Looking Forward Participatory Economics For The Twenty First Century:

Looking Forward Michael Albert, Robin Hahnel, 1991 How work can be organized efficiently and productively without hierarchy how consumption could be fulfilling and also equitable and how participatory planning could promote solidarity and foster self management

A Socialism for the Twenty-First Century Tony Smith, 2025-07-10 Marx called for a society where the ruling principle is the full and free development of every individual Capitalism neither is nor can be such a society Domination worsening ecological crises and many other pathologies are its intrinsic features not bugs that can be corrected But is there truly a better way to organize society And if we can imagine one can we be confident it could be put into practice The answer to both questions is an emphatic Yes This book makes the case It describes in detail a workable model of republican socialism a vision of socialism worth fighting for

21st Century Capitalism Robert L. Heilbroner, 1994-08-17 It is my hope that some grasp of what the twenty first century holds in store for capitalism may enable us to avoid at least some of the pain we might otherwise have to endure writes the eminent economist Robert Heilbroner in this important book on the world's economic future Although communism lies shattered almost everywhere it once existed no single form of capitalism has emerged worldwide Which of the varieties of capitalism will be hardy enough to survive into the next century Will the private sector make way for government to redress the failures of the market system Does the defeat of the socialist vision portend that unbridled acquisitiveness will dominate the world In tackling these questions Heilbroner takes us to the roots of capitalist society He views capitalism from a wide angle as both an economic system and a political order showing the integral connections between the two that are often overlooked finally he addresses the overarching challenge ahead a society that no longer believes in the inevitability of progress

Beyond Digital Capitalism: New Ways of Living Leo Panitch, Greg Albo, 2020-12-29 Essays that explore new ways of living with technological change Every year since 1964 the Socialist Register has offered a fascinating survey of movements and ideas from the independent new left This year's edition asks readers to explore just how we need to live with new technologies Essays in this 57th Socialist Register reveal the contradictions and dislocations of technological change in the twenty first century And they explore alternative ways of living from artificial intelligence AI to the arts from transportation to fashion from environmental science to economic planning Greg Albo Post capitalism Alternatives or detours Nicole Aschoff and Pankaj Mahta AI ideology Science capitalism and the dream of a people's AI Hugo Radice There is nothing artificial about AI Labour class utopia socialism Larry Lohman Interpretation machines Contradictions of digital mechanization in twenty first century capitalism Robin Hahnel Democratic socialist planning Against with and beyond the new technologies Tanner Mirrlees Platform socialists in the age of digital capitalism Derek Hrynshyn Imagining information socialism Bryan Palmer Capitalism and the clock Time's meaning in the struggle for socialism Sean Sweeney and John Treat Shifting gears Labour strategies for low carbon public transit mobility Adam Greenfield Smart cities technological traps democratic possibilities Christoph Hermann The

consequences of commodification Contours of a post capitalist society Joan Sangster The surveillance of service labour Conditions and possibilities of resistance Jeronimo Montero Bressan Beyond neoliberal fashion Imagining clothing production as a human need Massimiliano Mollona Art Commons Art collectives and the post capitalist imagination Ingar Solty The world of tomorrow Scenarios for our future between demise and hope *The ABCs of Political Economy* Robin Hahnel,2014-11-20 This revised edition of ABCs is a lively and accessible introduction to modern political economy Informed by the work of Marx Veblen Kalecki Robinson Minsky and other great political economists Robin Hahnel provides the essential tools needed to understand economic issues today Dispelling myths about financial liberalisation fiscal austerity globalisation and free markets ABCs offers a critical perspective on our present system and outlines clear alternatives for the future This second edition applies the analytical tools developed to help readers understand the origins of the financial crisis of 2007 the ensuing Great Recession and why government policies in Europe and North America over the past six years have failed to improve matters for the majority of their citizens The second edition also helps explain what is causing climate change and what will be required if it is to be resolved effectively and fairly *Capitalism on Trial* Jeannette Wicks-Lim,Robert Pollin,2013-01-01 This volume presents a collection of essays honoring Professor Thomas E Weisskopf one of the most prominent contributors to the field of radical economics Beginning his academic career at Harvard before moving to the University of Michigan at Ann Arbor Professor Weisskopf has spent the past forty years exploring through highly innovative and rigorous research the questions of economic equality social justice and environmental responsibility The chapters in this book reflect the main subjects of Professor Weisskopf s work and seek to foster continued innovation in these research areas The diverse contributions to this volume explore the impressive range of Professor Weisskopf s research themes These include the economics of developing countries US imperialism Marxian crisis theory contemporary economic history and institutional development affirmative action policies and the potential of socialism as an alternative to capitalism for developing non exploitative societies In addition to 26 chapters by leading economists this book also includes a chapter by Professor Weisskopf himself in which he reflects on his own career in economics as well as the state of the U S and global economies The volume also includes a full bibliography listing Professor Weisskopf s publications Students professors and researchers working in any branch of economics will find much of interest in this set of wide ranging studies building from the themes advanced by Thomas Weisskopf **Crisis of Capitalism** Luciano Vasapollo,2011-10-28 This book is a compendium of a comprehensive treatise of applied economics published in Italian by Jaca Books in 2007 It includes a number of changes and updates and a new section on the contradictory relation of capital to nature intrinsic to the fundamental conflict between capital and labour The context for the analysis provided of the dynamics of the capitalist development of the forces of production is the global economy or capitalism as a world system Marxist Politics Md. Ayub Mallick,2022-12-15 This book deals with the main doctrines of Marxist politics Clearly and simply written the book explores

