

A person stands on a dark, silhouetted hill under a vast night sky. The Milky Way galaxy is visible, stretching from the horizon where it glows orange and yellow, up into the dark blue and purple of the upper sky. The person is positioned centrally, looking up at the stars.

That's the secret to performance: conviction. The right note played tentatively still misses its mark, but play boldly and no one will question you. If one believes there is truth in art – and I do – then it's troubling how similar the skill of performing is to lying. Maybe lying is itself a kind of art. I think about that more than I should.

Performance Of Conviction:

The Performance of Conviction Kenneth John Emerson Graham, 1994 Graham shows how plainness functions not only as a literary style but also as a mode of political and religious rhetoric that reflects powerful historical currents **Subjects of Advice** Ivan Lupić, 2019-09-30 In *Subjects of Advice* Ivan Lupi uncovers the rich interconnectedness of dramatic art and the culture of counsel in the early modern period While counsel was an important form of practical knowledge with concrete political consequences it was also an ingrained cultural habit a feature of obligatory mental moral and political hygiene To be a Renaissance subject Lupi claims one had to reckon with the advice of others Lupi examines this reckoning in a variety of sixteenth century dramatic contexts The result is an original account of the foundational role that counsel played in the development of Renaissance drama Lupi begins by considering the figure of Thomas More whose influential argument about counsel as a form of performance in *Utopia* set the agenda for the entire century Resisting linear narratives and recovering instead the simultaneity of radically different kinds of dramatic experience he shows the vitality of later dramatic engagements with More's legacy through an analysis of the moral interlude staged within *Sir Thomas More* a play possibly coauthored by Shakespeare More also helps explain the complex use of counsel in Senecan drama from the neo Latin plays of George Buchanan discussed in connection with Buchanan's political writings to the historical tragedies of the mid sixteenth century If tyranny and exemplarity are the keywords for early Elizabethan drama of counsel for the plays of Christopher Marlowe it is friendship Lupi considers Marlowe's interest in friendship and counsel most notably in *Edward II* alongside earlier dramatic treatments thus exposing the pervasive fantasy of the ideal counselor as another self *Subjects of Advice* concludes by placing *King Lear* in relation to its dramatic sources to demonstrate Shakespeare's deliberate dispersal of counsel throughout his play Counsel's customary link to plain and fearless speech becomes in Shakespeare's hands a powerful instrument of poetic and dramatic expression **Influential Leadership: Change Your Behavior, Change Your**
