Mystery Of Jesus Of Nazareth:

The Mystery of Jesus of Nazareth Agnes Ann Pastva, Loretta Pastva, 1982 *Mystery of the Christ* Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy *Mystery of the Christ* gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed

The Mysteries of the Holy Grail Rudolf Steiner, 2013-05-16 From the ancient British tales of King Arthur and his knights through the medieval Central European sagas of Parzival right up to modern day blockbuster novels and films the Grail has long maintained its enigmatic presence in western culture It is said to be many things a lost and priceless treasure the chalice cup of the Last Supper the cup that caught Jesus Christ's blood from the cross on Golgotha or even a secret royal bloodline Basing his presentations on far reaching spiritual research Rudolf Steiner gave profoundly esoteric multifaceted insights into the mysteries of the Holy Grail Collected together for the first time in a single volume together with commentary and notes these passages offer vivid tableaux with a multiplicity of meanings a story that speaks to the human soul with a depth and complexity that intellectual interpretations alone cannot begin to fathom Just as Parzival had to encounter and engage with veils of illusion and valleys of shadow and doubt Rudolf Steiner presents us with a similarly challenging path This book is more than a treasure of thought and insight it invites us to embark on a personal quest to develop the abilities and vision required for grasping the elusive Grail itself As editor Matthew Barton writes The vessel of the Grail gradually descends towards us and comes into focus as we raise ourselves individually to it by piercing through the illusions of materialism acknowledging that we ourselves can ultimately become true vessels for the spirit

North American awareness of Rudolf Steiner's works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of The Burning Bush is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit The Easter Festival in the Evolution of the Mysteries Rudolf Steiner, 1988 4 lectures Dornach April 19 22 1924 CW 233a The original idea of any sacred festival is to make the human being look upward from his dependence on earthly things to those things that transcend the Earth from lecture 2 Rudolf Steiner leads us to an understanding of the true meaning of Easter by tracing its history from the pre Christian era to our time He shows that it is ultimately through knowing the true significance of Easter that we come to understand our relationship to spiritual reality This book is a translation from German of Die Weltgeschichte in anthroposophischer Beleuchtung und als Grundlage der Erkenntnis des Menschengesistes GA 233a **Demythologizing Revelation** Chester O'Gorman, 2019-05-24 What is revelation Is it still relevant in the twenty first century In the twentieth century radical theologian Rudolf Bultmann sought an answer by demythologizing scripture and Christian tradition Most philosophers and theologians agree that he failed adequately to demythologize revelation through his notion the kerygma In Demythologizing Revelation A Critical Continuation of Rudolf Bultmann's Project Chester O Gorman corrects this shortcoming to continue Bultmann's project demythologizing Jesus Christ as revelation through the philosophy of Slavoj i ek Drawing support from other notable thinkers including Judith Butler Thomas Altizer Albert Camus Rene Girard and Martin Luther O Gorman proffers a non supernatural account and theory of revelation This theory enables both Christians and atheists to identify sites of revelation today so that all might better understand and participate in its ongoing liberation of humanity from sin and oppression for the sake of all creation **Christ Our Mediator** Thomas Goodwin, 2000-12

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New

Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923/24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication *Anthroposophy* ,1926 The Fleeing Youth Richard Distasi,2009-07-17 It is commonly accepted that the mission of Christ was an act that was independent of any corresponding and requisite deed on the part of humanity Though in part this is true this book asserts that the future spiritual evolution of humanity was dependent on human comprehension and understanding of the Event of Golgotha Comprehension and understanding are defined in this work as one's capacity to spiritually follow Christ through His entire Passion Death and resurrection The Apostles were chosen for this very task but eventually failed at the critical hour Golgotha Esoteric Christianity Young Man in Tomb Birth of Jesus Evolution of Christ Richard Distasi