the views of classical Marxists along with the findings of Western and Analytical Marxists It also shows a distinction between Marxist and non Marxist views on politics Their points of difference as well as their common roots are thus clearly accounted for Marxist politics is a coherent system of ideas and theories of class class struggle party revolution and the state developed in response to a series of major and interrelated changes the emergence of a capitalist economy the rise of the modern nation state and the development of modern science which transformed both the society and politics This book is intended to explore these ideas and theories Particular emphasis has been put on the ideas and views of critical Marxists in a separate chapter The book includes brief bibliographical details of major individual thinkers as well as an annotated bibliography for further reading Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan

Neo-liberalism Or Democracy? Arthur MacEwan,1999 Explores some central tenets of modern economics subjecting them to trenchant examination including the case for free trade and the inevitability of ever more grotesque income inequalities The book argues that there is a feasible alternative in a democratically controlled economic strategy *Inciting Democracy* Randy Schutt,2001-09-10 Inciting Democracy offers a vision of what a good society might look like and explores how we can overcome five key obstacles to creating such a society It offers a practical way to develop a large decentralized education and support program that can increase the skills knowledge and strength of hundreds of thousands of goodhearted people so they can democratically and nonviolently transform society through grassroots change movements It also provides a realistic long term vision of success a vision that can encourage and inspire people working for positive change thus making success more likely Strategic Innovative Marketing and Tourism Androniki Kavoura,Efstathios Kefallonitis,Apostolos Giovanis,2019-07-03 This book covers a very broad range of topics in marketing communication and tourism focusing especially on new perspectives and technologies that promise to influence the future direction of marketing research and practice in a digital and innovational era Among the areas covered are product and brand management strategic marketing B2B marketing and sales management international marketing business communication and advertising digital and social marketing tourism and hospitality marketing and management destination branding and cultural management and event marketing The book comprises the proceedings of the International Conference on Strategic Innovative Marketing and Tourism ICSIMAT 2018 where researchers academics and government and industry practitioners from around the world came together to discuss best practices the latest research new paradigms and advances in theory It will be of interest to a wide audience including members of the academic community MSc and PhD students and marketing and tourism professionals **#NAME?** , An unabashed review of economic justice with a proposal for dramatic change in the American economic system particularly in the area of welfare reform Murray business and public administration Drake U admits to benefitting greatly from the economic system then methodically explains everything that is wrong with it and proposes a guaranteed adequate income system as an alternative to welfare While his diverse influences occasionally seem

too scatter shot for cohesion his citations range from Milton Friedman to Kurt Vonnegut his motivation is compassion and the lively tone from his insurance selling days is refreshing Topics include the workplace market alternatives the history of guaranteed income plans and cost and funding calculations Paper edition unseen 22 95 Annotation copyrighted by Book News Inc Portland OR

The Hidden 1970s Dan Berger, 2010-09-24 The 1970s were a complex multilayered and critical part of a long era of profound societal change and an essential component of the decade before several of the most iconic events of the sixties occurred in the ten years that followed The Hidden 1970s explores the distinctiveness of those years a time when radicals tried to change the world as the world changed around them This powerful collection is a compelling assessment of left wing social movements in a period many have described as dominated by conservatism or confusion Scholars examine critical and largely buried legacies of the 1970s The decade of Nixon's fall and Reagan's rise also saw widespread indigenous militancy prisoner uprisings transnational campaigns for self determination pacifism and queer theories of play as political action Contributors focus on diverse topics including the internationalization of Black Power and Native sovereignty organizing for Puerto Rican independence among Latinos and whites and women's self defense Essays and ideas trace the roots of struggles from the 1960s through the 1970s providing fascinating insight into the myriad ways that radical social movements shaped American political culture in the 1970s and the many ways they continue to do so today

