Macintyre,2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and popular resolve **Securing Village Life** Scott

MacWilliam,2013-05-01 SECURING VILLAGE LIFE DEVELOPMENT IN LATE COLONIAL PAPUA NEW GUINEA examines the significance for post World War II Australian colonial policy of the modern idea of development Australian officials emphasised the importance of bringing development for both the colony of Papua and the United Nations Trust Territory of

New Guinea The principal form that development took involved securing smallholders against the tendencies of other forms of capitalist development that might have separated households from land In order to make household occupation of their holdings more secure and at higher standards of living the colonial administration coordinated and supervised increases in production of crops and other agricultural produce Contrary to suggestions that colonial policy and practice ignored indigenous agriculture and concentrated on plantation crops grown by international firms and expatriate owner occupiers the study shows how the main focus was instead upon increasing smallholder output for immediate consumption as well as for local and international markets Simultaneously development stimulated increases in consumption including of goods produced through manufacturing processes and imported into the colony Only as Independence approached was the pre eminence of the earlier focus upon smallholders weakened In part the change occurred due to the political advance of the indigenous capitalist class and their allies seeking to extend their base in largeholding agriculture and related commercial activities This advance and the uncertainty over which form of development would prevail once indigenes held state power in post colonial Papua New Guinea stood in marked contrast to the definite direction pursued under the colonial administration of the 1950s and early 1960s

A History of Canberra Nicholas Brown,2014-09-29 Designed as an ideal city and emblem of the nation Canberra has long been a source of ambivalence for many Australians In this charming and concise book Nicholas Brown challenges these ideas and looks beyond the clichés to illuminate the unique layered and often colourful history of Australia's capital Brown covers Canberra's selection as the site of the national capital the turbulent path of Walter Burley Griffin's plan for the city and the many phases of its construction He surveys citizens diverse experiences of the city the impact of the Second World War on Canberra's growth and explores the city's political history with insight and wit A History of Canberra is informed by the interplay of three themes central to Canberra's identity government community and environment Canberra's distinctive social and cultural history as a centre for the public service and national institutions is vividly rendered

Rowse, 2013 This book addresses the history current development and future of indigenous self governance in five settler colonial nations Australia Canada New Zealand South Africa and the United States A Concise History of Australia Stuart Macintyre, 2020-12-10 Stuart Macintyre one of Australia's most highly regarded historians revisits A Concise History of Australia to provoke readers to reconsider Australia's past and its relationship to the present Integrating new scholarship with the historical record the fifth edition of A Concise History of Australia brings together the long narrative of Australia's First Nations peoples the arrival of Europeans and the era of colonies convicts gold and free settlers the foundation of a nation state and the social cultural political and economic developments that created a modern Australia As we enter the third decade of the twenty first century Macintyre's Australia remains one of achievements and failures So too the future possibilities are deeply rooted in the country's past endeavours A Concise History of Australia is an invitation to examine this past *Lionel Robbins* Susan Howson, 2011-09-30 By the time of his death the English economist Lionel Robbins 1898 1984

was celebrated as a renaissance man He made major contributions to his own academic discipline and applied his skills as an economist not only to practical problems of economic policy with conspicuous success when he served as head of the economists advising the wartime coalition government of Winston Churchill in 1940 45 and of higher education the Robbins Report of 1963 but also to the administration of the visual and performing arts that he loved deeply He was devoted to the London School of Economics from his time as an undergraduate following active service as an artillery officer on the Western Front in 1917 18 through his years as Professor of Economics 1929 62 and his stint as chairman of the governors during the troubles of the late 1960s This comprehensive biography based on his personal and professional correspondence and other papers covers all these many and varied activities Stanley Melbourne Bruce David Lee, 2010-05-20 Australia's Prime Minister and premier diplomat in the 1930 1940s this new biography presents him as a consistent internationalist and places him in a global context Stanley Melbourne Bruce was at the centre of Imperial politics for more than two decades from the

early 1920s until the end of the Second World War This new biography presents Bruce as a consistent internationalist Educated in Melbourne and Cambridge Bruce as a businessman was alive to the importance of international commerce and particularly Anglo Australian trade This lay at the core of his internationalism which took the form in the 1920s of encouraging the political and economic integration of the British Empire Bruce s punitive treatment of militant Australian trade unionists and his upholding of constitutionalism and law and order in the 1920s was part of an effort to defend one form of internationalism commitment to the British Empire against the competing international ideology of communism While continuing to support a unified British Empire acting as a progressive force in world affairs Bruce championed stronger international collaboration through the League of Nations and the United Nations and through cooperation between the Empire and the United States

