## **Looking For God In Brazil The Progressive Catholic Church In Urban Brazils Religious Arena:**

**Looking for God in Brazil** John Burdick, 1993-12-28 For a generation the Catholic Church in Brazil has enjoyed international renown as one of the most progressive social forces in Latin America The Church s creation of Christian Base Communities CEBs groups of Catholics who learn to read the Bible as a call for social justice has been widely hailed Still in recent years it has become increasingly clear that the CEBs are lagging far behind the explosive growth of Brazil s two other major national religious movements Pentecostalism and Afro Brazilian Umbanda On the basis of his extensive fieldwork in Rio di Janeiro including detailed life histories of women blacks youths and the marginal poor John Burdick offers the first in depth explanation of why the radical Catholic Church is losing and Pentecostalism and Umbanda winning the battle for souls in urban Brazil

**Looking for God in Brazil** John Samuel Burdick, 1992      **Christianity in the Twentieth Century** Brian Stanley, 2018-06-26 A history of unparalleled scope that charts the global transformation of Christianity during an age of profound political and cultural change Christianity in the Twentieth Century charts the transformation of one of the world s great religions during an age marked by world wars genocide nationalism decolonization and powerful ideological currents many of them hostile to Christianity Written by a leading scholar of world Christianity the book traces how Christianity evolved from a religion defined by the culture and politics of Europe to the expanding polycentric and multicultural faith it is today one whose growing popular support is strongest in sub Saharan Africa Latin America China and other parts of Asia Brian Stanley sheds critical light on themes of central importance for understanding the global contours of modern Christianity illustrating each one with contrasting case studies usually taken from different parts of the world Unlike other books on world Christianity this one is not a regional survey or chronological narrative nor does it focus on theology or ecclesiastical institutions Rather Stanley provides a history of Christianity as a popular faith experienced and lived by its adherents telling a compelling and multifaceted story of Christendom s fortunes in Europe North America and across the rest of the globe Transnational in scope and drawing on the latest scholarship Christianity in the Twentieth Century demonstrates how Christianity has had less to fear from the onslaughts of secularism than from the readiness of Christians themselves to accommodate their faith to ideologies that privilege racial identity or radical individualism

**Justice Not Silence** Ezra Chitando, Sophia Chirongoma, 2013-09-01 The editors of this volume highlight the fact that although the Church often stands up for other public issues such as human rights democratic political rights economic justice etc sexual and gender based violence do not receive the attention they deserve There are no theological or cultural arguments that can justify such a position Sexual and gender based violence are a scourge that defies our Christian understanding of human dignity and challenges the Church in all its formations to respond Although most of the case studies are from Zimbabwe they challenge us regardless of which country we are living in or the tradition of our specific denomination In the context of Southern Africa where the HIV and AIDS burden is among the highest in the world sexual and gender based violence are a major contributor

to the spread of the disease This will only change if the Church challenges this practice as part of its educational and public work in theological institutions in congregations but also in its pastoral work within families

Limits of Liberation Elina Vuola, 2002-09-19 How far are the real lives of millions of poor women really catered for in liberation and feminist theologies Vuola argues here that traditional liberation theology's notion of praxis as in L Boff and E Dussel is limited by its essentialist notion of poor and its neglect of the issue of poor women's reproductive rights Classical feminist theologies on the other hand are fraught with their own essentialist notions women's experience Both discourses are inadequate to deal with poor women's suffering widespread maternal mortality high rates of botched illegal abortions and an overall lack of reproductive rights As a response to this lack Vuola nurtures a form of Latin American feminist liberation theology that addresses directly the suffering and death of these millions of women

*New Ways of Being Pentecostal in Latin America* Martin Lindhardt, 2016-03-23 The explosive growth of Pentecostalism has radically transformed Latin America's religious landscape within the last half century or so In a region where Catholicism reigned hegemonic for centuries the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition bearing much more resemblance to the United States than to the Iberian motherlands Furthermore the fierce competition from Pentecostal churches has inspired significant renewals of Latin American Catholicism most notably the growth of a Catholic Charismatic movement However another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith By carefully exploring this diversification the book at hand breaks new ground in the literature on Latin American Christianity Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals faith communities and societies More specifically the chapters of the book look into certain transformations of Pentecostalism such as theological renewals and new kinds of religious competition between Pentecostal churches a growing political and civic engagement of Pentecostals an observed de institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities composed of multiple intra and extra ecclesial points of identification and the emergence of new generations of Pentecostals children of Pentecostal parents many of whom have higher levels of education and higher incomes than the previous generations within their churches In addition Catholic responses to Pentecostal competition are also addressed in several chapters of the book
