Rolf The Green Ghost:

Rolf, the Green Ghost, in Save the Haunted House Robert Wedell, 1991 **Rolf the Green Ghost** Robert F. Wedell, 1988-08-01 A series of adventures helps Rolf the green ghost learn that being different is not bad and that he should be the best me I can be Michigan Authors, 1993 *Haunted Collection Series: Books 1 - 3* Ron Ripley, Scare Street, 2019-03-06 A deadly collection of haunted antiques has been unleashed A cursed rifle A possessed mirror A demonic child's toy Dark relics with a bloody past are unleashed by a sadistic occultist Every antique brings death to their new owners And only one man can stop this sinister plan Historian Victor Daniels confronts terrifying supernatural horror in this spine tingling series This set contains 1 Collecting Death Victor Daniels discovers a collection of haunted antiques has been unleashed upon the world And only he can hunt them all down But it's not long before he realizes the vengeful spirits within are more bloodthirsty now than when they were alive 2 Walter's Rifle Korzh's plan to spread fear and paranoia is set in motion but Victor Daniels stands in his way As the historian races against time to stop the mayhem he discovers how dangerous Stefan truly is 3 Blood in the Mirror As Victor continues his quest against evil family secrets are revealed within the elegance of an ancient mirror He discovers a terrifying force lurking in the shadows Nothing is ever as it seems Each sinister antique is a twisted prison for a deadly spirit with an unquenchable thirst for blood and revenge Can Victor Daniels find them all and stop the mad occultist before it's too late **Subject Guide to Children's Books In Print, 1996** R R Bowker Publishing, 1996 The Green Revolution in the Global South R. Douglas Hurt, 2020-03-03 A synthesis of the agricultural history of the Green Revolution The Green Revolution was devised to increase agricultural production worldwide particularly in the developing world Agriculturalists employed anhydrous ammonia and other fertilizing agents mechanical tilling hybridized seeds pesticides herbicides and a multitude of other techniques to increase yields and feed a mushrooming human population that would otherwise suffer starvation as the world's food supply dwindled In *The Green Revolution in the Global South* Science Politics and Unintended Consequences R Douglas Hurt demonstrates that the Green Revolution did not turn out as neatly as scientists predicted When its methods and products were imported to places like Indonesia and Nigeria or even replicated indigenously the result was a tumultuous impact on a society's functioning A range of factors including cultural practices ethnic and religious barriers cost and availability of new technologies climate rainfall and aridity soil quality the scale of landholdings political policies and opportunism the rise of industrial farms civil unrest indigenous diseases and corruption entered into the Green Revolution calculus producing a series of unintended consequences that varied from place to place As the Green Revolution played out over time these consequences rippled throughout societies affecting environments economies political structures and countless human lives Analyzing change over time almost decade by decade Hurt shows that the Green Revolution was driven by the state as well as science Rather than acknowledge the vast problems with the Green Revolution or explore other models Hurt argues scientists and political leaders doubled down and

repeated the same missteps in the name of humanity and food security In tracing the permutations of modern science s impact on international agricultural systems Hurt documents how beyond increasing yields the Green Revolution affected social orders politics and lifestyles in every place its methods were applied usually far more than once **The Centennial Magazine** ,1889 *Raw Generals and Green Soldiers* Pádraig Lenihan,2023-08-21 The eleven years of conflict that engulfed Ireland 1641 53 can be seen as a drama in three acts each of which drew Ireland into progressively closer alignment with the Civil Wars 1642 52 in the other two Stuart kingdoms Scotland and England The first act in the Wars of Religion in Ireland 1641 53 began in October 1641 with a rising in Ulster and shuddered to a halt in September 1643 when the insurgents now embodied as the Confederate Catholics agreed a ceasefire with Charles I s representative in Ireland This study is confined to Act One to manage its sheer scope and scale Not a single county in Ireland was unscathed by war and in summer 1642 there were more men under arms than there ever had been or would be again Moreover Act One was singularly nasty Insurgent slaughter of Protestant settlers in the winter of 1641 42 quickly gained canonical status English and Scots armies routinely massacred natives in the spring and summer that followed After their uprising failed the Irish in 1642 were attacked by English and Scottish armies that were bigger in aggregate than any before or since And that includes the armies of Elizabeth I Oliver Cromwell and William of Orange Lacking munitions forced to disperse their strength and usually outfought in open battle the Confederate Catholics pushed back in war as process and food fights in which castles dominating a chequerboard of hinterlands jostled with hostile neighbors The Catholics were winning this small war when the music stopped in 1643 This is a study of the Catholic armies in Act One through a succinct narrative which reveals underlying pattern and purpose in what would otherwise be one apparently random battle siege skirmish massacre and cattle raid after another devoid of form or meaning The narrative focuses in and out from the strategic through the operational down to the tactical and what happened in a particular place on a given day The narrative also shifts from the southern or Leinster Munster theater to the northern or Connacht Ulster theater Meaning is disclosed through narrative in which the strengths and shortcomings of the Irish armies become clearer The quotation in the title sets up two such shortcomings of leaders and led One reason why the Catholics lost so many battles may be that their generals fought battles when they needn t have showed a fatal preference for the all out attack and did not always deploy in a manner that let their army s components pike shot and horse act in mutual support Another reason may be that the rankers were less invested in the Catholic cause than their officers But the establishing quotation is followed by a question mark Perhaps the real question to be asked is how the Catholic armies achieved so much rather than why they failed *There Is a Green Hill* Jacqui Buckley,2014-05-07 Whose skeleton is lying on the hilltop on Dooringrand In the nineteenth century a series of events took place in Port Natal and Zululand which culminated in the downfall of the powerful Zulu nation This is the story of three different cultures set against the turbulent backdrop of the AngloZulu wars Many questions are asked Why were more

