Race And Ethnicity In Chicago Politics A Reexamination Of Pluralist Theory:

Race and Ethnicity in Chicago Politics Dianne M. Pinderhughes, Handbook of Urban Politics and Policy Ronald K. Vogel, 2024-07-05 This authoritative Handbook provides a comprehensive overview of research into urban politics and policy in cities across the globe Leading scholars examine the position of urban politics within political science and analyse the critical approaches and interdisciplinary pressures that are broadening the field Uneven Roads Todd Shaw, Louis DeSipio, Dianne Pinderhughes, Lorrie Frasure, Toni-Michelle C. Travis, 2024-01-12 Uneven Roads helps students grasp how when and why race and ethnicity matter in U S politics Using the metaphor of a road with twists turns and dead ends this incisive text takes students on a journey to understanding political racialization and the roots of modern interpretations of race and ethnicity The book s structure and narrative are designed to encourage comparison and reflection Students critically analyze the history and context of U S racial and ethnic politics to build the skills needed to draw their own conclusions In the Third Edition of this groundbreaking text authors Shaw DeSipio Pinderhughes Frasure and Travis bring the historical narrative to life by addressing the most contemporary debates and challenges affecting U S racial and ethnic politics Students will explore important issues regarding voting rights political representation education and criminal justice policies and the immigrant experience **Closed for Democracy** Sally A. Nuamah, 2022-12-22 This book analyzes how public school closures and the costly battles waged to stop them undermine the citizenship of Black Americans **Shaping Education Policy** Douglas E. Mitchell, Dorothy Shipps, Robert L. Crowson, 2017-09-27 Shaping Education Policy is a comprehensive overview of education politics and policy which provides conceptual guideposts for future policy development and strategies for change Leading scholars explore the interacting social processes and the dynamics of power politics as they intersect with democratic ideals and shape school performance Chapters cover major themes that have influenced education including the Civil Rights Movement federal involvement the accountability movement family choice and development of nationalization and globalization This edited collection examines how education policy in the United States has evolved over the last several decades and how the resulting policies are affecting schools and the children who attend them This important book is a necessary resource for understanding the evolution current status and possibilities of educational policy and politics **Something Within** Fredrick C. Harris, 1999-08-26 One of the first book length studies in decades solely devoted to religion and African American political activism Something Within explores how Afro Christianity encourages political activism among African Americans Combining ethnography history contextual analysis and survey research this book illustrates the participatory effects of Afro Christianity by examining its institutional psychological and cultural influences Moving beyond the current debates on the subject Fredrick C Harris advances a new theory of religion as a political resource for a civic culture in opposition *Liberalism, Black Power, and the Making of American Politics, 1965-1980* Devin Fergus, 2009 In this pioneering exploration of the interplay between liberalism and black nationalism Devin

Fergus returns to the tumultuous era of Johnson Nixon Carter and Helms and challenges us to see familiar political developments through a new lens What if the liberal coalition instead of being torn apart by the demands of Black Power actually engaged in a productive relationship with radical upstarts absorbing black separatists into the political mainstream and keeping them from a more violent path What if the New Right arose not only in response to Great Society Democrats but as significantly in reaction to Republican moderates who sought compromise with black nationalists through conduits like the Blacks for Nixon movement Focusing especially on North Carolina a progressive southern state and a national center of Black Power activism Fergus reveals how liberal engagement helped to bring a radical civic ideology back from the brink of political violence and social nihilism He covers Malcolm X Liberation University and Soul City two largely forgotten federally funded black nationalist experiments the political scene in Winston Salem where Black Panthers were elected to office in surprising numbers and the liberal nationalist coalition that formed in 1974 to defend Joan Little a black prisoner who killed a guard she accused of raping her Throughout Fergus charts new territory in the study of America s recent past taking up largely unexplored topics such as the expanding political role of institutions like the ACLU and the Ford Foundation and the emergence of sexual violence as a political issue He also urges American historians to think globally by drawing comparisons between black nationalism in the United States and other separatist movements around the world By 1980 Fergus writes black radicals and their offspring were more likely to petition Congress than blow it up That liberals engaged black radicalism at all however was enough for New Right insurgents to paint liberalism as an effete anti American ideology a sentiment that has had lasting appeal to significant numbers of voters

