End of the Affair Eleanor M. Gates,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 **Revue d'histoire de la deuxième guerre mondiale et des conflits contemporains** ,1986 *Maxime Weygand and Civil-military Relations in Modern France* Philip Charles Farwell Bankwitz,1967 This is the first scholarly study of the prewar phase of the French army s development into a disruptive force in national life A chapter from the portentous 20th century story of the soldier in politics it has relevance to contemporary situations in other western societies The book includes an encyclopedic bibliography **Hitler's War in the East, 1941-1945** Rolf-Dieter Müller,Gerd R. Ueberschär,2002 Provides a guide to the extensive literature on the war in the East including largely unknown Soviet writing on the subject Sections on policy and strategy the military campaign the ideologically motivated war of annihilation in the East the occupation and coming to terms with the results of the war offer a wealth of bibliographic citations and include introductions detailing history of the period and related issues For military historians and for scholars who approach this period in history from a socio economic or cultural perspective No index Annotation copyrighted by Book News Inc Portland OR **The Second World War** Nick Smart,2017-11-30 The significant and sustained popular interest in the Second World War is matched by the scale and scope of scholarly engagement in the subject The articles selected for this volume cover a wide range of topics reflecting the fact that the largest recorded war in history and the most intense period of global instability in the twentieth century was fought by many different states large and small over differing periods of time and for many different reasons In an area where there is no shortage of material to choose from the articles presented here are distinguished for their depth of scholarship stylistic elegance and inter disciplinary confidence La Segunda Guerra Mundial I Henri Michel,1990-05-11 Preparado por los m s y esperado por otros el conflicto se desarrolló sin embargo con improvisación gigantesca Ni los lugares en que se libraron las batallas decisivas ni las armas que permitieron ganarlas habían sido previstos o imaginados Con los aviones a reacción y los cohetes y con la bomba atómica en particular la guerra científica en la que el éxito depende de las investigaciones de los laboratorios había hecho su aparición Pero además se libraron dos guerras paralelas Así se enfrentaron gigantescos ejércitos en sangrientos combates de tipo clásico pero al propio tiempo algunos pueblos oprimidos libraron su batalla en una guerra de resistencia que es quizá la mayor novedad del conflicto En adelante todo conflicto tendrá a dos caras como guerra extranjera y como guerra civil Cuando se evoca la Primera Guerra Mundial surgen los nombres de los generales La Segunda Guerra Mundial ha visto nacer una generación de grandes jefes militares y un nuevo estilo pero su dirección salvo en el Japón incumbió a civiles jefes de Estado o de gobierno La guerra obligaba a todas las fuerzas de la nación ya no existía retaguardia todo el

mundo estaba expuesto la vida civil hab a dejado de existir los obreros no trabajaban m s que para la guerra los esp ritus no pensaban sino en ella los propagandistas difund an sus slogans y los escritores a su manera los magnificaban Era la primera guerra total de la historia

French Royal Women during the Restoration and July Monarchy Heta Aali,2021-06-10 This book examines public discussions around France s four most prominent royal women during the first and second Restoration and July Monarchy the duchesse d Angoul me the duchesse de Berry Queen of the French Marie Am lie and Ad la de d Orl ans These were the most powerful women of the last decades of the French monarchy but the new roles women were assigned in post revolutionary France did not permit them to openly exercise political influence This book explores continuities and variations in narratives of royal legitimacy and how historians authors and politicians used national history particularly medieval and early modern history to either legitimize or undermine the French monarchy and to define women s social and political roles

War, Cooperation, and Conflict Fitzroy Baptiste,1988-04-15 This carefully researched study is the first to chronicle the history of Allied involvement in the defense of British French and Dutch possessions in the Caribbean The study is extremely well researched and well written The definitive work in this particular area of historical research based on all available sources in English French and Dutch published and unpublished Choice Although few military campaigns were fought in the Caribbean the region had strategic importance throughout World War II for the United States and its allies This carefully researched study is the first to chronicle the history of Allied involvement in the defense of British French and Dutch possessions in the Caribbean The first chapter examines the events and diplomacy that led in 1939 to Britain s granting the United States permission to base military facilities in Bermuda St Lucia and Trinidad and to the creation of the Caribbean Sea Frontier Later chapters detail the troubled course of British American cooperation as U S military commitments and regional dominance increased Also described is the role of the Netherlands with Britain and the United States in the defense of the oil and bauxite reserves in the Dutch Caribbean territories and the friction between Britain and the United States over French Caribbean possessions The final chapters analyze strategic shifts occurring as a result of the war and influencing postwar settlements negotiated for the region

