Political Plays:

American Political Plays Allan Havis, 2001 These scripts touch on the issues of the 1990s including the Gulf War racial and sexual relations crises unique to big cities immigration and multiculturalism art and censorship revisionist history academic freedom and the transformation of the American presidency The American play by Suzan Lori Parks features an Abraham Lincoln impersonator trapped in an outrageous Beckett like world while Naomi Wallace's In the heart of America centers on a Palestinian American from Atlanta who is caught up in the Persian Gulf conflict Kokoro by Velina Hasu Houston chillingly depicts the stark predicament of a Japanese mother caught between two impossible worlds Marisol by Jos Rivera reveals the dark fairytale life of a young Latin woman in a wartorn apocalyptic New York The Gift by Allan Havis confronts overwhelming moral ambiguity in the farcical realm of university politics while Nixon's Nixon by Russell Lees offers an adroit treatment of the fascinating tortured Nixon Kissinger relationship The collection closes with Mac Wellman's 7 Blowjobs a wicked send up of the compromise politics that determined the fate of the National Endowment for the Arts The Political Plays of Euripides Günther Zuntz, 1955 **The Political Plays of Langston Hughes** Langston Hughes, 2000 Among the most influential poets of the Harlem Renaissance Langston Hughes is perhaps best remembered for the innovative use of jazz rhythms in his writing While his poetry and essays received much public acclaim and scholarly attention Hughes dramas are relatively unknown Only five of the sixty three plays Hughes scripted alone or collaboratively have been published in 1963 Published here for the first time are four of Hughes most poignant poetic and political dramas Scottsboro Limited Harvest also known as Blood on the Fields Angelo Herndon Jones and De Organizer Each play reflects Hughes remarkable professionalism as a playwright as well as his desire to dramatize the social history of the African American experience especially in the context of the labor movements of the 1930s and their attempts to attract African American workers Hughes himself counted prominent members of these leftist groups among his close friends and patrons he formed a theater group with Whittaker Chambers prompting an FBI investigation of Hughes and his writing in the 1930s These plays while easily read as idealistic propaganda pieces for the left are nonetheless reflective of Hughes other more influential and studied works The first scholar to offer a systematic study of Hughes plays Susan Duffy provides an informed introduction as well as a detailed analysis of each of the four plays Each chapter begins with locating the play at a moment in the social history of the 1930s Then Duffy analyzes the rhetorical strategies employed throughout the script focusing on the political ideologies attacked as well as the ideologies endorsed Duffy also establishes that De Organizer a collaboration with noted jazz pianist and composer James P Johnson who also wrote its score was indeed performed by the Labor Stage Throughout the analysis of Scottsboro Limited Harvest Angelo Herndon Jones and De Organizer Duffy returns to the questions of Hughes motives for writing these works Were they merely didactic plays attempting to please Hughes leftist patrons or heartfelt leftist political propaganda By making these forgotten texts available and by presenting them within a scholarly discussion of 1930s leftist

political movements Duffy seeks to spark a renewed interest in Langston Hughes as an American playwright and political figure

Political Shakespeare Jonathan Dollimore, Alan Sinfield, 1994 The new wave of cultural materialists in Britain and new historicists in the United States here join forces to depose the sacred icon of the eternal bard and argue for a Shakespeare who meditates and exploits political cultural and ideological forces Ten years on this second edition presents additional essays by Jonathan Dollimore and Alan Sinfield

The Contemporary Political Play Sarah Grochala, 2017-03-23 What does it mean for a play to be political in the 21st century Does it require explicit engagement with events and situations with the aim of bringing about change or highlighting social wrongs Is it purely a matter of content or is it also a matter of structure The Contemporary Political Play Rethinking Dramaturgical Structure examines the politics of contemporary political drama It traces the origins of the contemporary British political play to the emergence of the idea of serious drama in the late 19th century through the work of Bernard Shaw and argues that a

Shavian version of serious drama was inextricably linked to the social and political structures of British society at the time. While political drama is still often thought of as adhering to a Shavian model in which social issues are presented through a dialectical structure, Grochala argues that the different political structures of contemporary Britain give rise to formally inventive dramaturgies that are no less serious or political than their Shavian forebears. Through analysing the experimental dramaturgies of contemporary plays by playwrights including Caryl Churchill, Simon Stephens, Anthony Neilson, Debbie Tucker Green and Mark Ravenhill among others, it offers a set of new principles for understanding how a play functions politically and reveals how today the dramaturgical structure of a play is as political as its content. Political Theatre in Post-Thatcher Britain A. Kritzer, 2008-03-14. The in yer face plays of the mid 1990s announced a new generation shaped by Thatcherism and defined by antipathy to social ideals and political involvement. They have generated thoughtful and lively responses from playwrights. The resulting dialogue has brought politics to the forefront of British drama and reinvigorated British theatre.

