## **Paradoxical Resolutions American Fiction Since James Joyce:**

Paradoxical Resolutions Craig Hansen Werner, 1982     **James Joyce & the Perverse Ideal** David Cotter, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company     *A Contemporary Interpretation of James Joyce's A Portrait of the Artist as a Young Man* Indrani Deb, 2024-11-27 James Joyce is one of the most well known modernist writers of the twentieth century whose novels are special in that they use a form that he popularized first in English literature the stream of consciousness style The novel *A Portrait of the Artist as a Young Man* is just as contemporary as it was when it was written at the beginning of the twentieth century It is the aim of Dr Deb to discover the various ways that Joyce uses to bring out the thematic nuances of the novel This book is a collection of nineteen critical essays on James Joyce's *A Portrait of the Artist* and the author has gone beyond the established critical material on this novel providing analyses from twenty first century lenses This book will serve as a reference point for all types of readers of the novel students scholars teachers and also the common reader     William S. Burroughs Cutting Up the Century Joan Hawkins, Alex Wermer-Colan, 2019-05-17 This definitive book on Burroughs decades long cut up project and its relevance to the American twentieth century including previously unpublished works William S Burroughs's *Nova Trilogy* *The Soft Machine* *Nova Express* and *The Ticket That Exploded* remains the best known of his textual cut up creations but he committed more than a decade of his life to searching out multimedia for use in works of collage By cutting up folding in and splicing together newspapers magazines letters book reviews classical literature audio recordings photographs and films Burroughs created an eclectic and wide ranging countercultural archive This collection includes previously unpublished work by Burroughs such as cut ups of work written by his son cut ups of critical responses to his own work collages on the Vietnam War and the Watergate scandal excerpts from his dream journals and some of the few diary entries that Burroughs wrote about his wife Joan William S Burroughs *Cutting Up the Century* also features original essays interviews and discussions by established Burroughs scholars respected artists and people who encountered Burroughs The essays consider Burroughs from a range of perspectives literary studies media studies popular culture gender studies post colonialism history and geography A landmark in scholarship Choice     Embodying Beauty Malin Pereira, 2014-01-14 This study argues that twentieth century American women writers textual representations of female beauty generally recognize a link between beauty standards and aesthetic ideology exploring female beauty as a symptom of prevailing ideas about art and esthetics Female beauty in their texts is not merely an issue of whether a female character is pretty or not it is an expression of the controlling discourses negotiated by character text and author In this study therefore the women writers texts are read after interchapters outlining their key cultural and literary contexts Revising Paul de Man's method of exploring scenes of reading this study focuses on scenes of beauty in which a character narrator or speaker negotiates ideas about beauty The author pairs Euro American and African American women writers across the century in three generations H D and Zora Neale Hurston Gwendolyn Brooks

and Sylvia Plath and Toni Morrison and Louis Gluck As such this study offers a landmark black white dialogue on female beauty in twentieth century American culture and literature Scenes of beauty in the texts of these writers suggest multiple feminine aesthetics in twentieth century American writing unified in their negotiation of the aesthetic ideologies embodied in female beauty [Joyce and the Perverse Ideal](#) David Cotter,2013-08-21 Representations of masochism both overt and oblique permeate the work of James Joyce While a number of critics have noted this to date there has been no sustained and focused analysis of this trope in his writings David Cotter argues that such an examination is key to understanding the meanings and messages of Joyce s work Adding further dimensions to moral political and aesthetic considerations in the novels and stories particularly Ulysses this book provides a comprehensive account of masochistic elements in James Joyce s work Cotter draws upon psychoanalytic theory and social history to illustrate the subversive power of perversity in the literature of the modern period This edition first Published in 2003 Routledge is an imprint of Taylor Francis an informa company [A Richard Wright Bibliography](#) Kenneth Kinnamon,Joseph Benson,Michel Fabre,Craig Werner,1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any library supporting American literature studies Richard Wright has truly been well served Choice The most comprehensive bibliography ever compiled for an American writer this book contains 13 117 annotated items pertaining to Richard Wright It includes almost all published mentions of the author or his work in every language in which those mentions appear Sources listed include books articles reviews notes news items publishers catalogs promotional materials book jackets dissertations and theses encyclopedias biographical dictionaries handbooks and study guides library reports best seller charts the Index Translationum playbills and advertisements editorials radio transcripts and published letters and interviews The bibliography is arranged chronologically by year Each entry includes bibliographical information an annotation by the authors and information about all reprintings partial or full The index is unusually complete and contains the titles of Wright s works real and fictional characters in the works entries relating to significant places and events in the author s life important literary terminology and much additional information