Defeat and Division Douglas Porch,2022-08-25 Defeat and Division launches a definitive new account of France in the Second World War In this first volume Douglas Porch dissects France s 1940 collapse the dynamics of occupation and the rise of Charles de Gaulle s Free France crusade culminating in the November 1942 Allied invasion of French North Africa He captures the full sweep of France s wartime experience in Europe Africa and beyond from soldiers and POWs to civilians in arms colonial subjects and foreign refugees He recounts France s struggles to reconstruct military power within the context of a global conflict with its armed forces shattered into warring factions and the country under Axis occupation Disagreements over the causes of the 1940 debacle and the subsequent requirement for the armistice mirrored long standing fractures in politics society and the French military itself as efforts to reconstitute French military power crumbled into Vichy collaboration De Gaulle s exile

resistance Alsace Moselle occupation struggles and a scuffle for imperial supremacy **Fleeing Hitler** Hanna Diamond,2007 As Hitler's victorious armies approached Paris panic gripped the city and the roads heading south filled with millions of French citizens fleeing for their lives with scant supplies and often no destination in mind All hoped as famed author Simone de Beauvoir wrote in her diary not to be taken like a rat in Occupied Paris In *Fleeing Hitler* historian Hanna Diamond paints a gripping picture of the harrowing escape from Paris highlighting the hardships people suffered in their desperate flight and underscoring the impact this exodus had on life under Vichy rule Using eyewitness accounts memoirs and diaries Diamond shows how this ordeal became for civilians and soldiers alike the defining experience of the war She tells how in the Paris region alone close to four million people left their homes and fled south swelling the numbers of refugees until it was impossible to direct the flow of humanity The result was total chaos with an enormous price to pay in terms of human misery and suffering Many lost their lives as this vast caravan of predominantly women children and the elderly faced truly harsh conditions and even starvation Then after the German offer of peace as the traumatized population returned home preoccupied by the desire for safety and bewildered by the unexpected turn of events they put their faith in Marshall Petain who was able to establish his collaborative Vichy regime largely unopposed while the Germans consolidated their occupation The first time this important story has been told in English *Fleeing Hitler* captures in moving detail the devastating flight and early days of occupation after the fall of France *Anti-Imperial Metropolis* Michael Goebel,2015-08-25 The book examines the social life of non Europeans in Paris in the 1920s and 1930s and describes the political outgrowths of their migration to France It argues that this migration was crucial for decolonization and the rise of a Third World consciousness after World War II *State and Intellectual in Imperial Japan* Andrew E. Barshay,2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988 *The Fall and Rise of French Sea Power* Hugues Canuel,2021-04-15 The Fall and Rise of French Sea Power explores the renewal of French naval power from the fall of France in 1940 through the first two decades of the Cold War The Marine nationale continued fighting after the Armistice a service divided against itself The destruction of French sea power at the hands of the Allies the Axis and fratricidal confrontations in the colonies continued unabated until the scuttling of the Vichy fleet in 1942 And yet just over twenty years after this dark day Charles de Gaulle announced a plan to complement the country's nuclear deterrent with a force of nuclear powered ballistic missile carrying submarines Completing the rebuilding effort that followed the nadir in Toulon this force provided the means to make the Marine nationale a fully fledged blue water navy again ready to face the complex circumstances of the Cold War An important continuum of cooperation and bitter tensions shaped naval relations between France and the Anglo Americans from World

