

GEORGE NOVACK

The Long View of History

Long View Of History

Liam Francis Gearon, Arniika Kuusisto

Long View Of History:

The Long View Richard Fisher, 2023-03-30 A wide ranging and thought provoking exploration of the importance of long term thinking Humans are unique in our ability to understand time able to comprehend the past and future like no other species Yet modern day technology and capitalism have supercharged our short termist tendencies and trapped us in the present at the mercy of reactive politics quarterly business targets and 24 hour news cycles It wasn't always so In medieval times craftsmen worked on cathedrals that would be unfinished in their lifetime Indigenous leaders fostered intergenerational reciprocity And in the early twentieth century writers dreamed of worlds thousands of years hence Now as we face long term challenges on an unprecedented scale how do we recapture that far sighted vision Richard Fisher takes us from the boardrooms of Japan home to some of the world's oldest businesses to European laboratories where scientists work as custodians on centuries long experiments He examines the psychological biases that discourage the long view and talks to the growing number of people from the worlds of philosophy technology science and the arts who are exploring smart ways to overcome them How can we learn to widen our perception of time and honour our obligations to the lives of those not yet born

Taking the Long View David Steinmetz, 2011-10-05 Taking the Long View argues in a series of engagingly written essays that remembering the past is essential for men and women who want to function effectively in the present for without some knowledge of their own past neither individuals nor institutions know where they have been or where they are going The book illustrates its thesis with tough minded examples from the Church's life and thought ranging from more abstract problems like the theoretical role of historical criticism to such painfully concrete issues as the commandment of Jesus to forgive unforgivable wrongs

The Super Summary of World History Revised Alan Dale Daniel BA MBA JD, 2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn't just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence

Marxist Writings on History & Philosophy George Novack, 2002

Economics in the Long View Charles Poor Kindleberger, Guido Di Tella, Guido di Tella, 2016-01-18 **The Long View** Hans Tendam, 2010-01-27 Strategic thinking rather than strategic planning is the key to sustainable success Strategy involves a broader look a deeper analysis and a longer time frame Strategic thinking is about considering the consequences of developments and possible developments of actions and possible actions on the success prosperity and continuity of people organizations or communities And it is about the kind of success prosperity and continuity that we seek This study explores

strategic thinking on the basis of strategy literature and cognitive psychology It reviews studies of how strategic decision makers operate including the military It helps to recognize strategic thinking ability in individuals to teach strategic thinking and to foster it in those at the helm directors executives commanders and public administrators The Oxford Handbook of Legal History Markus D. Dubber, Christopher Tomlins, 2018-07-26 Some of the most exciting and innovative legal scholarship has been driven by historical curiosity Legal history today comes in a fascinating array of shapes and sizes from microhistory to global intellectual history Legal history has expanded beyond traditional parochial boundaries to become increasingly international and comparative in scope and orientation Drawing on scholarship from around the world and representing a variety of methodological approaches areas of expertise and research agendas this timely compendium takes stock of legal history and methodology and reflects on the various modes of the historical analysis of law past present and future Part I explores the relationship between legal history and other disciplinary perspectives including economic philosophical comparative literary and rhetorical analysis of law Part II considers various approaches to legal history including legal history as doctrinal intellectual or social history Part III focuses on the interrelation between legal history and jurisprudence by investigating the role and conception of historical inquiry in various models schools and movements of legal thought Part IV traces the place and pursuit of historical analysis in various legal systems and traditions across time cultures and space Finally Part V narrows the Handbooks focus to explore several examples of legal history in action including its use in various legal doctrinal contexts The Persistence of History Vivian Sobchack, 2014-02-04 The Persistence of History examines how the moving image has completely altered traditional modes of historical thought and representation Exploring a range of film and video texts from The Ten Commandments to the Rodney King video from the projected work of documentarian Errol Morris to Oliver Stone's JFK and Spielberg's Schindler's List the volume questions the appropriate forms of media for making the incoherence and fragmentation of contemporary history intelligible *Deep History* David Laibman, 2008-01-03 Blends insights from several disciplines to offer a general theory of social evolution *Poor's*, 1925 **Theatre History Studies 2016, Vol. 35** Sara Freeman, 2016-12-06 Rosemarie K Bank and Michal Kobialka eds Theatre Performance Historiography Time Space Matter Reviewed by Danny Devlin **A History of Interest Rates** Sidney Homer, Richard Sylla, 2011-03-23 A History of Interest Rates presents a very readable account of interest rate trends and lending practices over four millennia of economic history Despite the paucity of data prior to the Industrial Revolution authors Homer and Sylla provide a highly detailed analysis of money markets and borrowing practices in major economies Underlying the analysis is their assertion that the free market long term rates of interest for any industrial nation properly charted provide a sort of fever chart of the economic and political health of that nation Given the enormous volatility of rates in the 20th century this implies we're living in age of political and economic excesses that are reflected in massive interest rate swings Gain more insight into this assertion by ordering a copy of this book today **Public History in Teacher Education** Gianfranco Bandini, 2024-12-22