*Breaking the Silence* David Ikard,2007-02 Can black males offer useful insights on black women and patriarchy Many black feminists are doubtful Their skepticism derives in part from a history of explosive encounters with black men who blamed feminism for stigmatizing black men and undermining racial solidarity and in part from a perception that black male feminists are opportunists capitalizing on the current popularity of black women s writing and criticism In *Breaking the Silence* David Ikard goes boldly to the crux of this debate through a series of provocative readings of key African American texts that demonstrate the possibility and value of a viable black male feminist perspective Seeking to advance the primary objectives of black feminism Ikard provides literary models from Chester Himes s *If He Hollers Let Him Go* James Baldwin s *Go Tell It on the Mountain* Toni Morrison s *Paradise* Toni Cade Bambara s *The Salt Eaters* and Walter Mosley s *Always*

Outnumbered Always Outgunned and Walkin the Dog that consciously wrestle with the concept of victim status for black men and women He looks at how complicity across gender lines far from rooting out patriarchy in the black community has allowed it to thrive This complicity Ikard explains is a process by which victimized groups invest in victim status to the point that they unintentionally concede power to their victimizers and engage in patterns of behavior that are perceived as revolutionary but actually reinforce the status quo While black feminism has fostered important and necessary discussions regarding the problems of patriarchy within the black community little attention has been paid to the intersecting dynamics of complicity By laying bare the nexus between victim status and complicity in oppression Breaking the Silence charts a new direction for conceptualizing black women s complex humanity and provides the foundations for more expansive feminist approaches to resolving intraracial gender conflicts

**Joyce through Lacan and Žižek** S. Brivic,2008-10-13 Brivic argues that James Joyce s fiction anticipated Jacques Lacan s idea that the perceivable world is made of language and that Joyce Lacan and i ek all carry forward a psychological and linguistic groundwork for social reform

*Pynchon and the Political* Samuel Thomas,2010-04-02 Thomas Pynchon s writing has been widely regarded as an exemplary form of postmodern fiction It is characterized as genre defying and enigmatic as a series of complex and esoteric language games This study attempts to demonstrate however that an oblique yet compelling sense of the political Pynchon disappears all too easily under the mantle of postmodernity Innovative and unsettling discussions of freedom war labour poverty community democracy and totalitarianism are passed over in favour of constrictive scientific metaphors and theoretical play Against this current this study analyses Pynchon s fiction in terms of its radical dimension showing how it points to new directions in the relationship between the political and the aesthetic

[A Reader's Companion to the Short Story in English](#) Erin Fallon,R.C. Feddersen,James Kurtzleben,Maurice A. Lee,Susan Rochette-Crawley,2013-10-31 Although the short story has existed in various forms for centuries it has particularly flourished during the last hundred years Reader s Companion to the Short Story in English includes alphabetically arranged entries for 50 English language short story writers from around the world Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biography a review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory

*Joyce, Derrida, Lacan and the Trauma of History* Christine van Boheemen,1999-09-18 In Joyce Derrida Lacan and the Trauma of History Christine van Boheemen Saaf examines the relationship between Joyce s postmodern textuality and the traumatic history of colonialism in Ireland Joyce s influence on Lacanian psychoanalysis and Derrida s philosophy Van Boheemen Saaf suggests ought to be viewed from a postcolonial perspective She situates Joyce s writing as a practice of indirect witnessing to a history that remains unspeakable The loss of a natural relationship to language in Joyce calls for a

new ethical dimension in the process of reading The practice of reading becomes an act of empathy to what the text cannot express in words In this way she argues Joyce s work functions as a material location for the inner voice of Irish cultural memory This book engages with a wide range of contemporary critical theory and brings Joyce s work into dialogue with thinkers such as Zizek Adorno Lyotard as well as feminism and postcolonial theory

**The Cambridge History of African American Literature** Maryemma Graham, Jerry W. Ward, Jr, 2011-02-03 The first major twenty first century history of four hundred years of black writing The Cambridge History of African American Literature presents a comprehensive overview of the literary traditions oral and print of African descended peoples in the United States Expert contributors drawn from the United States and beyond emphasise the dual nature of each text discussed as a work of art created by an individual and as a response to unfolding events in American cultural political and social history Unprecedented in scope sophistication and accessibility the volume draws together current scholarship in the field It also looks ahead to suggest new approaches new areas of study and as yet undervalued writers and works The Cambridge History of African American Literature is a major achievement both as a work of reference and as a compelling narrative and will remain essential reading for scholars and students in years to come