Victoria Crosses awarded in a single encounter than ever before or since for bravery during the defense of Rorkes Drift Why were the English so totally defeated the day before at Isandlwana Why did the Zulus attack so unexpectedly What caused the Boer farmers to align with the British the very people whose oppressive rule they had escaped to Port Natal to get away from And who is really the enemy Journey with the little cattle boy who befriends a queen as he grows and becomes a warrior Experience the ritual of the cleansing ceremonies and others that used to take place before battle Witness his struggle in understanding the morality of warfare and killing Experience the brutality and hardships that the Boer pioneers endured that sowed the seeds of the bitterness that gave birth to the hatred and cruel apartheid system of the future Colonialism was at its height and with it came an arrogance that ignored the needs and cultures of the inhabitants of any new acquisition Learn how this attitude gave Britain one of its biggest and unnecessary defeats It was also by contrast the stage for the most Victoria Crosses awarded for bravery for any single action in Britains military history All of this went into the melting pot of the rich tapestry that is the South Africa of today *Children's Books In Print 1998* Bowker Editorial Staff,R R Bowker Publishing,Bowker,1998 *England's Green* David Matless,2024-08-12 A sweeping history of how ecological challenges have shaped English society over the last sixty years England s Green explores how environmental concerns have shaped and reflected English national identity since the 1960s From agriculture to leisure climate change folklore archaeology and religion David Matless shows how national environmental debates connect to the local regional global and postcolonial worlds Moving across a breadth of material including government policy popular music ecological polemic and television comedy England s Green shows the richness and complexity of English environmental culture Along the way Matless tracks how today s debates over climate and nature land and culture have been molded by events over the past sixty years *The Book of Forms* Lewis Turco,2020-09-01 Now in its fifth edition The Book of Forms A Handbook of Poetics continues to be the go to reference and guide for students teachers and critics A companion for poets from novice to master The Book of Forms has been called the poet s bible for more than fifty years Filled with both common and rarely heard of forms and prosodies Turco s engaging style and apt examples invite writers to try their hands at exploring forms in ways that challenge and enrich their work Revised for today s poet the fifth edition includes the classic rules of scansion and the useful Form Finder Index alongside new examples of terms and prose that are essential to the study of all forms of poetry and verse As Turco writes in the introduction It should go without saying that the more one knows how to do the more one can do *Children's Books in Print* R R Bowker Publishing,Bowker,1999-12 *The Last Green Man* Ian Pillinger,2016-11-04 What is the meaning of the hidden wall painting in the abandoned Church Who is Seth Only the Martyn twins can answer these questions Fantasy and magical young adult tale The Last Green Man follows the story of the fourteen year old Martyn twins Jenny and Jake They are sent to live with their grandparents in a deserted and failing Wiltshire valley where they must adapt to a very different lifestyle As they explore their new surroundings their unexpected arrival is noticed by a mysterious creature

emerging from materials borrowed from the nearby landscape At first this chaotic assemblage of twigs leaves and mud is childlike However watching and waiting out of sight the furtive ancient being develops as the twins realise they must face a bewildering sequence of lost secrets The truth behind rediscovered local stories encourages the elusive creature to become Seth a vagrant who has unsuccessfully appeared in the valley many times previously Seth reveals himself to the twins as The Last Green Man and despairs believing an evil local family will never be overthrown without human intervention Will Jenny and Jake agree to help or should they stay well away from this creature The Last Green Man will appeal to children aged nine and above who enjoy reading fantasy and magical fiction It will also interest those who enjoy adventure stories **Books in Print** ,1977 A History of the Modern British Ghost Story S.