War II to the Cold War The rejuvenation of a fleet nearly wiped out during the hostilities was underpinned by a succession of forced compromises often the least bad possible reluctantly accepted by French politicians and admirals but effectively leveraged in their pursuit of an independent naval policy within a strategy of alliance Hugues Canuel demonstrates that the renaissance of French sea power was shaped by a naval policy formulated within a strategy of alliance closely adapted to the needs of a continental state with worldwide interests This work fills a distinct void in the literature concerned with the evolution of naval affairs from World War II to the 1960s The author drawing upon extensive research through French British American and NATO archives including those made public only recently regarding the sensitive circumstances surrounding the French nuclear deterrent maps out for readers the unique path adopted in France to rebuild a blue water fleet during unprecedented circumstances

Children with a Star Deborah Dwork,1991-01-01 Drawing on oral histories diaries letters photographs and archival records the author presents a look at the lives of the children who lived and died during the Holocaust

Communicating in Canada's Past Gene Allen,Daniel Robinson,2009-11-14 Communicating in Canada s Past evolved out of essays presented at the inaugural Conference on Media History in Canada of 2006 which brought together media historians from across the disciplines and from both French and English Canada The first collection of its kind this volume assembles both well established and up and coming scholars to address sizable gaps in the literature on media history in Canada Communicating in Canada s Past includes a substantial introduction to media history as a field of study historiographical essays by senior scholars Mary Vipond Paul Rutherford and Fernande Roy and original research essays on a range of subjects including print journalism radio television and advertising Editors Gene Allen and Daniel J Robinson have provided a sophisticated wide ranging introduction for those who are new to media history while also assembling a valuable collection of new research and theory for those already familiar with the field

The Collapse of the Third Republic William L. Shirer,2014-10-22 The National Book Award winning historian s vivid and moving eyewitness account of the fall of France to Hitler s Third Reich at the outset of WWII The New York Times As an international war correspondent and radio commentator during World War II William L Shirer didn t just research the fall of France He was there In just six weeks he watched the Third Reich topple one of the world s oldest military powers and institute a rule of terror and paranoia Based on in person conversations with the leaders diplomats generals and ordinary citizens who both shaped the events and lived through them Shirer constructs a compelling account of historical events

without losing sight of the human experience From the heroic efforts of the Freedom Fighters to the tactical military misjudgments that caused the fall and the daily realities of life for French citizens under Nazi rule this fascinating and exhaustively documented account brings this significant episode of history to life This is a companion effort to Shirer s *The Rise and Fall of the Third Reich* also voluminous but very readable reflecting once again both Shirer s own experience and an enormous mass of historical material well digested and assimilated Kirkus Reviews starred review

The Latest Catastrophe Henry Rousso, 2016-07-06 The writing of recent history tends to be deeply marked by conflict by personal and collective struggles rooted in horrific traumas and bitter controversies Frequently today s historians can find themselves researching the same events that they themselves lived through This book reflects on the concept and practices of what is called contemporary history a history of the present time and identifies special tensions in the field between knowledge and experience distance and proximity and objectivity and subjectivity Henry Rousso addresses the rise of contemporary history and the relations of present day societies to their past especially their legacies of political violence Focusing on France Germany the United Kingdom and the United States he shows that for contemporary historians the recent past has become a problem to be solved No longer unfolding as a series of traditions to be respected or a set of knowledge to be transmitted and built upon history today is treated as a constant act of mourning or memory an attempt to atone Historians must also negotiate with strife within this field as older scholars who may have lived through events clash with younger historians who also claim to understand the experiences Ultimately *The Latest Catastrophe* shows how historians at times against their will have themselves become actors in a history still being made

Formulating development Lola Wilhelm, 2025-09-02 In the 1970s Nestl became a lightning rod for criticism against the food industry s negative impacts on humans and their environment especially in the Global South But what has so far eluded historical scrutiny is that the picture was more nuanced This book tells the exclusive story of how the Swiss food giant and more broadly corporate capitalism have shaped the aid industry since the late nineteenth century It follows Nestl s bid for a share of the humanitarian market brokered by the Red Cross in wartime Europe of its clinical trials in Swiss and Senegalese maternities and of its agricultural modernisation schemes in Mexico India and the Ivory Coast Based on extensive research in the firm s own historical archives and the records of national and international aid agencies the volume interrogates the legacies of this long history for international development today
