Humanity and Human Sexuality: The Origin and Nature of Sexual Preference Kevin Franklin, 2024-03-28 In *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* Dr Kevin Franklin embarks on an extraordinary exploration of the human being of mind and their potential Delving deep into themes of confusion and disorder he unveils how a trickster mind can hinder an individual s true potential for life and freedom Drawing from his own profound experiences of childhood psychosis which once seemed to destine him for a life overshadowed by schizophrenia and the threat of early suicide Dr Franklin defies expectations This book ventures beyond traditional boundaries to examine the metaphysical aspects of psychological order offering a unique perspective on the often misunderstood concepts of societal and psychological disorders Dr Franklin s insights extend into a scientific demonstration of the innate origins and nature of both heterosexual and homosexual preferences *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* illuminates various fields Philosophy Religion History Science Society and Psychology offering a revolutionary viewpoint on these disciplines It challenges long held beliefs and misconceptions particularly in the realms of sexual identity the gender and transgender discussion and the complex relationship between religion and science Structured in two parts the book first deconstructs the mythology of sexual identity before reconstructing a comprehensive understanding of human sexuality It seeks to resolve some of humanity s most pressing issues the lack of human compassion the intricacies of gender identity and the historical tensions between religious beliefs and scientific understanding This book is an essential read for anyone seeking a deeper understanding of the origins and nature of sexual preference and identity and the broader implications for society Sex and the Single Girl Dr. Juli Slattery, 2017-08-01 A study on sex that goes beyond just don t do it Sexuality is a hot topic these days and opinions are all over the place A resource offering simple do s and don ts won t cut it Sex and the Single Girl fills the gap by providing a broader more comprehensive understanding of what it means to honor God with our sexuality This resource will equip single women to understand their sexuality trust the Lord for redemption and healing and stand against the cultural trends that

marginalize and compromise God's design for sex. Juli Slattery is a clinical psychologist, cofounder of Authentic Intimacy, and author of several popular books including *25 Questions You're Afraid to Ask About Love, Sex, and Intimacy*. She has devoted the last five years to equipping women with God's truth about sexuality, and here she drives home the truth that every sexual choice is also a spiritual choice. The six-week study is broken down into five days for each week, covering:

- Why Sexuality Matters
- The connection between spirituality and sexuality
- Embracing a Grand Design: God's design and the beauty of living according to His wisdom
- Sexuality and Your Character: How sexuality is part of worship and Christian identity
- Sexual Boundaries: A very practical chapter providing a biblical grid for matters like masturbation, oral sex, and how far is too far to go in a dating relationship
- Battling Temptation: A peek at the enemy's playbook helping women anticipate, prepare for, and stand against sexual temptation
- Restoring Intimacy with God: How God can tear down the wall of sexual sin, shame, and confusion through forgiveness and redemption

This study has been tested through pilot groups with college women and other 20-somethings. Revised according to their feedback, it is primed and ready to help any single woman think biblically about sexuality, live accordingly, and experience the joy and freedom of doing so. *Sex and the Single Girl* is especially relevant today. One of the greatest threats to the modern church and emerging adults is the distortion of sexual design. Study after study has documented the proliferation of porn use among both men and women, sexual exploitation on college campuses, experimentation with homosexuality and bisexuality, and the acceptability of multiple sexual partners. The average single Christian has received very little teaching on the purpose of sexuality, and a simple "just wait until you're married" approach won't cut it. Christian singles need to be equipped with a biblical worldview of sexuality and practical tools for talking it out. This study, which Slattery created with two women familiar with curriculum development, is ideal for college campuses and small groups. It will prompt discussions on practical topics like sexual temptation, sexual conduct, and responding to cultural thinking on gender issues and sexual autonomy. It is designed to challenge women to examine the assumptions underlying their sexual behaviors and beliefs. The ultimate goal of this resource is to introduce women to an intimate relationship with God who cares about every aspect of her life.

Living Spirit, Living Practice Ruth Frankenberg, 2004-03-15. An ethnographic study of the growing number of self-invented East-West hybrid religious practices in the U.S. *Living the Spirit* Prof. Will Roscoe, *Gay American Indians* (Organization), 1988-08-15. For centuries throughout America, both before and after the arrival of Europeans, gay and lesbian Indians were recognized as valued members of tribal communities. Combining male and female roles, gay Indians worked as mediators, artists, healers, and providers for their tribes. *Living the Spirit* brings together historical overviews, personal accounts, stories, and poetry that celebrate these traditional roles and the rich heritage of gay Indians, as well as contemporary writings that give voice to the lives of gay Indians today.

The Goddess Shahrugh Husain, 1997. The image of a Mother Goddess who embodies all the processes of nature has proved to be one of the most resonant and influential symbols of the 20th century. The Goddess is today a potent figurehead for feminists, Pagans, and

environmentalists as well as for countless others concerned about finding a more harmonious way to live in the modern world This book is an exploration of Goddess worship in different cultures from the Palaeolithic period to the present day Beginning with an examination of ancient Goddess worship in the light of the discoveries of the last two centuries the text moves on to explore the Goddess s role in the fertility of the earth and humankind and her sexual function in relation to the preservation of the cosmos The final chapter discusses the tremendous resurgence of interest in Goddess worship in the modern age From publisher description
