Lucy Breckinridge of Grove Hill Lucy Gilmer Breckinridge, Mary D. Robertson, 1979 Lucy Breckinridge of Grove Hill Mary D. Robertson, 1981 Lucy Breckinridge of Grove Hill Lucy Breckinridge, 1981 Lucy Breckinridge of Grove Hill Mary D. Robertson, Lucy Breckinridge, 1981-09-01 A 19 year old girl's journal reveals how Southern society viewed the Civil War and was affected by it Music Along the Rapidan James Andrew Davis, 2014-05-01 In December 1863 Civil War soldiers took refuge from the dismal conditions of war and weather They made their winter quarters in the Piedmont region of central Virginia the Union's Army of the Potomac in Culpeper County the Confederacy's Army of Northern Virginia in neighboring Orange County For the next six months the opposing soldiers eyed each other warily across the Rapidan River In Music Along the Rapidan James A Davis examines the role of music in defining the social communities that emerged during this winter encampment Music was an essential part of each soldier's personal identity and Davis considers how music became a means of controlling the acoustic and social cacophony of war that surrounded them Music also became a touchstone for colliding communities during the encampment the communities of the enlisted men and officers or Northerners and Southerners on the one hand and the shared communities occupied by both soldier and civilian on the other enabling them to define their relationships and their environment emotionally socially and audibly *Confederate Daughters* Victoria E. Ott, 2008-02-22 Book Description A Generation at War explores the intersection of gender age and Confederate identity through the lives of teenage daughters from slaveholding secessionist families throughout the South These young women who came of age in a time of secession and war clung tenaciously to the gender ideals that lauded motherhood and marriage as the fulfillment of female duty and the racial order of the slaveholding South that defined their status and afforded them numerous material privileges When differences between the North and South proved irreconcilable southern daughters demonstrated extraordinary agency in protecting their future as wives mothers and slaveholders Centered in the culture of their youth gender and class group they threw their support behind the movement to create a Confederate identity Their loyalty to the nascent nation born out of a conservative movement to uphold the status quo ultimately brought them into new areas of work civic activism and courtship rituals After the war young women drew from their wartime experiences as youths in constructing their own female imagery in the Lost Cause mythology that stood apart from the typical older maternal figure What emerges from their experiences is the creation of a transformative female identity that bridged the cultural gap between the antebellum and postbellum periods paving the way for the emergence of a new understanding of southern womanhood in the New South era A generational approach allows readers to take a more in depth look at the transitional nature of wartime and its long term effects on women's self perceptions While many studies of southern women tend to lump teenage daughters with the older generation of women this examination singles them out as a unique group whose experiences made a significant contribution to the new woman in the New South This study therefore

will serve as a useful tool to students and teachers of southern women's history providing a new perspective on the female experience and the changing ideas of womanhood that war produces. The detailed account of teenage daughters and their wartime activities and relationships will also appeal to a more general readership interested in Civil War history.

Topsy-Turvy Anya Jabour, 2010-09-16 This book brings into sharp relief the way in which gender, race, slavery and status shaped the lives of children in the American South before, during and after the Civil War. She argues that the identities children developed in the antebellum era shaped their responses to the upheavals of the war years and their lives after the war's conclusion.

Conflicting Paths Harvey J. Graff, 1995 We grow up so simple it just seems to happen and yet there are endless variations in the way we do it. What part does culture play in the process? How much do politics and economics have to do with it? As the nation has matured, have the ways people grow up changed too? This book traces the many paths to adulthood that Americans have pursued over time. Spanning more than two centuries of intense transformation in the lives of individuals and the life of a nation, *Conflicting Paths* is an innovative history of growing up in America. Harvey J. Graff, a distinguished social historian, mines more than five hundred personal narratives for what they can tell us about the passage from childhood to maturity. Drawing on diaries, memoirs, autobiographies and letters, he builds a penetrating, complex, firsthand account of how childhood, adolescence and youth have been experienced and understood as functions of familial and social relations, as products of biology and physiology and as cultural and political constructs. These first-person testimonies cross the lines of time and space, gender and class, ethnicity, age and race. In these individual stories and the larger story they constitute, Graff exposes the way social change, including institutional developments and shifting attitudes, expectations and policy, and personal experience intertwine in the process of growing up. Together, these narratives form a challenging, subtle guide to historical experiences and to the epochal remaking of growing up. The most socially inclusive and historically extensive of any such research, Graff's work constitutes an important chapter in the story of the family, the formation of modern society and the complex interweaving of young people, tradition and change.

A Faithful Heart Emmala Reed, 2004 Emmala Reed's journals from 1865 and 1866 present a detailed account of life in western South Carolina as war turned to reconstruction. Reed's postwar writings are particularly important given their rarity; many Civil War diarists stopped writing at war's end. Also, unlike many diarists of the period, Reed lived in a small town rather than on a plantation or in an urban center.

Blood Image Paul Christopher Anderson, 2006-03-21 With *Blood Image*, Paul Anderson shows that the symbol of a man can be just as important as the man himself. Turner Ashby was one of the most famous fighting men of the Civil War. Rising to colonel of the 7th Virginia Cavalry, Ashby fought brilliantly under Thomas J. Stonewall Jackson during the 1862 Shenandoah Valley campaign until he died in battle. Anderson demonstrates that Ashby's image, a catalytic, mesmerizing and often contradictory combination of southern antebellum cultural ideals and wartime hopes and fears, emerged during his own lifetime and was not a later creation of the Lost Cause. The stylistic synergy of Anderson's startling narrative design fuels

a poignant irony men like Ashby a chivalrous charismatic knight who had difficulty complying with Stonewall Jackson's authority become trapped by the desire to have their real lives reflect their imagined ones
