Secret Talents A Victorian Novel:

A Companion to the Victorian Novel William Baker, Kenneth Womack, 2002-01-30 Victorian novels remain enormously popular today some continue to be made into films while authors such as Charles Dickens and George Eliot are firmly established in the canon and taught at all levels These works have also attracted a great deal of critical attention with much current scholarship examining the novel in relation to its historical political and cultural contexts This reference book is an introductory guide to the Victorian novel its background and its legacy Each chapter is written by an expert contributor and offers a fresh account of past current and new directions in scholarship The volume is divided into several broad sections with chapters in each section treating more specialized topics The first section looks at the emergence of the Victorian novel and its literary precursors with particular emphasis on the growth of serialization and the development of the novel of syndication The second explores significant social and cultural facets of nineteenth century British literature while the third discusses the principal features of different genres such as ghost stories the Gothic detective fiction the social problem novel and contemporary film adaptations Individual authors are examined in the fourth section while the fifth overviews various critical approaches and their application to nineteenth century fiction

Victorian Novel Before Victoria Margaret F King, Elliot Engel, 2016-01-03 **Domesticated Bachelors and Femininity in Victorian Novels** Jennifer Beauvais, 2020-10-23 Domestic issues chastity morality marriage and love are concerns we typically associate with Victorian female characters But what happens when men in Victorian novels begin to engage in this type of feminine discourse While we are familiar with certain Victorian women seeking freedom by moving beyond the domestic sphere there is an equally interesting movement by the domestic man into the private space through his performance of femininity This book defines the domesticated bachelor examines the effects of the blurring of boundaries between the public and private spheres and traces the evolution of the public discourse on masculinity in novels such as Bronte's *Shirley* Braddon's *Lady Audley* Eliot's *Daniel Deronda* and Stevenson's *The Strange Case of Dr Jekyll and Mr Hyde* This bachelor along with his female counterpart the New Woman opens up for discussion new definitions of Victorian masculinity and gender boundaries and blurs the rigid distinction between the gendered spaces thought to be in place during the Victorian period

Antifeminism and the Victorian Novel , *A Topography Plagued by Marginality in Victorian Novels* Catalina

Balinisteanu-Furdu,2022-04-12 The purpose of this book is to analyse how marginality is experienced by the Other women orphans children labourers in Victorian literature and how these individuals succeed in transgressing borders or attempt at doing this The Other uses many strategies to climb the social ladder and to preserve a certain social position marrying into a superior social class subverting the master s position and usurping him acquiring education and knowledge to become superior tempting the master into passionate love affairs approaching interpersonal communication or staying true to one s own self defending ones moral values accepting lessons of domesticity becoming an angel in the house travelling to unknown territories exchanging reality for fictional worlds and so on On their way of achieving their goals the Others are shown in different spaces which contribute to the construction of their identity Our survey unfolds the complexity of the marginalization experience of the Victorian Others their individual or collective mentality and their agency Drawing on Otherness from six Victorian novels our book takes an interpretative approach The analysis of spaces revealed how the positionality of women or orphans or labourers in social hierarchies of gender race and legal status influences and even affects their legitimacy or access to a superior position Their agency has not always overcome their marginalization embedded within the structure of society but at least temporarily and gradually it has improved the women s living conditions by being rewarded with a beautiful family or by earning a living thus eluding the dependency on a man By contextualizing the six novels into the Victorian Age our survey will hopefully contribute to the understanding of women and of their attempts at emancipation by demonstrating how their positionality impacts their agency and their personality

The English Novel In History 1840-1895 Elizabeth Ermarth,2006-09-07 The construction of history as a social common denominator is a powerful achievement of the nineteenth century novel a form dedicated to experimenting with democratic social practice as it conflicts with economic and feudal visions of social order Through revisionary readings of familiar nineteenth century texts The English Novel in History 1840 1895 takes a multidisciplinary approach to literary history It highlights how narrative shifts from one construction of time to another and reformulates fundamental ideas of identity nature and society Elizabeth Ermarth discusses the range of novels alongside other cultural material including painting science religious political and economic theory She explores the problems of how a society as defined in democratic terms can accommodate political gender and class differences without resorting to hierarchy and how narrowly conceived economic agendas compete with social cohesion Students advanced undergraduates postgraduates and specialists will find this text invaluable

[The Promise of the Suburbs](#) Sarah Bilston, 2019-02-05 A study of the fast growing Victorian suburbs as places of connection creativity and professional advance especially for women From the earliest decades of the nineteenth century the suburbs were maligned by the aristocratic elite as dull zones of low cultural ambition and vulgarity as well as generally female spaces isolated from the consequential male world of commerce Sarah Bilston argues that these attitudes were forged to undermine the cultural authority of the emerging middle class and to reinforce patriarchy by trivializing women's work Resisting these stereotypes Bilston reveals how suburban life offered ambitious women especially women writers access to supportive communities and opportunities for literary and artistic

experimentation as well as professional advancement From more familiar figures such as the sensation author Mary Elizabeth Braddon to interior design journalist Jane Ellen Panton and garden writer Jane Loudon this work presents a more complicated portrait of how women and English society at large navigated a fast growing rapidly changing landscape

Saintsbury,1903 **Forthcoming Books** Rose Arny,1983 **Representing Realists in Victorian Literature and Criticism** Daniel Brown,2016-12-15 This book is about the historical moment when writers and critics first used the term realism to describe representation in literature and painting While scholarship on realism tends to proceed from an assumption that the term has a long established meaning and history this book reveals that mid nineteenth century critics and writers first used the term reluctantly with much confusion over what it might actually mean It did not acquire the ready meaning we now take for granted until the end of the nineteenth century In fact its first definitions came primarily by way of example and analogy through descriptions of current practitioners or through fictionalized representations of artists By investigating original debates over the term realism this book shows how writers simultaneously engaged with broader concerns about the changing meanings of what was real and who had the authority to decide this Altered Book Collage Barbara Matthiessen,2006 Describes techniques in cutting pasting sewing beading stenciling and decoupage involved with creating altered collage books Presents 101 illustrated design ideas with tips and instructions **The Secret Garden** Shelley King,Heather K.
