Parliamentary Debates New Zealand. Parliament, 1902 Hansard's Parliamentary Debates Great Britain. Parliament, 1884 **Writing the history of parliament in Tudor and early Stuart England** Paul Cavill, Alexandra Gajda, 2018-07-14 This volume of essays explores the rise of parliament in the historical imagination of early modern England The enduring controversy about the nature of parliament informs nearly all debates about the momentous religious political and governmental changes of the period most significantly the character of the Reformation and the causes of the Revolution Meanwhile scholars of ideas have emphasised the historicist turn that shaped political culture Religious and intellectual imperatives from the sixteenth century onwards evoked a new interest in the evolution of parliament framing the ways that contemporaries interpreted legitimised and contested Church state and political hierarchies Parliamentary history is explored through the analysis of chronicles more overtly literary texts antiquarian scholarship religious polemic political pamphlets and of the intricate processes that forge memory and tradition Ceremony and Ritual in Parliament Shirin M. Rai, 2013-10-18 Ceremony and Ritual in Parliament breaks new ground in the study of legislatures It combines mainstream historical and social science approaches with cultural theory to consider how parliamentary ritual is constructed through ceremony space and socialisation The focus is on the marginalised groups especially women and members of ethnic minorities who seek inclusion as representatives in democratic legislatures This book assesses aspects of the role that ceremony and ritual in legislatures play especially but not exclusively in their gendered and racialised dimensions Within this broad frame it considers the impact of space identity ritual and or ceremony on the institutional form of parliament how power is shaped within it how the behaviour of members is facilitated constrained and shaped how power and rituals interact to and how they impinge upon the relationships between representative institutions and citizens Contributions are theoretical and empirical comparative or single country studies of national or sub national legislatures They have interdisciplinary historical or postcolonial perspectives that contribute to this emerging field in the study of parliaments This book was previously published as a special issue of the Journal of Legislative Studies Parliamentary Commissions of Inquiry Great Britain: Parliament: House of Commons: Public Administration Select Committee, 2008 This report considers the case for Parliament to be able to initiate and conduct inquiries into serious and significant matters of public concern It

takes up the recommendation made by this committee's predecessor Committee in the Government by Inquiry Report that there should be a parliamentary mechanism for initiating inquiries. These would take the form of Parliamentary Commissions of Inquiry composed of parliamentarians and others. In the Report the committee examines the justification for creating Parliamentary Commissions of Inquiry in particular that they would enable Parliament to hold the Executive to account more effectively. Then it covers some of the practical issues involved in setting up inquiries of this nature: how Parliament could instigate an inquiry, its composition and its operation and powers. The committee concludes that it is crucial in constitutional sense that Parliament has the necessary powers and abilities to scrutinise the Executive and hold it to account. Proper parliamentary scrutiny should include the ability to establish and undertake inquiries into significant matters of public concern. Parliament has in the past conducted investigations of this kind and as the great forum of the nation should be expected to do so. The committee's recommendation for Parliamentary Commissions of Inquiry would promote effective parliamentary accountability by creating a process for Parliament to initiate inquiries where it rather than the Executive sees fit.