Family Experiments Shelley Richardson,2016-11-30 *Family Experiments* explores the forms and undertakings of family that prevailed among British professionals who migrated to Australia and New Zealand in the late nineteenth century Their attempts to establish and define family in Australasian suburban environments reveal how the Victorian theory of separate spheres could take a variety of forms in the new world setting The attitudes and assumptions that shaped these family experiments may be placed on a continuum that extends from John Ruskin s concept of evangelical motherhood to John Stuart Mill s rational secularism Central to their thinking was a belief in the power of education to produce civilised and humane individuals who as useful citizens would individually and in concert nurture a better society Such ideas pushed them to the forefront of colonial liberalism The pursuit of higher education for their daughters merged with and in some respects influenced first wave colonial feminism They became the first generation of colonial middle class parents to grapple not only with the problem of shaping careers for their sons but also and more frustratingly what graduate daughters might do next

Interpretive Political Science R. A. W. Rhodes,2017-06-30 *Interpretive Political Science* is the second of two volumes featuring a selection of key writings by R A W Rhodes Volume II looks forward and explores the interpretive turn and its implications for the craft of political science especially public administration and draws together articles from 2005 onwards on the theme of the interpretive turn in political science Part I provides a summary statement of the interpretive approach and Part II develops the theme of blurring genres and discusses a variety of research methods common in the humanities including ethnographic fieldwork life history and focus groups Part III demonstrates how the genres of thought and presentation found in the humanities can be used in political science It presents four examples of such blurring at work with studies of applied anthropology and civil service reform women s studies and government departments and storytelling and local knowledge The book concludes with a summary of what is edifying about an interpretive approach and why this approach matters and revisits some of the more common criticisms before indulging in plausible conjectures about the future of interpretivism The author seeks new and interesting ways to explore governance high politics public policies and the study of public administration in general Volume I collects in one place for the first time the main articles

written by Rhodes on policy networks and governance between 1990 and 2005 and explores a new way of describing British government focusing on policy making and the ways in which policy is put into practice *The State as Cultural Practice* Mark Bevir, R. A. W. Rhodes, 2010-04-08 The State as Cultural Practice offers a fully worked out account of the authors distinctive interpretive approach to political science It challenges the new institutionalism probably the most significant present day strand in both American and British political science It moves away from such notions as bringing the state back in path dependency and modernist empiricism Instead Bevir and Rhodes argue for an anti foundational analysis ethnographic and historical methods and a decentred approach that rejects any essentialist definition of the state and espouses the idea of politics as cultural practice The book has three aims to develop an anti foundational theory of the state to develop a new research agenda around the topics of rule rationalities and resistance by exploring empirical shifts and debates about the changing nature of the state to show how anti foundational theory leads us to see them differently Bevir and Rhodes argue for the idea of the stateless state or the state as meaning in action So the state is neither monolithic nor a causal agent It consists solely of the contingent actions of specific individuals of diverse beliefs about the public sphere about authority and power which are constructed differently in contending traditions Continuity and change are products of people inheriting traditions and modifying them in response to dilemmas A decentred approach explores the limits to the state and seeks to develop a more diverse view of state authority and its exercise In short political scientists need to bring people back in to the study of the state

Historical Dictionary of Australia Norman Abjorensen, James C. Docherty, 2014-12-05 Australia s development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia

The Craft of Governing R.A.W. Rhodes, 2020-08-02 Bargaining and puzzling power and thought dealing and agonising compromise and commitment These are two sides of political practitioners whether politician public servant or campaigner Understand the interplay and we can just sometimes make sense of the real world we seek to interpret Patrick Weller s observation comes from half a century of contemplating politics in action The question of how government works lies at the heart of political science and it has also been the career focus of this pioneer in the field The Craft of Governing offers a tribute to the contribution of Patrick Weller to Australian political science with chapters from leading political

commentators including Michelle Grattan Peter Shergold Bob Jackson and James Walter Contributors consider the role of the prime minister approaches to studying executive government the continuing significance of senior public servants and the nature of leadership in public bureaucracies They also reflect on how insights from the study of domestic public policy can be applied to international organisations challenges faced by Westminster democracies and approaches to political biography The Craft of Governing is an invaluable resource for readers interested in approaches to studying politics and the development of political science as a discipline
