ON THE RIDE HOME Robin Miller, 2024-10-16 This collection of fictional short stories is a look into the musings of the author It pulls the curtain back to see past human existence into the spiritual realm of where we reside as tripart beings We are reminded through these stories that circumstances aren t just what we see and experience through our physical senses but what we sometimes easily ignore from our spiritual senses that are important The perspectives shared by the author help to see events differently and provide light to shadows reintroducing us to the agenda of spirits to derail man s relationship with God Her stories also illustrate the outcome of those attempts both successful and failed The author weaves the reader into simple everyday events to embark on journey after journey of decisions that must be made by the characters walking us through each occasion with often surprising outcomes The reader is able to connect with these stories because each one is relatable and touches on some part of their life whether through personal experience or observation Each story is an illustration of 2 Corinthians 4 18 While we look not at the things which are seen but at the things which are not seen for the things which are seen are temporal but the things which are not seen are eternal