Historical knowledge often overshadowed by mass media communication plays a crucial role in educating conscious and critical citizens We want to explore the transformative potential of history in teacher education particularly through a public history approach highlighting its ability to foster critical thinking interdisciplinary understanding and informed decision making By integrating historical perspectives teachers can contextualise and better understand contemporary issues promote cultural sensitivity and help break down stereotypes and social stigmas

A History of Indian Policy Samuel Lyman Tyler,1973

History and Future David J. Staley,2010-01-01 The book reexamines this long held belief and argues that the historical method is an excellent way to think about and represent the future At the same time the book asserts that futurists should not view the future as a scientist might aiming for predictions and certainties but rather should view the future in the same way that an historian views the past

Volcanoes in Human History Jelle Zeilinga de Boer,Donald Theodore Sanders,2025-10-07 The classic account of how volcanism has shaped human culture and science from the Bronze Age eruption that destroyed Minoan Crete to Mount St Helens When the volcano Tambora erupted in Indonesia in 1815 as many as one hundred thousand people perished from the blast and ensuing famine Gases and dust particles ejected into the atmosphere changed weather patterns around the world resulting in the infamous year without a summer in North America food riots in Europe and a widespread cholera epidemic And the gloomy weather inspired Mary Shelley to write the gothic novel Frankenstein This panoramic book tells the story of nine such epic volcanic events explaining the related geology and exploring the myriad ways our planet s volcanism has affected human history

A History of Mozambique Malyn Newitt,1995-03-22 This book summarizes five hundred years of the history of the societies that exist within the area that became Mozambique in 1891 It also takes the story up to the present including the War of Liberation and Mozambique after independence It is work of major scholarship that will appeal to experts and students alike

Burn Out Dieter Helm,2017-01-01 Introduction The end of the commodity super cycle Binding carbon constraints An electric future The US the lucky country The Middle East more trouble to come Russia blighted by the resource curse China the end of the transition Europe not as bad as it seems The gradual end of big oil Energy utilities a broken model The new energy markets and the economics of the Internet Conclusion

Women's History in Global Perspective Bonnie G. Smith,2004 The American Historical Association s Committee on Women Historians commissioned some of the pioneering figures in women s history to prepare essays in their respective areas of expertise This volume the second in a series of three collects their efforts As a counterpoint to the broad themes discussed in the first volume Volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras It examines women in ancient civilizations including women in China Japan and Korea women and gender in South and South East Asia Medieval women women and gender in Colonial Latin America and the history of women in the US to 1865 Authors included are Sarah Hughes and Brady Hughes Susan Mann Barbara N Ramusack Judith M Bennett Ann Twinam and Kathleen Brown Incorporating essays from top scholars

ranging over an abundance of regions dates and methodologies the three volumes of Women s History in Global Perspective constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship

The Oxford Handbook of Religion and Education Liam Francis Gearon,Arniika Kuusisto,2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world
