Sacred Prey:

Sacred Prey Vivian Schilling,1996-04-29 Killing a young couple that were unable to pay him back loan shark Adam Claiborne is terrified when he confesses to an unfamiliar priest who refuses to absolve him and he wakes up to discover himself in the body of his own victim Reprint LJ Applying the Canon in Islam Brannon M. Wheeler,1996-07-03 Argues how the notion of canon is used to authorize and maintain certain types of interpretive reasoning and the social institutions that employ them *English Translations* Alexander Chalmers,1810 Exploding the Western Sara L. Spurgeon,2005-03-01 The frontier and Western expansionism are so quintessentially a part of American history that the literature of the West and Southwest is in some senses the least regional and the most national literature of all The frontier the place where cultures meet and rewrite themselves upon each other s texts continues to energize writers whose fiction evokes destroys and rebuilds the myth in ways that attract popular audiences and critics alike Sara L Spurgeon focuses on three writers whose works not only exemplify the kind of engagement with the theme of the frontier that modern authors make but also show the range of cultural voices that are present in Southwestern literature Cormac McCarthy Leslie Marmon Silko and Ana Castillo Her central purposes are to consider how the differing versions of the Western mythic tales are being recast in a globalized world and to examine the ways in which they challenge and accommodate increasingly fluid and even dangerous racial cultural and international borders In Spurgeon s analysis the spaces in which the works of these three writers collide offer some sharply differentiated visions but also create new and unsuspected forms providing the most startling insights Sometimes beautiful sometimes tragic the new myths are the expressions of the larger culture from which they spring both a projection onto a troubled and troubling past and an insistent prophetic vision of a shared future
