Gaar, 2006-09-01 Though

Nevermind was Nirvana's most commercially successful album and the record that broke them and the grunge phenomenon internationally. In Utero has increasingly become regarded as the band's best album both by the critics and the band members themselves. Instead of sticking to the grunge pop formula that made Nevermind so palatable to the mainstream, Nirvana chose instead to challenge their audience producing an album that the band's creative force Kurt Cobain said truly matched his vision of what he had always wanted his band to sound like. Here the full story behind the creation of In Utero is told for the first time.

Dead Gods: The 27 Club Chris Salewicz, 2015-07-16 Robert Johnson, Brian Jones, Jimi Hendrix, Janis Joplin, Jim Morrison, Kurt Cobain, Amy Winehouse. They were inspirational, controversial, talismanic and innovative. They lead lives full of myth, scandal, sex, drugs and some of the most glorious music that has ever been heard. Though each of their lives were cut tragically short at the age of 27, they would all leave the world having changed it irrevocably. Chris Salewicz tells in intimate detail the stories behind these compelling figures. From Robert Johnson and his legendary deal with the devil to Jimi Hendrix appearing like a psychedelic comet on the London scene through to Amy Winehouse's blazing talent and her savage appetite for self-destruction.

Foo Fighters Mick Wall, 2024-06-04 There's a reason why Dave Grohl is known, however naively, as the nicest man in rock. A reason why millions have bought his Foo Fighters albums and DVDs, his concert and festival tickets. A reason why generations have bought into his story, his dream, his self-fulfilling prophecies. Dave may not have the savant glamour of Nirvana's Kurt Cobain, but whereas Kurt dwelled in darkness, Dave was a lover, not a loner, a bringer of light. Foo Fighters' Learning to Fly is his story and therefore the true story of the Foo Fighters like it's never been told before. From Grohl's days as the new kid in Nirvana to becoming the Grunge Ringo of the Foo Fighters to where he is now, one of the biggest, most popular male rock stars in the world. Internationally acclaimed rock writer Mick Wall tells us how and why none of this happened by accident, in a style that pulses with rock's own rhythms. With testimony from true insiders including former band mates like Nirvana bass player Krist Novoselic, producers, record company executives and those closest to Grohl and the Foo's, this is the first full, explosive, no-holds-barred biography of the band and their otherwise critically bulletproof leader.
