Sex Role Attitudes and Cultural Change I. Gross,J. Downing,A. D'Heurle,2012-12-06 The initial impetus for this volume was the occasion of the World Congress for Mental Health held in Vancouver British Columbia in 1977 The theme of that congress was priorities in mental health The keynote speaker Mrs Rosalynn Carter wife of the then President of the United States focused attention on the necessity for an international perspective in understanding priorities for mental health Without exception subsequent speakers echoed the sentiments Mrs Carter expressed that the first priority for mental health was that of children For many participants the concern for children was translated not only into techniques for treatment but more importantly into broadening the approaches to prevention One theme emerged which has begun to be addressed around the world that of the cultural and developmental implications of sex role stereotyping for mental health This topic proved to be the touchstone for many issues related both directly and indirectly to mental health Among the most prominent concerns expressed were those for the effects on careers the learning environment and relations between the sexes which stem from stereotyped attitudes concerning appropriate sex role behavior The consensus of the participants was to urge the directorate of the congress to continue this topic at the next World Congress This was a particularly appropriate content for the next World Congress since 1979 was the International Year of the Child *Research Relating to Children* ,1948-12 *School Life* ,1953 **The Legibility of Serif and Sans**

Serif Typefaces John T. E. Richardson,2022-02-15 This open access book provides a detailed and up to date account of the relevant literature on the legibility of different kinds of typefaces which goes back over 140 years in the case of reading from paper and more than 50 years in the case of reading from screens It describes the origins of serif and sans serif styles in ancient inscriptions their adoption in modern printing techniques and their legibility in different situations and in different populations of readers It also examines recent research on the legibility of serif and sans serif typefaces when used with internet browsers smartphones and other hand held devices The book investigates the difference in the legibility of serif typefaces and sans serif typefaces when they are used to produce printed material or when they are used to present material on computer monitors or other screens and it explores the differences in readers preferences among typefaces The book's main focus is on the psychology of reading but there are clear implications for education and publishing Indeed the book can be read with benefit by anyone concerned with communicating with others through written text whether it is printed on paper or displayed on computer screens *School Life* ,1952 **The Review of Special Education** Lester Mann,1973
