Pro-Life Pulpit Stephen Tu, 2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners **Christian Ethics (Revised Edition)**

Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should Christians live when the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of other issues And on a very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne

Grudem author of the bestselling book Systematic Theology draws on 40 years of teaching classes in ethics to write this wide ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God Written by Wayne Grudem Bestselling author of Systematic Theology and the What the Bible Says About series Biblical and Applicable Teaches readers how to protect 7 central tenets of God s law God s honor human authority life marriage property truth and purity of heart Accessible An ideal textbook for Christian college and seminary ethics classes with straightforward language and a bibliography for the topic at the end of each chapter Replaces ISBN 978 1 4335 4965 6 Voting as a Christian: The Social Issues Wayne A. Grudem,2012-02-07 God intended the Bible to give guidance to every area of life including how governments should function Derived from author Wayne Grudem s Politics According to the Bible this book highlights those social issues that have dominated political debate recently and is a must read for any Christian concerned about current debates over social issues such as Abortion Education Homosexual marriage Pornography Religious freedom Throughout Wayne Grudem author of the bestselling Systematic Theology supports political positions that would be called more conservative than liberal However it is important to understand that I see these positions as flowing out of the Bible s teachings rather than positions I hold prior to or independently of those biblical teachings he writes My primary purpose in the book is not to be liberal or conservative or Democrat or Republican but to explain a biblical worldview and a biblical perspective on issues of politics law and government Not every reader will agree with the book s conclusions But by grounding his analysis deeply on Scripture Grudem has equipped Christians to better understand and respond to some of today s key political debates wisely and in a manner consistent with their primary citizenship as members and ambassadors of the kingdom of God **Insanity!** Kerry D. McRoberts,2018-04-12 By redefining terms and language the far left controls discourse and alters Western civilization even to the extreme of exchanging that which was formerly nearly universally condemned for what is now nearly universally celebrated the almost total desecration of the created order Rom 1 18 32 And those who refuse to celebrate are threatened with the loss of their business their home and life s savings Virtually everything formally considered right and true sane and decent are now exchanged for inhuman indecent pagan values Our nation s nearly universal refusal to acknowledge God has resulted in our alienation from God and our lawless insanity This book is not intended to condemn America but to restore sanity and civility to the greatest nation on earth through a minority of united faithful and courageous believers in whose lives the Sermon on the Mount takes narrative form **Legislating Morality** Norman L. Geisler, Frank Turek,2003-02-12 America s moral decline is not secret An alarming number of moral and cultural problems have exploded in our country since 1960 a period when the standards of morality expressed in our laws and customs have been relaxed abandoned or judicially overruled Conventional wisdom says laws cannot stem moral decline Anyone who raises the prospect of legislation on the hot

topics of our day abortion family issues gay rights euthanasia encounters a host of objections As long as I don't hurt anyone the government should leave me alone No one should force their morals on anyone else You can't make people be good Legislating morality violates the separation of church and state Legislating Morality answers those objections and advocates a moral base for America without sacrificing religious and cultural diversity It debunks the myth that morality can't be legislated and amply demonstrates how liberals moderates and conservatives alike exploit law to promote good and curtail evil This book boldly challenges prevailing thinking about right and wrong and about our nation's moral future *The Founders' Revolution* Michael S. Law, 2018-01-02 A historian's revealing and much needed retelling of the writing of the Declaration of Independence and the events that led up to it William D Watkins author of *The New Absolutes* Tying American history to our current political climate *The Founders Revolution* is designed to help readers understand the principles embedded in the Declaration of Independence The book unpacks the intent of the Founding Fathers in drafting the document and the historical circumstances surrounding its development Every charge and every paragraph of the Declaration of Independence is discussed with supporting evidence coming from the original words of the Founding Fathers and other original source documents The Founders Revolution also makes astute comparisons between actions taken by America's current federal government and those taken by the King of England at the time of the Declaration showing how our founding document and its principles are still applicable today In this revealing history readers will rediscover the forgotten treasures of the Declaration of Independence recognizing the dedication of the Founding Fathers to the principles written down **10**

Issues That Divide Christians Alex McFarland, 2014-02-13 Is agreeing to disagree good enough for God's family Christians don't necessarily agree with each other when it comes to questions of religious pluralism homosexuality the role of government abortion and war Too often we manage these disagreements by ignoring them Yet we are called to engage the world for the sake of Christ How can we be effective if we avoid society's most pressing questions In *10 Issues That Divide Christians* Alex McFarland challenges Christ followers to drill down to the biblical core of ten current issues such as social justice evil and suffering pornography and environmentalism among others and echoes the biblical invitation Come let us reason together Only by engaging the Scriptures deeply thinking clearly and speaking truthfully can we in God's family address our differences and discover the peace that comes with unity of purpose With the Bible as our guidebook and the Spirit as our guide we can respond to today's urgent questions with the mind of Christ **The Face That Demonstrates the Farce of Evolution** Hank Hanegraaff, 2023-12-19 Looking into the face of our alleged ape ancestor popular Christian apologist Hank Hanegraaff dissects and debunks the astonishingly weak arguments for the evolutionary theory revealing it as nothing more than a fairy tale for grown ups The author uses his own Memory Dynamics to make it easy for Christians to speak intelligently about evolution and speak persuasively about the Creator **A Defense of Abortion** David Boonin, 2003 David Boonin has written the most thorough and detailed case for the moral permissibility of abortion yet published Critically

examining a wide range of arguments that attempt to prove that every human fetus has a right to life he shows that each of these arguments fails on its own terms He then explains how even if the fetus does have a right to life abortion can still be shown to be morally permissible on the critic of abortion s own terms Health Care Ethics Benedict M.