The Depression Comes to the South Side

Christopher Robert Reed,2021-12-22 Incorporate s microhistories and multiple biographies into a broader understanding of a community as complex and iconic as black Chicago Journal of American Studies In the 1920s the South Side of Chicago was looked on as the new Black Metropolis but by the turn of the decade that vision was already in decline a victim of the Depression In this timely book Christopher Robert Reed explores early Depression era politics on the city s South Side The economic crisis caused diverse responses from groups in the black community distinguished by their political ideologies and stated goals Some favored government intervention others reform of social services Some found expression in mass street demonstrations militant advocacy of expanded civil rights or revolutionary calls for a complete overhaul of the capitalist economic system Reed examines the complex interactions among these various groups as they played out within the community as it sought to find common ground to address the economic stresses that threatened to tear the Black Metropolis apart

The Politics of Black Empowerment James Jennings,2000-01-08 The Politics of Black Empowerment uses the experiences of grassroots activists to develop various conceptualizations and explanations of Black political behavior today In analyzing Black politics since the late 1960s James Jennings focuses on both the behavioral aspects such as individual and group characteristics of voting and nonvoting and elections as well as more fundamental philosophical and cultural questions

regarding Black politics This study examines how the traditional face of Black politics and electoral activism interacts with a growing progressive face of Black politics While traditional Black political activists seek access or political incorporation another group aims for power sharing The traditional approach is sometimes satisfied with merely replacing white politicians with Blacks but the progressive constituency focuses on fundamentally changing the whole economic and political pie Activists desirous of Black empowerment are pursuing a political and economic orientation that goes beyond programs based on access to American institutional arrangements and attempting to change or alter given political arrangements and social relations between Blacks and whites on the basis of changing the social structure and the distribution of wealth and power Based on interviews with Black and Latino activists in several big cities as well as on a review of the literature and the Black newspapers around the country *The Politics of Black Empowerment* describes the characteristics of Black empowerment activism in America **The Oxford Handbook of African American Citizenship, 1865-Present** Henry Louis Gates

Jr., Claude Steele, Lawrence D. Bobo, Michael Dawson, Gerald Jaynes, Lisa Crooms-Robinson, Linda Darling-Hammond, 2011-03-11 When newly liberated African American slaves attempted to enter the marketplace and exercise their rights as citizens of the United States in 1865 few if any Americans expected that a century and a half later the class divide between black and white Americans would be as wide as it is today The United States has faced several potential key turning points in the status of African Americans over the course of its history yet at each of these points the prevailing understanding of African Americans and their place in the economic and political fabric of the country was at best contested and resolved on the side of second class citizenship *The Oxford Handbook of African American Citizenship 1865 Present* seeks to answer the question of what the United States would look like today if at the end of the Civil War freed slaves had been granted full political social and economic rights It does so by tracing the historical evolution of African American experiences from the dawn of Reconstruction onward through the perspectives of sociology political science law economics education and psychology As a whole the book is the first systematic study of the gap between promise and performance of African Americans since 1865 Over the course of thirty four chapters written by some of the most eminent scholars of African American studies and across every major social discipline this handbook presents a full and powerful portrait of the particular hurdles faced by African Americans and the distinctive contributions African Americans have made to the development of U S institutions and culture As such it tracks where African Americans have been in order to better illuminate the path ahead *Multiethnic Moments* Susan E. Clarke, Rodney Hero, 2006 Is anyone listening to minority voices in reforming American schools *Newcomers, Outsiders, and Insiders* Rodney E. Hero, Sr., Ronald Schmidt, Sr., Andrew L. Aoki, Yvette M Alex-Assensoh, 2009-12-21 How has the arrival of new racial and ethnic groups affected the political gains of long standing minorities in the United States **The Oxford Handbook of Political Institutions** R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-12 This one volume distillation provides a comprehensive overview of the main branches of

contemporary political science It will serve as the reference book for political scientists and those following their work for years to come

Racism in the United States Meyer Weinberg, 1990-05-21 This volume represents the most comprehensive book length bibliography on the subject of racism available in the United States Compiler Meyer Weinberg has surveyed a wide ranging group of material and classified it under 87 subject headings drawing on articles books congressional hearings and reports theses and dissertations research reports and investigative journalism Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color Weinberg includes references dealing with sexism antisemitism economic exploitation and similar forms of dehumanization References are grouped under a series of subject headings that include Civil Rights Desegregation Housing Socialism and Racism Unemployment and Violence against Minorities Items which do not have self explanatory titles are annotated and virtually every section is thoroughly cross referenced Also included is one section of carefully selected references on racism in countries other than the United States Unlike the remainder of the book this section is not comprehensive but rather provides an opportunity to view racism comparatively The volume concludes with an author index This work will be a significant addition to both academic and public libraries as well as an important resource for courses in racism sociology and black history

