Mormons have been demonized by a nation that prides itself on open toleration of all faiths Givens carefully appraises every past explanation for the printed attacks and physical persecutions that occurred from the 1830s onward as newspapers novels and satires convinced a tolerant public that Mormons should not be tolerated He then makes a convincing argument that the primary affront the Mormons offered was theological their anthropomorphic picture of God and of his continuing personal revelations to the one true church The book is thus an impressive achievement that should interest not just Mormons or other religious believers but anyone who cares about how freedom loving tolerant Americans turned heretics into subhuman monsters deserving destruction Wayne Booth University of Chicago Emeritus **Swedenborg's Works:**
