Department of Civil Service, 1908 **Romeo and Juliet** William Shakespeare, 2023-06-29 For this updated critical edition of *Romeo and Juliet* Hester Lees Jeffries has written a completely new introduction It draws on recent research in theatre to set *Romeo and Juliet* in its mid 1590s context making connections with other plays by Shakespeare and other literature of the period as well as with the social and cultural contexts of the day with discussions of London and Italy dancing and duelling marriage gender and sexuality It includes detailed discussion of the play in performance from the Restoration to the present day with a particular focus on film including global cinema music and dance and also explores other adaptations and afterlives including young adult fiction The edition retains the commentary and Textual Analysis of the previous editor G Blakemore Evans the Textual Analysis is prefaced with a short note contextualising its conclusions in the light of more recent research **Report of the Civil Service Commission of the State of New York** New York (State). Legislature, 1926 A Late Antique Poetics? Joshua Hartman, Helen Kaufmann, 2023-06-15 The poetry of the late Roman world has a fascinating history Sometimes an object of derision sometimes an object of admiration it has found numerous detractors and defenders among classicists and Latin literary critics This volume explores the scholarly approaches to late Latin poetry that have developed over the last 40 years and it seeks especially to develop complement and challenge the seminal concept of the Jeweled Style proposed by Michael Roberts in 1989 While Roberts s monograph has long been a vade mecum within the world of late antique literary studies a critical reassessment of its validity as a concept is overdue This volume invites established and emerging scholars from different research traditions to return to the influential conclusions put forward by Roberts It asks them to examine the continued relevance of The Jeweled Style and to suggest new ways to engage it In a joint effort the nineteen chapters of this volume define and map the jeweled style extending it to new genres geographic regions time periods and methodologies Each contribution seeks to provide insightful analysis that integrates the

last 30 years of scholarship while pursuing ambitious applications of the jeweled style within and beyond the world of late antiquity Romeo and Juliet William Shakespeare, 1794 The One Fair Woman Joaquin Miller, 1876