Welfare State and Democracy in Crisis Theodore Pelagidis, Louka Katseli, John Milios, 2018-02-06 This title was first published in 2001 Investigating the consequences of restrictive austerity policies and the downsizing of the welfare state this edited collection reflects on possible ways out by analyzing economic developments social conflicts legal forms and the prevailing directions of economic policy According to official figures around 9.5 per cent of the working population of the European Union is unemployed Fifteen million European citizens are officially looking for work In other countries such as the US the increasing wage inequality has marginalized large parts of the population The precipitous rise in unemployment mainly in Europe and income inequality mainly in the USA as well as the weakening of democratic and welfare institutions in almost every developed nation have caused huge social and political problems in recent years

The Palgrave Handbook of Anarchism Carl Levy, Matthew S. Adams, 2018-06-22 This handbook unites leading scholars from around the world in exploring anarchism as a political ideology from an examination of its core principles an analysis of its history and an assessment of its contribution to the struggles that face humanity today Grounded in a conceptual and historical approach each entry charts what is distinctive about the anarchist response to particular intellectual political cultural and social phenomena and considers how these values have changed over time At its heart is a sustained process of conceptual definition and an extended examination of the core claims of this frequently misunderstood political tradition It is the definitive scholarly reference work on anarchism as a political ideology and should be a crucial text for scholars students and activists alike

Why Economists Disagree David L. Prychitko, 1998-01-01 Provides a convenient introduction to

heterodox alternatives to neoclassical economics *Cyber-Marx* Nick Dyer-Witheford,1999 In this highly readable and thought provoking work Nick Dyer Witheford assesses the relevance of Marxism in our time and demonstrates how the information age far from transcending the historic conflict between capital and its laboring subjects constitutes the latest battleground in their encounter Dyer Witheford maps the dynamics of modern capitalism showing how capital depends for its operations not just on exploitation in the immediate workplace but on the continuous integration of a whole series of social sites and activities from public health and maternity to natural resource allocation and the geographical reorganization of labor power He also shows how these sites and activities may become focal points of subversion and insurgency as new means of communication vital for the smooth flow of capital also permit otherwise isolated and dispersed points of resistance to connect and combine with one another Cutting through the smokescreen of high tech propaganda Dyer Witheford predicts the advent of a reinvented autonomist Marxism that will rediscover the possibility of a collective communist transformation of society Refuting the utopian promises of the information revolution he discloses the real potentialities for a new social order in the form of a twenty first century communism based on the common sharing of wealth **Russia's Path from Gorbachev to Putin** David Kotz,Fred Weir,2007-05-07 Over the past few years many of the former Communist rule countries of Central and Eastern Europe have taken a steady path toward becoming more or less normal capitalist countries with Poland and Hungary cases in point Russia on the other hand has experienced extreme difficulties in its attempted transition to capitalism and democracy The pursuit of Western endorsed policies of privatization liberalization and fiscal austerity have brought Russia growing crime and corruption a distorted economy and a trend toward authoritarian government In their 1996 book *Revolution from Above* David Kotz and Fred Weir shed light on the underlying reasons for the 1991 demise of the Soviet Union and the severe economic and political problems of the immediate post Soviet period in Russia In this new book the authors bring the story up to date showing how continuing misguided policies have entrenched a group of super rich oligarchs in alliance with an all powerful presidency while further undermining Russia s economic potential New topics include the origins of the oligarchs the deep penetration of crime and corruption in Russian society the financial crisis that almost destroyed the regime the mixed blessing of an oil dependent economy the atrophy of democracy in the Yeltsin years and the recentralization of political power in the Kremlin under President Putin *Robin Hood Was Right* Chuck Collins,Pam Rogers,Joan P. Garner,2000 Last year Americans donated 150 billion to charity an amount larger than the U S defense budget Giving has never been more popular possible or for many more confusing There are oceans of need mountains of requests and often little time to examine our preconceptions about money earned inherited bequeathed saved spent and make the best decisions on how to give effectively **After the Fall** George Katsiaficas,2001-05-10 Did the U S really win the Cold War Is the fall of Communism only a temporary setback for Marxism or has the freemarket prevailed once and for all In this work the last ten years are examined by the most important Marxist scholars and journalists