A Companion to Faulkner Studies Charles Peek, Robert W. Hamblin, 2004-06-30 Faulkner scholarship is one of the largest critical enterprises currently at work Because of its size and scope accessing that scholarship has become difficult for scholars students and general readers alike This reference includes chapters on individual approaches to Faulkner studies including archetypal historical biographical feminist and psychological criticism among others Each chapter is written by an expert contributor and surveys the contributions of that approach to Faulkner scholarship The volume concludes with a selected general bibliography and glossary of critical terms William Faulkner is one of the most widely read and studied American writers His works have also generated a vast body of scholarship and elicited criticism from a wide range of approaches Because of its size scope and diversity accessing that scholarship has become difficult for scholars students and general readers alike This reference comprehensively overviews the present state of Faulkner studies The volume includes chapters written by expert contributors Each chapter defines a particular critical approach and surveys the contributions of that approach to Faulkner studies Some of the approaches covered are archetypal biographical feminist historical and psychological among others The book closes with a selected general bibliography and glossary of critical terms

Ulysses, Capitalism, and Colonialism M. Keith Booker, 2000-01-30 The work of James Joyce especially Ulysses can be fully understood only when the colonial and postcolonial context of Joyce s Ireland is taken into account Reading Joyce as a postcolonial writer produces valuable new insights into his work though comparisons of Joyce s work with that of African and Caribbean postcolonial writers provides reminders that Joyce regardless of his postcolonial status remains a fundamentally European writer whose perspective differs substantially from that of most other postcolonial writers In addition to exploring Joyce s writings in light of recent developments in postcolonial theory Booker employs a

Marxist critical approach to assess the political implications of Joyce's work and examines the influence of Cold War anticommunism on previous readings of Joyce in the West. Focusing on Karl Radek's criticisms of Joyce, the volume begins with a detailed discussion of the rejection of Joyce's writings by many leftist critics. It then examines those aspects of *Ulysses* that can be taken as a diagnosis and criticism of the social ills brought to Ireland by British capitalism. The following chapters explore Joyce's language as part of his critique of capitalism, the role of history in his works, the failure of Joyce to represent the lower classes of colonial Dublin, and the political implications of Joyce's writings.

### **Postmodern Counternarratives**

Christopher Donovan, 2005-02-10. This book provides a wide-ranging discussion of realism, postmodernism, literary theory, and popular fiction, before focusing on the careers of four prominent novelists. Despite wildly contrasting ambitions and agendas, all four grow progressively more sympathetic to the expectations of a mainstream literary audience, noting the increasingly neglected yet archetypal need for strong explanatory narrative, even while remaining wary of its limitations, presumptions, and potential abuses. Exploring novels that manage to bridge the gap between accessible storytelling and literary theory, this book shows how contemporary authors reconcile values of postmodern literary experimentation and traditional realism.

**Tears of Rage** Shelly Brivic, 2008-12-01. In this provocative study, Shelly Brivic presents the history of the twentieth-century American novel as a continuous narrative dialogue between white and black voices. Exploring four of the most renowned and challenging works written between 1930 and 1990—William Faulkner's *Absalom, Absalom!*, Richard Wright's *Native Son*, Thomas Pynchon's *V*, and Toni Morrison's *Beloved*—Brivic traces how these works progress through the interaction of white and black perspectives toward confronting the calamity of slavery and its reverberating aftermath and continuing legacy. Brivic shows how one novel leads ineluctably to the next, and how the four works, in a sense, form one continuous narrative. With Faulkner's attack on the racial system in *Absalom, Absalom!* in the 1930s, a literary space opened for Wright's devastating novel of protest. Through the character of Bigger Thomas, Wright's *Native Son* exposes a virtually incurable division in American ideologies, which leads to the multiplying perspectives of postmodernism in Pynchon's *V*. Arriving at the crest of the civil rights movement, *V* questions Western systems of control, laying a foundation for a world outside the white one and so providing a basis for the African view of reality presented in Morrison's *Beloved*. The emergence of African consciousness in American literature, exemplified across these works, has had and continues to have. Brivic concludes the potential, not only to redress ongoing injustices but to bring about a new conception of the American universe and its laws of reality. Striking in both the selection of novels and the connections Brivic draws among them, *Tears of Rage* advances understanding of the destructive nature of racism and the possibilities for overcoming its effects through literature.

### **Discontented Discourses**

Marleen S. Barr, Richard Feldstein, 1989. **The Play of the Double in Postmodern American Fiction** Gordon Slethaug, 1993. In *The Hawkline Monster*, Brautigan's minimalist metafictional parody of the double depicts our narcissistic view of reality. In *Double or Nothing*, Federman subverts the conventional double, exposing its gamelike structures and traditional
