To Place Our Deeds Shirley Ann Wilson Moore, 2023-09-01. *To Place Our Deeds* traces the development of the African American community in Richmond, California, a city on the San Francisco Bay. This readable, extremely well researched social history based on numerous oral histories, newspapers, and archival collections is the first to examine the historical development of one black working class community over a fifty year period. Offering a gritty and engaging view of daily life in Richmond, Shirley Ann Wilson Moore examines the process and effect of migration, the rise of a black urban industrial workforce, and the dynamics of community development. She describes the culture that migrants brought with them, including music, food, religion, and sports, and shows how these traditions were adapted to new circumstances. Working class African Americans in Richmond used their cultural venues, especially the city's legendary blues clubs, as staging grounds from which to challenge the racial status quo with a steadfast determination not to be Jim Crowed in the Golden State. As this important work shows, working class African Americans often stood at the forefront of the struggle for equality and were linked to larger political, social, and cultural currents that transformed the nation in the postwar period. *To Place Our Deeds* traces the development of the African American community in Richmond, California, a city on the San Francisco Bay. This readable, extremely well researched social history based on numerous oral histories, newspapers, and archival collections.

A Supreme Love William Edgar, 2022-07-26. Theologian and jazz pianist William Edgar places jazz within the context of the African American experience and explores the work of musicians like Miles Davis and Ella Fitzgerald, arguing that jazz, which moves from deep lament to inextinguishable joy, deeply resonates with the hope that is ultimately found in the good news of Jesus Christ.
