Women, Global Protest Movements, and Political Agency Sarah Colvin, Katharina Karcher, 2018-07-11 This volume analyses and historicises the memory of 1968 understood as a marker of an emerging will for social change around the turn of that decade rather than as a particular calendar year focusing on cultural memory of the powerful signifier 68 and women's experience of revolutionary agency After an opening interrogation of the historical and contemporary significance of 1968 why does it still matter how and why is it remembered in the contexts of gender and geopolitics and what implications does it have for broader feminist understandings of women and revolutionary agency the contributors explore women's historical involvement in 1968 in different parts of the world and the different ways in which women's experience as victims and perpetrators of violence are remembered and understood This

Grinberg,2024-03-26 How virility and Jewishness became hallmarks of postwar New York s combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience Write like a Man examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America Write like a Man shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era **Frontier Women** Julie Jeffrey,1998-02-28 The classic history of women on America s frontiers now updated and thoroughly revised FRONTIER WOMEN is an imaginative and graceful account of the extraordinarily diverse contributions of women to the development of the American frontier Author Julie Roy Jeffrey has expanded her original analysis to include the perspectives of African American and Native American women **The Sitcom Reader** Mary M. from Bridget Jones to Simone de Beauvoir Betty Friedan to Germaine Greer James Tooley challenges education's sacred cows demanding a radical rethinking of sexual politics and a fairer way forward for women The *Miseducation of Women* landed like a bombshell when it was published in England a few months ago but Mr Tooley's book replete with examples and anecdotes from the United States as well as Great Britain has equal application to the gender arguments on this side of the Atlantic

Women of Color and the Reproductive Rights Movement Jennifer Nelson, 2003-10 Uncovers the truth behind the ideas struggles and eventual success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s 1970s and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights for many women abortion was not the only or even primary focus Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s 1970s and early 1980s through the particular contributions of women of color She explores the relationship between second wave feminists who were concerned with a woman's right to choose Black and Puerto Rican Nationalists who were concerned that Black and Puerto Rican women have as many children as possible for the revolution and women of color themselves who negotiated between them Contrary to popular belief Nelson shows that women of color were able to successfully remake the mainstream women's liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics including addressing sterilization abuse access to affordable childcare and healthcare and ways to raise children out of poverty for feminist discourse

Solidarity and Defiant Spirituality Traci C. West, 2019-01-22 How activists in Ghana South Africa and Brazil provide inspiration and strategies for combating the gender violence epidemic in the United States How can the U S learn from the perspectives of anti gender violence activists in South America and Africa as we seek to end intimate violence in this country The U S has consistently positioned itself as a moral exemplar seeking to export its philosophy and values to other societies Yet in this book Traci C West argues that the U S has much to learn from other countries when it comes to addressing gender based violence West traveled to Ghana South Africa and Brazil to interview activists involved in the struggle against gender violence In each of these places as in the United States Christianity and anti black racism have been implicated in violence against women In Ghana and Brazil in particular their Christian colonial and trans Atlantic slave trade histories directly connect with the socioeconomic development of the Americas and historic incidents of rape of black slave women With a transnational focus on religion and racism West brings a new perspective to efforts to systemically combat gender violence Calling attention to forms of violence in the U S and international settings such as marital rape sex trafficking of women and girls domestic violence and the targeting of lesbians the book offers an expansive and nuanced view

of how to form activist solidarity in tackling this violence It features bold and inspiring approaches by black women leaders working in each setting to uproot the myriad forms of violence against women and girls Ultimately West calls for us to learn from the lessons of African activists drawing on a defiant African spirituality as an invaluable resource in the quest to combat the seemingly chronic problem of gender based violence *Godey's Lady's Book* ,1854 *The Woman's Hand* Paul Gordon Schalow,Janet A. Walker,1996 This volume has a dual purpose It aims to define the state of Japanese literary studies in the field of women s writing and to present cross cultural interpretations of Japanese material of relevance to contemporary work in gender studies and comparative literature **Female Adolescent Sexuality in the United States, 1850-1965** Ann Kordas,2019-04-08 This book examines the history of female adolescent sexuality in the United States from the middle of the nineteenth century until the beginning of the 1960s The book analyzes both adult perceptions of female adolescent sexuality and the experiences of female adolescents themselves It examines what girls knew or thought they knew about sex at different points in time girls sexual experiences girls ideas about love and romance female adolescent beauty culture and the influence of popular culture on female adolescent sexuality It also examines the ways in which adults responded to female adolescent sexuality and the efforts of adults to either control or encourage girls interest in sexual topics dating girls participation in beauty culture and their education on sexual topics The book describes a trajectory along which female adolescents went from being perceived as inherently innocent and essentially asexual to being regarded and feared as primarily sexual in nature *Report of the International Council of Women* ,1888
