Rugs Wall Hangings Period Designs And Contemporary Techniques:

Rugs and Wall Hangings Joan Scobey, 1974 **Rugs & Wall Hangings: Period Designs and Contemporary Techniques** Joan Scobey, 1974 This book is intended to help you examine the rugmaking styles and methods of some other cultures and apply them to the most contemporary techniques needlepoint latch hooking rya and punch hooking You will find a wide diversity of period and contemporary designs ranging from bold geometrics of nomadic mideastern tribes and the graceful court arabesques of Persia to the equally striking rya rugs and hangings of Scandinavia and the bold and imaginative styles of the contemporary art market You will see many photographs of historic and antique rugs and carpets and find pages of design adaptations ready for you to work You will learn how rugs and hangings were made in their own cultures and by what contemporary technique they can most faithfully be translated Because loom weaving is a complicated and technical craft requiring its own set of design blueprints the rugmaking methods in this book are arbitrarily limited to needlepoint latch hooking rya and punch hooking The design adaptations throughout will suggest typical or characteristic color schemes and rugmaking methods most closely related to the original product Amazon [Rugs and Wall Hangings](#) Joan Scobey, 1974 *Art Deco and Modernist Carpets* Susan Day, 2002-10 In 1927 the critic Rene Chavance identified carpet production as the most successful of the decorative arts in achieving the more visionary aims of the times Susan Day's book a work of original scholarship accompanied throughout by illustrations both of the carpets themselves and of contemporary interiors demonstrates that these Art Deco carpets have lost none of their decorative power A significant number of the carpets are shown precisely as they were meant to be seen within the rooms for which they were made The fruits of the remarkable Art Deco efflorescence throughout Europe form the first part of the book In the second the focus turns to the reaction against the artistes decorateurs by the champions of modernism In France the designs of Sonia Delaunay Eileen Gray and Jean Lurcat evoked collage and Cubism the Bauhaus and Scandinavia provided different influences The fashion for abstract and modernist rugs was further stimulated by limited editions of rugs woven from works by such artists as Picasso Klee and Miro while in the USA designers developed a style that was distinctly American This visual feast of appeal not only to carpet collectors and textile specialists but to anyone with an interest in 20th century design ranges from the supremely imaginative achievements of Paul Poiret's unique weaving studio the Ecole Martine to the Scandinavian folk traditions of Marta Maas Fjetterstrom the innovations of Frank Lloyd Wright and Donald Deskey in the USA and Gunta Stolz's handwoven carpets in Germany The book's invaluable reference section includes detailed information on artists manufacturers and retailers their signatures and monograms and a glossary and bibliography Book Jacket **Catalog of Copyright Entries. The Art and Craft of Modern Textile Design Sadhna,Rajesh Kumar,S Greeshma,2025-05-26 This contributed volume explores the craft and science of modern textile design It offers a carefully curated collection of essays insights and case studies The chapters presented here exist where craftsmanship converges with cutting edge technology and traditional techniques dance with avant garde experimentation and illustrate how fabric can unlock limitless possibilities of artistic expression From the historical roots that anchor contemporary practices to the forefront of technological advancements shaping the industry this book offers a panoramic view of the field The chapters celebrate the artistry behind the loom and the visionary designers who push the boundaries of conventional thinking transforming threads into transcendent works of art As the title suggests this volume is not just about technique it explores the imaginative spirit that breathes life into fibers The book invites readers to witness the synergy between tradition and innovation uncover the narrative threads woven into every fabric and appreciate the extraordinary craftsmanship that elevates textiles beyond mere utility This edited volume is designed to appeal to a diverse audience from students and scholars to industry professionals and anyone with an appreciation for the intersection of art and function The book aims to provide readers with a thorough understanding of the various facets of contemporary textile design from historical influences to emerging trends **Lenore Tawney** Karen Patterson,2019-10-04 Recent years have seen an enormous surge of interest in fiber arts with works made of thread on display in art museums around the world But this art form only began to transcend its origins as a humble craft in the late nineteenth and early twentieth centuries and it wasn't until the 1950s and 1960s that artists used the fiber arts to build critical practices that challenged the definitions of painting drawing and sculpture One of those artists was Lenore Tawney 1907 2007 Raised and trained in Chicago before she moved to New York Tawney had a storied career She was known for employing an ancient Peruvian gauze weave technique to create a painterly effect that appeared to float in space rather than cling to the wall as well as for being one of the first artists to blend sculptural techniques with weaving practices and in the process pioneered a new direction in fiber art Despite her prominence on the New York art scene however she has only recently begun to receive her due from the greater art world Accompanying a retrospective at the John Michael Kohler Arts Center this catalog features a comprehensive biography of Tawney additional essays on her work and two hundred full color illustrations making it of interest to contemporary artists art historians and the growing audience for fiber art Copublished with the John Michael Kohler Arts Center **Textile Conservator's Manual** Sheila Landi,2012-10-12 This second edition of Textile Conservator's Manual now revised and available in paperback provides an in depth review of the current practice ethics and materials used in textile conservation Concentrating on decorative art objects from the major cultures the book gives practical instruction and a wide variety of case histories While the format has been simplified the text has been

expanded and updated to include changes brought about by recent developments in the conservation of material This new information will increase the reader's ability to interpret signs of ageing and past activity on the object New case histories in Part Two represent major investigations into the technical history A basis is provided from which to develop practical skills taking into account the needs of the object its essential characteristics of appearance and above all its structure The book covers a wide range of decorative objects from a fragment of linen 4000 years old to a theatrical backcloth of the twentieth century This book is practical and thought provoking not only about what is being done and how but also why

Rug Art - Rescued From Oblivion Suzanne Conrod, Suzanne And Hugh Conrod, 2010-06 Rug Art RESCUED FROM OBLIVION is a delightful tale of discovery but a sad reflection on the lack of preservation of North America's most endangered art form that has literally and figuratively been tramped on for much too long Abandoned for more than half a century in the basement of a damp and mould filled former New Glasgow Nova Scotia rug pattern factory a determined research team found amazing pen and ink rug art created by an artist who is said to have studied in the same New York art class with noted folk artist Norman Rockwell Under a leaking sewage pipe in that same factory they unearthed amazing hand cut Mystery stencils that are now rewriting the arts heritage Their discovery heralds the oldest known commercial designs recovered in Canada and possibly in North America and a unique pattern printing system hitherto unknown The searchers found and rescued from imminent oblivion some 550 pieces of original pen and ink art created by the 1892 factory founder John Garrett and his son Frank In acquiring remnants of the oldest known rug pattern factory in the world 1892 they also unearthed three unique hand carved full size rug pattern blocks and a mass of records of early pattern designs from across North America An intriguing bonus was the salvaging of some 300 hand cut stencils created by a talented unknown artist Measuring only 3x5 in size each contained two rug pattern designs Designated the MYSTERY PATTERNS preliminary research indicates they are the oldest Canadian rug designs ever discovered and possibly the oldest in the world
