SSML Newsletter Society for the Study of Midwestern Literature (U.S.), 1992 **Feminist Posthumanism in Contemporary Science Fiction Film and Media** Julia A. Empey, Russell J.A. Kilbourn, 2023-08-24 Feminist Posthumanism in Contemporary Science Fiction Film and Media From Annihilation to High Life and Beyond places posthumanism and feminist theory into dialogue with contemporary science fiction film and media This essay collection is intimately invested in the debates around the posthuman and the critical posthumanities within a feminist critical theoretical framework In this posthumanist light science fiction as a genre allows for new imaginings of human technological relations while it can also be the site of a critique of human exceptionalism and essentialism In this way science fiction affords unique opportunities for the scholarly investigation of the relevance and relative applicability of specific posthumanist themes and questions in a particularly rich and wide ranging popular cultural field of production One of the reasons for this suitability is the genre's historically longstanding relationship with the critical investigation of gender specifically the position and relative empowerment of women The original analyses presented here pay close attention to audiovisual style including game mechanics facilitating the critical interrogation of the issues and questions around posthumanism Where typically the mention of SF in the posthumanist context calls to mind a whole set of often clichéd tropes the cyborg technologically augmented bodies AI subjectivities etc this volume's thirteen chapters analyze specific examples of contemporary SF cinema that engage in meaningful ways with the burgeoning field of critical posthumanism and that utilize such films to interrogate posthumanist and feminist as well as humanistic ideas *Family and Relationships in Ian McEwan's Fiction* Tomasz Dobrogoszcz, 2018-02-23 The book provides a lucid analysis of all Ian McEwan fiction published to date from his 1975 debut short stories up to the 2016 novel *Nutshell* spanning forty years of his literary career Apart from a general discussion of McEwan's works the study offers a uniform focal point it concentrates on one of the key issues taken up by the writer the aspect of relationships between partners and between family members As the book demonstrates the novelist employs interpersonal relations to establish a pertinent context in which he can dramatically portray the process of identity formation in his characters Throughout his fiction McEwan consistently uses references to psychoanalysis either veiled or direct The proposed book investigates the novelist's oeuvre through the lens of the psychoanalytic theory developed by Jacques Lacan The approach used makes the book useful both for readers well familiar with this apparatus and for those who need introduction to Lacanian psychoanalysis and such of his concepts as desire fantasy the symbolic order or the Name of the Father **Novel and Short Story Writer's Market, 1992** Robin Gee, 1992 Contact information for commercial periodicals

the decade's major political events and movements including the rise and fall of détente congressional reform changes in healthcare policies and the hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as *All in the Family* and *Charlie's Angels* offered Americans both a reflection of and an escape from the problems gripping the country William T. Vollmann

Christopher K. Coffman, Daniel Lukes, 2014-12-18 This fascinating massive wide ranging collection that editors Christopher K. Coffman and Daniel Lukes have gathered together into *William T. Vollmann: A Critical Companion* will soon be recognized as one of those rare critical books for which that egregiously overused term groundbreaking is fully justified Larry McCaffery from the preface of *William T. Vollmann: A Critical Companion* The essays in this collection make a case for regarding William T. Vollmann as the most ambitious productive and important living author in the US His oeuvre includes not only outstanding work in numerous literary genres but also global reportage ethical treatises paintings photographs and many other productions His reputation as a daring traveler and his fascination with life on the margins have earned him an extra literary renown unequalled in our time Perhaps most importantly his work is exceptional in relation to the literary moment Vollmann is a member of a group of authors who are responding to the skeptical ironies of postmodernism with a reinvigoration of fiction's affective possibilities and moral sensibilities but he stands out even among this cohort for his prioritization of moral engagement historical awareness and geopolitical scope Included in this book in addition to twelve scholarly critical essays are reflections on Vollmann by many of his peers confidantes and collaborators including Jonathan Franzen James Franco and Michael Glawogger With a preface by Larry McCaffery and an afterword by Michael Hemmingson this book offers readings of most of Vollmann's works includes the first critical engagements with several key titles and introduces a range of voices from international Vollmann scholarship

Significant Food Jeff Birkenstein, Robert C. Hauhart, 2024-07 Significant Food is a collaborative work of textual analysis and criticism that chews on the role and prominence of food in American literature The volume offers close readings of many well known and some less well known examples of American writing as studied through the food culture sensibilities of a well stocked cupboard of contributors who offer their analyses for public consumption Editors Jeff Birkenstein and Robert C Hauhart find that literary criticism has focused on the role food plays in literary production to a greater extent than recognized at first glance and that its role has become increasingly common only in the last two decades Still while there is critical commentary regarding authors use of food across the expanse of American literature there has been a lack of a unifying critical theory to guide these analyses Birkenstein and Hauhart offer the theory of significant food a method that asks literary critics to evaluate and assess the extent nature and role that food plays in literary production When food and food moments are used intensively and significantly within the drama memoir poem novel short story or other writing then one can say that it has achieved a status that makes it indispensable to the work at hand