Planning as Political Theatre Dorina Pojani, Ranja Hautamäki, 2025-06-02. This book examines two large and highly controversial urban infill projects in two peripheral European capitals, Tirana and Helsinki, through the lens of dramaturgy and political theatre. The authors argue that the planning processes in both cities have been farcical, following the so-called disillusionment arc in storytelling that is coming to terms with the inevitability of private developments where vast sums of money are at stake and power does not rest with the people. Beyond these case studies, the book introduces the concept of planning distortion, which blends socio-institutional phenomena such as corruption, neoliberalism and undemocratisation. It will appeal to planning theorists and readers interested in the European periphery, particularly the Nordics and the Balkans.

Erwin Piscator's Political Theatre C. D. Innes, 1972-09-07. This 1977 text was the first full study of Erwin Piscator, the German theatrical producer who was prominent in the 1920s and worked after 1945 with the writers Hochhuth, Kipphardt and Weiss. Professor Innes sketches the background of Dadaism and Expressionism from which Piscator came and points out the differences between Piscator and the other experimenters of his time. He also gives a vivid description of Piscator's technical innovations: the modern means of communication such as film, the illumination of the stage from below and the treadmill, a flat moving band along which the characters walked. These turned drama into a multi-media event. Professor Innes uses Piscator's career as a focus to describe theatrical developments in the twentieth century and to discuss the role of the author, the director and the actor in drama, the purpose of the theatre and the involvement of the audience. *Library of Congress Subject Headings* Library of Congress. Office for Subject Cataloging Policy, 1991. **Shakespeare and Political**

Theatre in Practice Andrew James Hartley, 2013-12-13. What makes a Shakespeare production political? Can Shakespeare's plays ever be truly radical? Revealing the unspoken politics of Shakespeare's plays on stage, Andrew Hartley examines their nature, agenda, limits and potential. In considering key theoretical issues, analysing a wide range of productions and engaging in a collaborative debate with Professor Ayanna Thompson, Hartley highlights a more consciously political approach to

making theatre out of Shakespeare's scripts and to experiencing it as an audience. Dynamic and provocative, this book is a crucial text for students and theatre practitioners alike.

The Neo-liberalization of Political Theatre in Punjab (Pakistan) Qaisar Abbas, 2025-10-23. This book is about the four-decade-long struggle of political theatre in the post-colonial society of Pakistan, which started as a response to the dictatorship. It is the cultural history of Pakistan that stands at the intersection of theatre people's dreams about a progressive and socialist Pakistan, political movements, the cultural intelligentsia of the country, and the neoliberal regimes of NGOs and foreign donors. This book explores some of the major questions about contemporary cultural politics in the country: for example, what is the relationship between politics and performance? What is the term political theatre in the historic cultural and political context of Pakistan? What is the aesthetics of political theatre? How does a cultural product make meaning? What do a political theatre company's working processes and organizational structures look like? By focusing on the creative work of leading theatre companies of Pakistan, including Ajoka, Punjab Lok Raahs, Sangat, and Azad, this study is a unique journey into their rehearsal rooms behind the public stages to see how a theatre play is conceived, rehearsed, produced, and performed. It is the analysis of the aesthetic politics of these companies covering all the stages of theatre performance from production to reception. Through this cultural inquiry, the book explores the themes of cultural activism, resistance, volunteerism, leftist politics, decolonization, funding, NGOisation, professionalization, and depoliticization. The book will be of great interest to students and scholars with an interest in Political Theatre, Applied Theatre, and Cultural Activism.

Utpal Dutt and Political Theatre in Postcolonial India Mallarika Sinha Roy, 2024-04-11. Among the most significant playwrights and theatre makers of postcolonial India, Utpal Dutt (1929-1993) was an early exponent of rethinking colonial history through political theatre. Dutt envisaged political theatre as part of the larger Marxist project, and his incorporation of new developments in Marxist thinking, including the contributions of Antonio Gramsci, makes it possible to conceptualise his protagonists as insurgent subalterns. A decolonial approach to staging history remained a significant element in Dutt's artistic project. This Element examines Dutt's passionate engagement with Marxism and explores how this sense of urgency was actioned through the writing and producing of plays about the peasant revolts and armed anti-colonial movements which took place during the period of British rule. Drawing on contemporary debates in political theatre regarding the autonomy of the spectator and the performance of history, the author locates Dutt's political theatre in a historical frame.

