H. Allen, 2015-06-02 Richie Millstone the Firewater Dragon the Gemstone Cities is the second book in a five book series The series chronicles a continuous time travel adventure taken by a bunch of teenagers The first book was Richie Millstone the Firewater Dragon the Platinum Water Crystal The second book takes off where the first left off Richie and his companions are trapped on a time machine ship lost far from home They long to get back but are actually enjoying the adventure The kids unwittingly get into all kinds of mischief and shenanigans as they try to get back home In the first book they visited Mars of the distant past one point five billion years to find a 1930 s era civilization with feline ancestry This book sees them visit even more exotic places while they fight to keep a powerful energy crystal out of the hands of a nefarious dragon and other evil persons The crystal is rumored to have fallen from outer space and gotten its power by passing through a neutron star Throughout the adventure the kids learn lots of stuff about themselves and who they are destined to become as adults Game Usability Katherine

Isbister, Noah Schaffer, 2008-08-12 Computers used to be for geeks And geeks were fine with dealing with a difficult and finicky interface they liked this it was even a sort of badge of honor e g the Unix geeks But making the interface really intuitive and useful think about the first Macintosh computers took computers far far beyond the geek crowd The Mac made HCI human computer interaction and usability very popular topics in the productivity software industry Suddenly a new kind of experience was crucial to the success of software the user experience Now 20 years later developers are applying and extending these ideas to games Game companies are now trying to take games beyond the hardcore gamer market the people who love challenge and are happy to master a complicated or highly genre constrained interface Right about now with the growth of interest in casual games game companies are truly realizing that usability matters particularly to mainstream audiences If it s not seamless and easy to use and engaging players will just not stay to get to the good stuff By definition usability is the ease with which people can employ a particular tool in order to achieve a particular goal Usability refers to a computer program s efficiency or elegance This book gives game designers a better understanding of how player characteristics impact usability strategy and offers specific methods and measures to employ in game usability practice The book also includes practical advice on how to include usability in already tight development timelines and how to advocate for usability and communicate results to higher ups effectively

Prehistoric Alex Wong, 2023-10-24 The improbable story of the birth of modern day pro basketball in Toronto In just over 25 years the Toronto Raptors have evolved from an intrepid expansion team to an NBA champion But for all the triumphs of the past decade the beginning looked a bit different When the franchise began its first season in 1995 a pro basketball team in Toronto was viewed as an experiment There was no playbook to follow and very few people gave them a chance to succeed In *Prehistoric* irreverent Raptors voice and culture writer Alex Wong explores the franchise s fascinating and unconventional inception through 140 original interviews with those involved with the team s very beginning examining the process of how the team came up with their name and logo inspired by the blockbuster film *Jurassic Park* taking a behind the scenes look at the drafting of star point guard Damon Stoudamire telling the backstories of a group of misfits who formed the first year roster and providing an in depth look at the team s opening night victory at the SkyDome and the expansion franchise s signature win over Michael Jordan and a 72 win Chicago Bulls team The Raptors boldly and intentionally pursued a much different audience in a hockey first town The result is a team who went through the necessary growing pains and eventually captured the heart of a city as told in this essential origin story through the lens of the people who were there to help lay the foundation for a thriving modern day basketball franchise in Toronto

The New Earth Star Fred Taikowski, 2012-03-03 The Earth s Ascension is a natural progression in the lifespan of our Earth Mother Mother Gaia Three young men from different parts of the World have been chosen to assist Her in this most noble of tasks each by placing an Earthen Crystal or dios X Crystal at strategic points on the Earth at a certain time a time that coincides with the activation of the Cydonian Martian Pyramid Complex Of course there are those

There were three of them their clawed hands and snouts covered in blood only one of which had the strange comb of feathers that resembled a mohawk and it was at precisely that instant that this one raised its head and apprehended her its oil slick colored crest rising and falling its white eyes blinking before it barked at the others as though issuing orders and rushed toward her at which instant she climbed to her feet and swatted open the curtain to business class and was about to sprint forward into first class when she realized there was a door directly next to her a restroom and grabbed hold of its latch which was locked She pounded upon the door with her left fist even as she brought the revolver up with her right and was about to squeeze off a shot at Mohawk's snout which had just appeared around the edge of the curtain when the door suddenly opened and someone pulled her in someone who quickly shut the hatch and locked it And then she was breathing heavily trying to slow her heartrate which had raced out of control as the raptors clawed at the door and gnashed their teeth and a man in a pilot's uniform placed his palm over her trembling gun hand and lowered the pistol slowly Then everything just broke inside her and the tears started flowing as she threw her arms around him and sobbed almost violently all the while thinking how good it was how very very good to no longer be alone *Cracking the ASVAB* Nicole Moss, Princeton Review (Firm), David Winn, Andy Kiehl, 2004-11-09 The ASVAB Armed Services Vocational Aptitude Battery serves as both a general interest aptitude test and as the admissions exam for the U S Military It is given year round at over 14 000 high schools each year to approximately 1 25 million people The Princeton Review has joined forces with the military to produce a test

preparation course to ensure that fewer recruits get turned away because of their ASVAB scores Our unique test taking strategies are proven to raise scores and our experience with tests given on the computer as the ASVAB increasingly is has proven invaluable **School Library Media Activities Monthly** ,1998 **Thunder of Time** James F. David,2006-04-04 Ten years ago the prehistoric past collided with the present as time itself underwent a tremendous disruption transporting huge swaths of the Cretaceous Period into the world of the twentieth century Entire neighborhoods and cities were replaced by dense primeval jungles and modern humanity suddenly found itself sharing the earth with fierce dinosaurs In the end desperate measures were taken to halt the disruptions and the crisis appeared to be over Until now Slowly at first but with increasing frequency time begins to unravel once more What s worse Nick Paulson Director of the newly formed Office of Security Science discovers that the time displacements are being manipulated by unknown parties utilizing a mysterious new technology Indeed the very integrity of the space time continuum appears to be at risk To preserve both the future and the past Nick and his allies must uncover the secrets hidden within in a lost temple at the center of a dino infested jungle and in an enigmatic structure on the surface of the moon But they are not alone in their quest A cult of ruthless fanatics is also intent on controlling the time waves and they will stop at nothing to reshape history to their own design At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Dinosaurs You Should Know** KidCaps,2013-11-01 Movies have capitalized on dinosaurs for years they ve often put the wrong idea in people s heads about what they looked like or even acted like Dinosaurs that have been tower in height on screen are often smaller and sometimes larger than what we have been led to believe this book paints a picture of six of the most famous dinosaurs who have roamed the Earth In this book you ll learn all about what made this massive giant great from what they looked like and ate to where they lived and what they did all day The book covers the following dinosaurs Tyrannosaurus Rex Triceratops Stegosaurus Apatosaurus Diplodocus Velociraptor This is an anthology of six books each book may also be purchased individually Just search the dinosaurs name and KidsCap KidCaps is an imprint of BookCaps each month we are adding more history books just for kids to our library Stop by our website to learn more