Beyond the Boundaries Georgia A. Persons, 2017-09-29 In the past African American aspirations for political office were assumed to be limited to areas with sizeable black population bases By and large black candidates have rarely been successful in statewide or national elections This has been attributed to several factors limited resources available to African American candidates or identification with a black liberationist ideological thrust Other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates For these reasons the possibility of black candidates winning elections to national office was presumably just a dream Conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend But objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions The contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of African American electoral politics This volume is anchored by a symposium that focuses on new possibilities in African American politics Both the electoral contests of 2006 and the Barack Obama presidential campaign represent an emergent dynamic in American electoral politics Analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely The debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in American politics and the subsequent changing political fortunes of African

American candidates **Contested Transformation** Carol Hardy-Fanta,Pei-te Lien,Dianne Pinderhughes,Christine Marie Sierra,2016-10-25 Contested Transformation constitutes the first comprehensive study of racial and ethnic minorities holding elective office in the United States at the beginning of the twenty first century Building on data from the Gender and Multicultural Leadership GMCL National Database and Survey it provides a baseline portrait of Black Latino Asian American and American Indian elected officials the women and men holding public office at national state and local levels of government Analysis reveals commonalities and differences across race and gender groups on their backgrounds paths to public office leadership roles and policy positions Challenging mainstream political science theories in their applicability to elected officials of color the book offers new understandings of the experiences of those holding public office today Gains in political leadership and influence by people of color are transforming the American political landscape but they have occurred within a contested political context one where struggles for racial and gender equality continue *What Has This Got to Do with the Liberation of Black People?* Robert C. Smith,Cedric Johnson,Robert G. Newby,2014-03-01 A compelling intellectual and political study of a leading post civil rights era African American political theorist and strategist It is rare that a major leader of a protest movement also becomes an accomplished scholar who provides valuable insight into the movement in which he participated Yet this was precisely what Ronald W Walters 1938 2010 did Born in Wichita Kansas the young Walters led the first modern sit in protest during the summer of 1958 nearly two years before the more famous Greensboro sit in of 1960 After receiving a doctorate from American University Walters embarked on an extraordinary career of scholarship and activism Shaped by the civil rights and black power movements and the African and Caribbean liberation struggles Walters was a pioneer in the development of black studies and black science in political science A public intellectual as well as advisor and strategist to African American leaders Walters founded numerous organizations that shaped the post civil rights era A must read for scholars students pundits political leaders and activists *What Has This Got to Do with the Liberation of Black People* is a major contribution to the historiography of the civil rights and black power movements African American intellectual history political science and black studies *Black Electoral Politics* Lucius J. Barker,2017-09-29 The official publication of the National Conference of Black Political Scientists NCOBPS this annual publication includes significant scholarly research reflecting the diverse interests of scholars from various backgrounds who use a variety of models approaches and methodologies The central focus is on politics and policies that advantage or disadvantage groups because of race ethnicity sex or other factors The research is performed in a variety of contexts and settings This second volume is dedicated to the twentieth anniversary of the founding of the NCOBPS and is commemorated in a special introductory section that includes major feature articles a special symposium and a book review section Lucius J Barker is Edna F Gellhorn Professor of Public Affairs and Political Science at Washington University St Louis and author of a number of books and articles on American judicial politics and public law and African American politics Outsiders No

More? Jennifer Hochschild, Jacqueline Chattopadhyay, Claudine Gay, Michael Jones-Correa, 2013-07-02 *Outsiders No More* brings together a multidisciplinary group of scholars to consider pathways by which immigrants may be incorporated into the political processes of western democracies At a time when immigrants are increasingly significant political actors in many democratic polities this volume makes a timely and valuable intervention by pushing researchers to articulate causal dynamics provide clear definitions and measurable concepts and develop testable hypotheses By including historians sociologists and political scientists by ranging across North America and Western Europe by addressing successful and failed incorporative efforts this handbook offers guides for anyone seeking to develop a dynamic unified and supple model of immigrant political incorporation

Running for Freedom Steven F. Lawson, 2014-11-10 *Running for Freedom* Fourth Edition updates historian Steven Lawson's classic volume detailing the history of African American civil rights and black politics from the beginning of World War II to the present day Offers comprehensive coverage of the African American struggle for civil rights in the U S from 1941 to 2014 Integrates events relating to America's civil rights story at both the local and national levels Features new material on Obama's first term in office and the first year of his second term Includes addition of such timely issues as the Trayvon Martin case the March on Washington 50th anniversary state voter suppression efforts and Supreme Court ruling on Voting Rights Act
