Marion Crawford was a prolific novelist and noted writer of classic weird and fantastic stories. Crawford objected to the prevailing taste for realistic fiction and preferred to write gripping romance fiction. His novels are noted for vivid characterisations and their versatile and colourful depictions of European settings. Many of his works are set in Italy, the country he made his long-time home. His most celebrated achievement is the Saracinesca trilogy of novels, which explores the effect of recent social changes on the aristocracy at a time when its influence and status were under attack from the emerging forces of modernity. For the first time in publishing history, this edition presents Crawford's complete fictional works with numerous illustrations, rare texts, informative introductions, and the usual Delphi bonus material. Version 1: Beautifully illustrated with images relating to Crawford's life and works. Concise introductions to the novels and other texts. All 44 novels with individual contents tables. Special Saracinesca Series contents table to help navigate the novels. Rare novels appearing for the first time in digital publishing, including *With the Immortals* and Crawford's last novel *The Undesirable Governess*. Images of how the books were first published, giving your eReader a taste of the original texts. Excellent formatting of the texts. Includes Crawford's non-fiction works, including his detailed history and travel books. Scholarly ordering of texts into chronological order and genres.
