American National Pastimes - A History Mark Dyreson,Jaime Schultz,2016-04-14 When the colonies that became the USA were still dominions of the British Empire they began to imagine their sporting pastimes as finer recreations than even those enjoyed in the motherland From the war of independence and the creation of the republic to the twenty first century sporting pastimes have served as essential ingredients in forging nationhood in American history This collection gathers the work of an all star team of historians of American sport in order to explore the origins and meanings of the idea of national pastimes of a nation symbolized by its sports These wide ranging essays analyze the claims of particular sports to national pastime status from horse racing hunting and prize fighting in early American history to baseball basketball and football more than two centuries later These essays also investigate the legal political economic and culture patterns and the gender ethnic racial and class dynamics of national pastimes connecting sport to broader historical themes American National Pastimes chronicles how and why the USA has used sport to define and debate the contours of nation This book was published as a special issue of the International Journal of the History of Sport

Working at Leisure Barrie Sherman,2025-08-01 In Working at Leisure originally published in 1986 Barrie Sherman envisages a world where homeworking will be the norm the cities will be deserted the suburbs the new centres of work and leisure And what of unemployment We must recognise that never again can we expect to be in full time employment for the whole of our working lives But depending on the action we take now this could lead us in one of two ways to widespread unemployment and misery or to a Brave New World where for the first time in history men and women will be able to find fulfilment by balancing their lives equally between work and leisure In this brilliant and perceptive analysis Barrie Sherman stresses that we must allow ourselves the luxury of optimism when confronting the future It is people who will determine what happens to us not technology Sports spiced and pastimes peppered, by Greendragon and Dandelion Greendragon (pseud.),1884 *Agricultural Economics Research* ,1963 **Time Resources,**

Society and Ecology Tommy Carlstein, 2019-09-18 Originally published in 1982 Time Resources Society and Ecology examines and seeks to examine the time dimension in terms of the ecology technology social organization and spatial structure of the human habitat Approaches to time resources sociological time budget studies anthropological activity analysis and economic analysis of money allocation have been limited by their sectoral scope or their failure to relate effectively to the processes of social interaction technological change and environmental structure In this book the book s articulation of time resources is developed in a general theoretical framework of action and interaction in time and space The book examines constraints and possibilities facing preindustrial societies and throws light on the impact of technology on modern societies Basic models of time allocation are presented and finally a cross cultural comparison is made of the mobilization of time resources in preindustrial societies Geographers social anthropologists and human ecologists should find this work directly relevant to their interest in understanding the interactions between man and environment **Activities**
