Paris Photographies Et Poemes:

Paris Marie De They,Collectif,1995-01-01 Photo-texts Andy Stafford,2010-01-01 What do photographs want Do they need any accompaniment in today s image saturated society Can writing inflect photography or vice versa in such a way that neither medium takes precedence Or are they in constant inexorable battle with each other Taking nine case studies from the 1990s French speaking world from France North Africa and the Caribbean this book attempts to define the interaction between non fictional written text caption essay fragment poem and photographic image Having considered three categories of intermediality between text and photography the collaborative the self collaborative and the retrospective the book concludes that the dimensions of their interaction are not simple and two fold visuality versus alongside textuality but threefold and therefore complex Thus the photo text as defined here is concerned as much with orality the demotic the popular the vernacular as it is with visual and written culture That text image collaborations give space to the spoken spectral traces of human discourse suggests that the key element of the photo text is its radical provisionality Paris ,1995

Travellers' Visions Akane Kawakami, 2005-01-01 Travellers Visions adds another perspective to ongoing debates over colonialism with an examination of the intercultural relations between France a major colonial empire for nearly three centuries and Japan a country that has remained mostly autonomous throughout its existence In this analytic history of French literary images of Japan from soon after its reopening to the West to the present day Kawakami examines the work of many of France s most revered authors including Marcel Proust Paul Claudel and Roland Barthes along with other lesser

known writers and artists such as Loti and Farr re as they embarked on journeys literary and real to this exotic land Authors are discussed according to type journalists diplomats or collectors for example and the close readings are accompanied by G rard Mac s beautiful and rarely seen photographs Travellers Visions offers new clarity to current intellectual debates and will be a valuable resource to students and scholars of French literature and Asian history alike National Union Catalog ,1956 Includes entries for maps and atlases Cinepoetry Christophe Wall-Romana,2013-01-28 Cinepoetry analyzes how French poets have remapped poetry through the lens of cinema for more than a century In showing how poets have drawn on mass culture technology and material images to incorporate the idea technique and experience of cinema into writing Wall Romana documents the long history of cross media concepts and practices often thought to emerge with the digital In showing the cinematic consciousness of Mallarm and Breton and calling for a reappraisal of the influential poetry theory of the early filmmaker Jean Epstein Cinepoetry reevaluates the bases of literary modernism The book also explores the crucial link between trauma and trans medium experiments in the wake of two world wars and highlights the marginal identity of cinepoets who were often Jewish gay foreign born or on the margins What results is a broad rethinking of the relationship between film and literature The episteme of cinema the book demonstates reached the very core of its supposedly highbrow rival while at the same time modern poetry cultivated the technocultural savvy that is found today in slams e poetry and poetic digital hybrids Baudelaire's Le Spleen de Paris MariaC. Scott,2017-09-29 Maria Scott s study of the operation of irony in Baudelaire s Le Spleen de Paris contends that the principal target of the collection s spleen is its own readership Baudelaire as one of the most perceptive cultural commentators of the nineteenth century was naturally very keenly aware of the growing dominance of the bourgeoisie in France not least as a market for art and literature Despite being dependent on this market for his own writing the poet was highly critical of bourgeois values and attitudes Scott builds on existing criticism of the collection to argue that these are indirectly mocked in Le Spleen de Paris often in the person of the poet s supposed textual alter ego The contention is that the prose poems betray the trust of readers by way of an apparent transparency of meaning that functions to blind us to their embedded irony Though focused on Le Spleen de Paris Scott s study engages with the full range of Baudelaire s writings including his art and literary criticism Her book will be of interest not only to Baudelaire scholars but also to those engaged more generally with nineteenth century French culture **La poésie du lieu** Steven Winspur,2006 On consid re d habitude l exotisme de Victor Segalen comme une des tentatives les plus pouss es de fonder l critique sur la d couverte d un autre monde de m me qu on loue Walden d Henry David Thoreau pour son vocation d une vie simple et id ale qui serait la port e de tout un chacun condition d chapper aux r gles et contraintes de toute communaut D un autre c t les po mes descriptifs d un Guillevic ou d un Ponge semblent tre ancr s d finitivement dans une zone circonscrite de la vie quotidienne N anmoins en examinant de pr s les crits de ces auteurs on trouvera que l opposition vidente de l ailleurs l ici doit tre reformul e et que la qu te apparente d un ailleurs chez les deux premiers aussi bien que son

Julie S. Kleiva, 2018-08-20 Dans Intertextualité surréaliste dans la poésie de René Char Julie S Kleiva montre comment la figure d'Artine initialement une représentante du surréalisme charien se transforme en une image complexe polymorphe et considérablement présente travers l'œuvre de René Char 1907-1988 En adoptant une approche intertextuelle Kleiva soutient que la figure d'Artine représente la force d'écoute au cœur de l'imagination poétique charienne L'image revenante d'Artine favorise l'idée d'une continuité dans l'œuvre poétique de Char malgré la rupture articulée au milieu des années 30 In Intertextualité surréaliste dans la poésie de René Char Julie S Kleiva demonstrates how the initially surrealist figure of Artine becomes a complex polymorphous and most importantly significantly present image throughout the work of the French poet René Char 1907-1988 By adopting an intertextual approach Kleiva argues that the figure of Artine is a disturbing and confusing creative agency that corresponds to the core of Char's poetry The reappearing image of Artine serves to demonstrate that Char's poetic rupture of the years from 1935-1937 has been exaggerated and must be viewed as a development rather than a clean break
