Backey and Kimberly know they need to find a safe place to regroup with the rest of the group. They decide to head to Deniz's house as it is the closest and they hope the others will be there. Meanwhile, the rest of the group is also facing their own challenges. Bredy and Brednell are being followed by a suspicious car, and Faith and Baby Love are receiving threatening messages on their phones. They all realize that the Order of the Meat is determined to stop them from exposing their dangerous practices. Backey and Kimberly arrive at Deniz's house out of breath and filled with fear. To their relief, they find the rest of the group already there, discussing their next move. They quickly fill everyone in on what happened at Backey's apartment and the threats they received on social media. The group realizes that they need to stay one step ahead of the Order of the Meat if they want to expose their dangerous practices and protect themselves. They decide to reach out to their contacts in the media and animal rights organizations for support and to spread the word about the Order. With their determination renewed, the group prepares to face the challenges ahead. They know that their fight against the meat industry and the Order of the Meat is far from over, but they are more united than ever and ready to do whatever it takes to protect innocent animals and bring justice to those responsible. Bredy, Casey, and Kimberly, along with their allies, have exposed the Order of the Meat and are now facing threats and retaliation. Despite their fear, they refuse to be silenced and are determined to stand up for what's right. When they learn that their friend Justin has been attacked by the Order, they set out to find and rescue him. They successfully locate Justin, but the group realizes that they are facing a powerful and dangerous enemy. They continue their fight for animal rights, even as they uncover deeper corruption within the meat industry. With the help of a new ally named Melissa, they gather evidence and plan their next move. They discover that the Order has a scientist on their side and decide to investigate a local university lab. They are aware of the risks involved but are determined to uncover the truth and bring down the Order once and for all. In Chapter 34, Deniz was determined to rescue her friends and put an end to the Order of the Meat's cruel experiments. She knew she couldn't do it alone, so she reached out to Brednell, who had connections with a group of skilled hackers. Together, they devised a plan to infiltrate the Order's headquarters and rescue their friends. With the help of the hackers, Deniz and Brednell were able to gather crucial information about the Order's operations and security measures. They discovered that the Order had a secret underground lab where they conducted their experiments on innocent animals. Armed with this knowledge, Deniz and Brednell assembled a team of animal lovers who were willing to risk everything to save their friends and put an end to the cruelty. They trained rigorously, honing their skills and preparing for the dangerous mission ahead. Finally, the day of the rescue mission arrived. Under the cover of darkness, Deniz and her team infiltrated the Order's headquarters.
