Junk Gillian Whiteley, 2010-11-30 Trash garbage rubbish dross and detritus in this enjoyably radical exploration of Junk Gillian Whiteley rethinks art's historical and present appropriation of junk within our eco conscious and globalised culture She does this through an illustrated exploration of particular materials key moments and locations and the telling of a panoply of trash narratives Found and ephemeral materials are primarily associated with assemblage object based practices which emerged in the mid 1950s and culminated in the seminal exhibition The Art of Assemblage in New York in 1961 With its deployment of the discarded and the filthy Whiteley argues assemblage has been viewed as a disruptive transgressive artform that engaged with narratives of social and political dissent often in the face of modernist condemnation as worthless kitsch In the Sixties parallel techniques flourished in Western Europe the US and Australia but the idiom of assemblage and the re use of found materials and objects with artist as bricoleur is just as prevalent now This is a timely book that uncovers the etymology of waste and the cultures of disposability within these

The Householders Tara McDowell, 2019-10-01 How the poet Robert Duncan and the artist Jess made the household part of their separate and collaborative creative practice In a household the poet Robert Duncan once explained My whole idea of being able to work was to have a household In this book Tara McDowell examines the household physical and conceptual that Duncan established with the artist Jess beginning in 1951 when the two men exchanged marriage vows and ending with Duncan's death in 1988 For Duncan and Jess the household rather than the studio gallery or collective provided the support structure for their art Indeed McDowell argues convincingly their work was coextensive with their household The material surroundings of their house in San Francisco and the daily rhythms of their domestic lives became part of their creative practice Duncan wrote poetry that is romantic ornate and obscure Jess born Burgess Franklin Collins created multi imaged complex collages and assemblages McDowell explores their life and work reading Duncan and Jess with and against each other in alignment and misalignment She examines their illustrated book Caesar's Gate a collaborative effort that led them to reject collaboration considers each man's lifelong preoccupation with an unfinished project Jess's Narkissos and Duncan's The H D Book and discusses their origin myths and self made genealogies describing them as a form of witness in the face of the calamities of the twentieth century Duncan and Jess made the household a necessary precondition for their art making Doing so they reclaimed and rehabilitated the domestic from which gay couples were traditionally excluded for their own uses The household permitted them to reimagine the world McDowell's portrait of a couple expands to encompass broader issues urgent in midcentury America and still resonant today belonging and kinship alienation and catastrophe

Blows Like a Horn Preston Whaley, 2009-06-30 Reopening the canons of the Beat Generation Blows Like a Horn traces the creative counterculture movement as it cooked in the heat of Bay Area streets and exploded into spectacles such as the scandal of the Howl trial and the pop culture joke of beatnik caricatures Preston Whaley shows Beat artists riding the glossy exteriors of late modernism like a wave Participants such as Lawrence Lipton Lawrence Ferlinghetti and at great personal cost even Jack Kerouac defied the traditional pride of avant garde anonymity They were ambitious to change the culture and used mass mediated scandal fame and distortion to attract knowing consumers to their poetry and prose Blows Like a Horn follows the Beats as they tweaked the volume of excluded American voices It watches vernacular energies marching through Beat texts on their migration from shadowy urban corners and rural backwoods to a fertile new hyper reality where they warped into stereotypes Some audiences were fooled Others discovered truths and were changed Mirroring the music of the era the book breaks new ground in showing how jazz much more than an ambient soundtrack shaped the very structures of Beat art and social life Jazz an American hybrid shot through with an earned in the woodshed African American style of spontaneous intelligence also gave Beat poetry its velocity and charisma Blows Like a Horn plumbs the actions and the art of celebrated and arcane Beat writers from Allen Ginsberg to Ruth Weiss The poetry the music the style all of these helped transform U S culture in ways that are still with us

War has long garnered attention from scholars writers musical historians and filmmakers alike In the popular conception of pop culture the 1950s are often labeled boring or drab by comparison Preston Whaley s analysis however will go a long way toward identifying the cultural movements of the 1940s and 1950s as part of a linear whole a direct predecessor of the cultural revolution of the late 1960s Douglas Brinkley author of World War II the Axis Assault 1939 1942 This book has a nice exuberance and conviction a consistent vision and a persuasively engaging tone It has a winsome masculinist optimistic expansive style that is reminiscent of beat literature itself Maria Damon author of The Dark End of the Street Margins in American Vanguard Poetry Whaley s Blows Like a Horn made me want to read ruth weiss see The Subterraneans reread Visions of Cody and well I already listen to Coltrane and read Howl all the time but these are signs to me of a very effective book Whaley wants to find a new way of talking about the Beats and post Beat culture one that doesn t fall into the rhetoric of liberation and resistance that is so common in the analyses of this genre or to the cultural studies critiques of the beats that have pointed out the movement s appropriation by the hegemonic structures of Western white patriarchal hetero capitalism and left it there Whaley looks for a hitherto ignored space in Beat culture in which the aspirations experiments and prejudices of the Beats can be directly related to precisely the kind of struggles that cultural studies itself is engaged in as a field The Beats may not solve all problems but they are aware of many of them to varying degrees There s a subtle improvisatory quality to Whaley s writing that mirrors the kind of in situ politics and aesthetics that he s trying to evoke in Beat culture He moves between high and low personal and theoretical as the situation needs He talks to the reader directly There s a refreshing directness here a willingness to address fundamental human situations Marcus Boon author of The Road of Excess A History of Writers on Drugs **Destination Culture** Barbara Kirshenblatt-Gimblett, 1998-09-05 With the question What does it mean to show the author explores the agency of display in museums and tourist attractions She looks at how objects are made to perform their meaning by being collected and how techniques of display not just the things shown convey a powerful message Postwar Revisited Okwui Enwezor, Atreyee Gupta, 2025-03-28 Okwui Enwezor s 2016 exhibition Postwar Art between the Pacific and the Atlantic 1945 1965 redefined the history of art produced in those two decades Nearly a decade later Postwar Revisited returns to these debates to present an image of a historical period in which Western conceptions of art aesthetics and philosophy are all thrown into intense flux after Auschwitz and Hiroshima while the cultural energies of decolonization generate myriad artistic and intellectual practices across the globe which re engage the connections of art to life itself Focusing on modernist artists artist collectives and architects central to dissonant regional traditions as well as influential exhibitions and patronage systems the contributors produce a new understanding of emergent postwar global art Provoking new ways of thinking engaging and narrating art history Postwar Revisited is essential reading for those interested in debates on global art history and global modernism the intersections between art and decolonization the cultural aspects of the Cold War and the Non Aligned Movement and modern and contemporary art