Strategies of Political Theatre Michael Patterson, 2003-05-22. This volume provides a theoretical framework for some of the most important play writing in Britain in the second half of the twentieth century. Examining representative plays by Arnold Wesker, John Arden, Trevor Griffiths, Howard Barker, Howard Brenton, Edward Bond, David Hare, John McGrath, and Caryl Churchill, the author analyses their respective strategies for persuading audiences of the need for a radical restructuring of society. The book begins with a discussion of the way that theatre has been used to convey a political message. Each chapter is then devoted to an exploration of the engagement of individual playwrights with left-wing

political theatre including a detailed analysis of one of their major plays Despite political change since the 1980s political play writing continues to be a significant element in contemporary play writing but in a very changed form American Political Plays in the Age of Terrorism Neil LaBute, Kia Corthron, Theresa Rebeck, Alexandra Gersten-Vassilaros, Stephen Karam, PJ Paparelli, Christopher Durang, 2019-04-04 This powerful anthology brings together reflective and raw plays by American playwrights surrounding the psychic and political boundaries of the many faces and shadows of terrorism Allan Havis's introduction addresses a variety of terrorism cases from the last 25 years examines several theories of the root causes of modern terrors and underscores how theatre forms a unique contour to social and philosophical thought on terrorism With a foreword from Robert Brustein the anthology features Break of Noon by Neil LaBute 7 11 by Kia Corthron Omnium Gatherum by Theresa Rebeck and Alexandra Gersten Vassilaros Columbinus by PJ Paparelli and Stephen Karam Why Torture is Wrong and the People Who Love Them by Christopher Durang **Modern German Political Drama, 1980-2000** Birgit Haas, 2003 In addition to established playwrights such as Heinar Kipphardt Franz Xaver Kroetz and Heiner Müller the book looks at the younger generation of playwrights not yet fully taken into account by research writers such as Oliver Bukowski Dea Loher Marius von Mayenburg Albert Ostermaier and Theresia Walser It gives an overview of the most important developments in recent German political drama through analysis of more than forty contemporary plays clearly tracing connections between politics and theater Each chapter is preceded by a short introduction into the respective political topic providing the framework for the study of drama as a political tool and making it easy for students to see the multiple ways in which plays respond to political change This book will be of interest to students and scholars in drama and theater studies and German literature BOOK JACKET *Political Drama Function* Ambrose Delaney, AI, 2025-05-05 Political Drama Function explores the dynamic interplay between theatre and politics revealing how performance both reflects and shapes our political realities This book examines how theatrical techniques serve as tools for political critique and how the performing arts can mobilize civic engagement For example the book explores how political ideologies are represented on stage The book highlights theatre's unique capacity to challenge established norms and inspire social action The book begins by introducing the fundamental concepts of political theatre and its historical development and then progresses across chapters to explore the representation of political ideologies on stage the use of theatrical techniques for political critique and theatre's role in fostering civic engagement This comprehensive analysis provides valuable insights for those interested in understanding how the performing arts intersect with political discourse and social change The book draws from diverse sources including play scripts and interviews with theatre practitioners Political Performances Susan C. Haedicke, 2009 Political Performances Theory and Practice emerges from the work of the Political Performances Working Group of the International Federation for Theatre Research Fédération Internationale pour la Recherche de Théâtrale The collection of essays strives to interrogate definitions and expand boundaries of political performance Members of Political Performances

are from around the world and so approach the intersection of politics and performance from very different perspectives. Some focus on socio political context, others on dramatic content, others on political issues and activism, and still others examine the ways in which communities perform their collective identity and political agency. The organizational structure of *Political Performances* highlights the variety of ways in which politics and performance converge. Each section—Queries, Texts, Contexts, and Practice—frames this confluence according to certain common threads that emerge from essays that deal with topics from the ethics of autobiographical performance, the political efficacy of verbatim theatre, the challenges of community-based performance, political and self-censorship, and the impossibility of representing atrocity. The essays challenge existing ideas of political performance and point the way to new approaches.
