The Paradox of Love Pascal Bruckner, 2012-02-13 The sexual revolution is justly celebrated for the freedoms it brought birth control the decriminalization of abortion the liberalization of divorce greater equality between the sexes women's massive entry into the workforce and more tolerance of homosexuality Bruckner argues that our new freedoms have brought new burdens and rules without however wiping out the old rules emotions desires and arrangements the couple marriage jealousy the demand for fidelity the war between constancy and inconstancy It is no wonder that love sex and relationships today are so confusing so difficult and so paradoxical Drawing on history politics psychology literature pop culture and current events this book exposes and dissects these paradoxes Bruckner traces the roots of sexual liberation back to the Enlightenment in order to explain love's supreme paradox epitomized by the 1960s oxymoron of free love the tension between freedom which separates and love which attaches Ashamed that our sex lives fail to live up to such liberated ideals we have traded neuroses of repression for neuroses of inadequacy and we overcompensate Our parents lied about their morality Bruckner writes but we lie about our immorality Book jacket

Leading a Church to Maturity in Love David R. Tomlinson, 2019-03-01 Church leaders frequently encounter tensions and conflict especially when facing change Building on extensive experience of leading

churches at times of change Tomlinson shows how through critical theological reflection and modelling good practice church leaders can facilitate church life that is grounded and transformed by the love of God *Center Church* Timothy Keller, 2012-09-04 Practical and Gospel centered thoughts on how to have a fruitful ministry by one of America's leading and most beloved pastor Many church leaders are struggling to adapt to a culture that values individuality above loyalty to a group or institution There have been so many church growth and effective ministry books in the past few decades that it's hard to know where to start or which ones will provide useful and honest insight Based on over twenty years of ministry in New York City Timothy Keller takes a unique approach that measures a ministry's success neither by numbers nor purely by the faithfulness of its leaders but on the biblical grounds of fruitfulness Center Church outlines a balanced theological vision for ministry organized around three core commitments Gospel centered The gospel of grace in Jesus Christ changes everything from our hearts to our community to the world It completely reshapes the content tone and strategy of all that we do City centered With a positive approach toward our culture we learn to affirm that cities are wonderful strategic and underserved places for gospel ministry Movement centered Instead of building our own tribe we seek the prosperity and peace of our community as we are led by the Holy Spirit Between a pastor's doctrinal beliefs and ministry practices should be a well conceived vision for how to bring the gospel to bear on the particular cultural setting and historical moment This is something more practical than just doctrine but much more theological than how to steps for carrying out a ministry Once this vision is in place it leads church leaders to make good decisions on how to worship disciple evangelize serve and engage culture in their field of ministry whether in a city suburb or small town Tim Keller Core Church *Holistic Nursing* Barbara Montgomery Dossey, Lynn Keegan, Cathie E. The Royal Law of Liberty Darwin Chandler,2003 This book is a frontal assault on all law based obedience oriented religion Most Christians carry a load of

spiritual bondage condemnation guilt and shame Some are deeply despondent and depressed because this load is too heavy for them to bear Few Christians are truly confident in their personal relationship with God This situation exists because 1 Christians are generally unable to distinguish between actual sin versus mere human opinion about sin 2 Christians do not understand that Jesus set them free from obedience based religion 3 Christians do not know how to decide for themselves what is truly moral 4 Christians have no real experience of Christian Liberty These issues are examined in sufficient detail to enable one to understand the radical nature of the freedom for which Christ set us free Gal 5 1 The author's goal is to destroy the roots of religious legalism so Christian believers can live the life of freedom which is their spiritual birthright Beginning with a development of the Master Key to Biblical morality the nature and implications of Christ's Law of Love are thoroughly explored Next the author discusses the true nature of morality answering the question What exactly makes a thing sinful Careful attention is given to the concept of defilement or uncleanness with a bold look at Paul's revolutionary statement that nothing is unclean of itself Rom 14 14 20 In Part Three Legalism is exposed in all its ugliness This section details the Biblical method for determining what is truly sin and what is merely human opinion Part Four destroys the bitter root of Legalism with persistent emphasis on the fact that Jesus Christ ended the rule of law by His life death and resurrection Part Five looks at the theology of Galatians the Christian's Emancipation Proclamation closing with pointed illustration of how this all affects a Christian's liberty to exercise personal choice in what s/he will or won't do Five appendices explore several specific issues raised by the preceding study These include Conclusions About Christian Liberty Contradictory Scriptures Christian Liberty and Sexual Issues The Necessity Of Experiencing Freedom The Non Negotiables of Bible Study This is the only book on Christian Freedom written by an ex Fundamentalist The author was raised in an atmosphere of extreme legalism The first half of his Christian ministry was spent preaching defending and even debating the concepts that he now seeks to destroy The author lived in legalism forty years He understands legalism He therefore knows how to attack its vulnerable spots His goal was not to write a book but to give to anyone who is interested information that will set them free from bondage to legalism and open the pathway to self government under the rule of love For more information on spiritual freedom visit the author's website www.freedomguide.net

Marion and Derrida on The Gift and Desire: Debating the Generosity of Things Jason Alvis, 2016-01-13 This book examines the various encounters between Jean Luc Marion and Jacques Derrida on the gift considers their many differences on desire and demonstrates how these topics hold the keys to some of phenomenology's most pressing structural questions especially regarding deconstructive approaches within the field The book claims that the topic of desire is a central lynchpin to understanding the two thinkers conflict over the gift for the gift is reducible to the desire to give which initiates a turn to the topic of generosity To what degree might loving also imply giving How far might it be suggested that love is reducible to desire and intentionality It is demonstrated how Derrida the generative father of deconstruction rejects the possibility of any potential relation between the gift and desire on the account that desire is bound to calculative repetition economical appropriation and subject centered interests that hinder deconstruction Whereas Marion a representative of the phenomenological tradition demands a unique union between the gift and desire which are both represented in his reduction to givenness and erotic reduction The book is the first extensive attempt to contextualize the stark differences between Marion and Derrida within the phenomenological legacy Husserl Heidegger Kant supplies readers with in depth accounts of the topics of the gift love and desire and demonstrates another means through which the appearing of phenomena might be understood namely according to the generosity of things
