Dear Lois Karen Schlindwein, Amalie Bowling, 2015-05-07 Dear Lois is a unique perspective of an adoption journey told through letters written to birthmothers by the adoptive parents as their children were growing up The perspectives of the birth family adoptive family and adopted children take the reader on an emotional journey from the heartbreak of a couple facing infertility to the joy of family woven together

A Love Story-For My Children Ruth Lester, 2007-08 A story with a difference this poignant autobiography is filled with real life drama Embark on a nostalgic journey through the harsh Depression era and on through the hardships of the War years to the present day Observe the vast changes that have brought us from the rigid and moralistic society of yesterday to the vastly different liberal mindset of today The universal thread that runs throughout lends an air of familiarity It is difficult not to identify with one of the characters perhaps with the young girl herself in her struggles to persevere or with the woman she

ultimately becomes Here is a story of contrasts from the depths of despair to the pinnacle of joy a story that defies the odds Here is a rendering that tugs at the heartstrings Poignant yet redeeming this uplifting account will serve as an inspiration to all who struggle similarly as well as to those who love them *If You Tell, I'll Kill You* Phyllis S. Thomas,2010 Removed from her biological mother at a very young age Phyllis was shuffled around for much of her childhood At an orphanage she suffered neglect and physical abuse and later was sexually abused by her foster father She finally found some love and stability with her adoptive family but by this time her emotional scars were deep and her past continued to be a burden for her Her troubled relationships with men led to several pregnancies at a young age and Phyllis knew she suffered from very low self esteem Determined to improve life for herself and her children Phyllis started a career and took solace in her church Aided by a loving friend she was finally able to stare down her past and start life anew This is her story Back cover

Subcommittee on Human Resources,2000 **The Soundtrack of My Life** Susan Mary Paige,2022-11-18 I refer to my book as a memoir somewhat autobiographical but also a journal recounting my quest to discover more about those who came before me in my father s family Things grew complicated and I had no intention of writing about any of this until a colleague spoke the fateful words to me You need to write this down If I had not begun writing when I did much of this story would be lost to time and other life factors On the surface this is a mystery story about a cigar box of memorabilia I took possession of in 1977 after my dad died The cigar box was no more than a curiosity so I would look at the contents and put it away Then came personal computers so I could search from the comfort of my home Like so many mysteries I thought the answers were rather straightforward The deeper I searched the more I was frustrated humbled and compelled to keep searching and writing for ten plus years As a Roman Catholic I soon saw this search had a deeper theological meaning for me as I pondered the relationship this journey had to the a communion of saints the b corporal works of mercy and ultimately c forgiveness of self and others I wrote this as a conversation with the reader asking them to ponder these same issues with me I also adopted the Catholic practice of picking a patron saint for this memoire and who is better than Saint Jerome I needed both a muse and a taskmaster and he fills both roles quite ably He is also the patron saint of archivers and that would certainly be me The music theme is a significant backdrop to my story Just like the movie background music or score kept subtle to set the tone and elicit emotion my lyrics and melody selections are used to express and convey the same As you will learn Emma herself was an accomplished musician In addition science suggests that this universe itself is believed to be finely tuned harmonic from galaxies to DNA As I write about implied realms beyond this one a music soundtrack seems appropriate **Student**
