflict and how society should respond to the needs of veterans When the first edition of *The Cost of War* appeared in 1996 it offered a ground breaking new perspective on the Anzac experience In this new edition Garton again makes a compelling case for a more nuanced understanding of the individual and collective costs of war
