Rural China Imperial Control In The Nineteenth Century:

Rural China; Imperial Control in the Nineteenth Century Gongquan Xiao, 1967 **Rural China** Kung-ch'uan Hsiao, 1960

Rural China, 1960 *Rural China* Kung-Chuan Hsiao, 1960 **Rural China** Kung-ch'üan Hsiao, 1960 Rural China 农村中国

费正清, 1971 **Rural China** Kung-chuan Hsiao, 1972 **Rural China** 农村中国, 2014 **Civil Society in China** Karla W.

Simon, 2013-03-22 This is the definitive book on the legal and fiscal framework for civil society organizations CSOs in China from earliest times to the present day Civil Society in China traces the ways in which laws and regulations have shaped civil society over the 5 000 years of China s history and looks at ways in which social and economic history have affected the legal changes that have occurred over the millennia This book provides an historical and current analysis of the legal framework for civil society and citizen participation in China focusing not merely on legal analysis but also on the ways in which the legal framework influenced and was influenced in turn by social and economic developments The principal emphasis is on ways in which the Chinese people as opposed to high ranking officials or cadres have been able to play a part in the social and economic development of China through the associations in which they participate Civil Society in China sums up this rather complex journey through Chinese legal social and political history by assessing the ways in which social economic and legal system reforms in today s China are bound to have an impact on civil society The changes that have occurred in China s civil society since the late 1980 s and most especially since the late 1990 s are nothing short of remarkable This volume is an essential guide for lawyers and scholars seeking an in depth understanding of social life in China written by one of its leading experts **China in Revolution** Joseph W. Esherick, 2022-08-04 This book includes eleven seminal essays by one of

America s leading authorities on modern Chinese history with an illuminating preface by Prof Elizabeth Perry of Harvard University it covers a range of topics from the impact of imperialism to the 1989 protests that led to the Tiananmen massacre Chapters include an explanation of how China expanded its borders far beyond the Han Chinese heartland and maintained those borders in the transition from empire to nation how Sun Yat sen unexpectedly emerged as the Father of the Country and how a series of unexpected and contingent events brought the empire down in 1911 Despite conventional representations of a static and unified China this book proves Chinese society to be diverse and constantly changing especially after the Communist revolution which was a transformative event in modern Chinese history Esherick denounces traditional imagery of cultural uniformity which derives from excessive attention to the unitary state through chapters that explore the impact of the 1937 45 War of Resistance against Japan the dramatic wartime transformation of Chinese society in both Communist and Nationalist Guomindang areas and the nature of the new Communist regime in Northwest China In his book Esherick examines both the Marxist Leninist theory behind Mao s notion of the restoration of capitalism against which he waged the Cultural Revolution of the 1960s and the political theater of the 1989 protest movement Throughout the book the contingency of history the need for careful empirical research and the important yet limited role of history is highlighted
