The Longest Battle : the Royal Canadian Navy in the Atlantic 1939-1945 John D. Harbron, 1995 The Canadian Naval Chronicle, 1939-1945 Robert A. Darlington, Fraser McKee, 1998 In World War II the Canadian Navy embarked on a five year anti submarine offensive with a tiny fleet of six destroyers and a navy largely untrained in submarine warfare This chronicle of ship successes and losses charts the increase in fighting capability of the Canadian naval forces and their growing success against enemy submarines and surface warships From the dreadful loss of sixteen ships out of a single convoy in 1941 to the painstaking teamwork of hunting down and destroying an asdic contact a few years later the authors have managed to capture the drama of these events in considerable detail The information provided in each account represents comprehensive research into the incident from available records and from personal recollections and interviews collected by the authors Each includes the ships and crews involved on both sides their movements just prior to the event the action itself the casualty lists and the medals awarded as a result of the action This book also contains for the first time a complete record of all the Canadian owned Merchant ships lost as well as a table of RCAF Squadron successes against enemy U boats *To Die Gallantly* Timothy J Runyan, Jan M Copes, 2019-08-22 German U boats known as iron coffins terrorized Allied ships during World War II and were responsible for thousands of deaths This volume published to commemorate the 50th anniversary of the Battle of the Atlantic brings together historians from both sides of the ocean to discuss this important campaign As well as offering new insights into both familiar and more neglected aspects the book reflects the human dimension of the conflict paying tribute to the whole spectrum of personnel involved planners and strategists spies and code breakers naval officers and crews merchant sailors and civilians **U-Boat Attack Logs** Bruce Taylor, Daniel Morgan, 2011-11-09 An indispensable reference work for anyone studying either the U boat campaign or WW2 at sea copiously illustrated fascinating and harrowing Navy News During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarized in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and websites A decade in the making this is probably the most important book on the U boat war to be

Jak P Mallmann Showell,2016-09-14 The Battle of the Atlantic was the longest continuous military campaign of the Second World War raging from 1939 to 1945 It saw the might of the Royal Navy pitted against the Kriegsmarine Germany's secret weapon was their fleet of U boats They had the largest fleet of submarines in the world and this enabled them to play cat and mouse with the Allied forces to devastating effect Hunting in wolf packs they would prey on

merchant shipping and naval vessels In this startling new book Jak P Mallman Showell tells the story of this battle as viewed through the conning towers of these U boats Using surviving logs written as the action unfolded You taste the salt smell the nauseating stench of the U boats and hear orders being whispered quietly while diving back in time to the horrendous inhumanity of the Battle of the Atlantic
