The Sacred and Profane Love Machine Iris Murdoch, 1984-03-06 Swinging between his wife and his mistress in the sacred and profane love machine and between the charms of morality and the excitements of sin the psychotherapist Blaise Gavender sometimes wishes he could divide himself in two Instead he lets loose misery and confusion and for the spectators at any rate a morality play rich in reflections upon the paradoxes of human life and the nature of the battle between sacred and profane love *Listening to Iris Murdoch* Gillian Dooley, 2022-06-15 When we think of Iris Murdoch's relationship with art forms the visual arts come most readily to mind However music and other sounds are equally important Soundscapes music and other types of sound contribute to the richly textured atmosphere and moral tenor of Murdoch's novels This book will help readers to appreciate anew the sensuous nature of Iris Murdoch's prose and to listen for all kinds of music sounds and silences in her novels opening up a new sub field in Murdoch studies in line with the emerging field of Word and Music Studies This study is supported by close readings of selected novels exemplifying the subtle variety of ways she deploys music sounds and silence in her fiction It also covers Murdoch's knowledge of music and her allusions to music throughout her work and includes a survey of musical settings of her words by various composers **The Publishers' Circular and Booksellers' Record**, 1929 *Iris Murdoch* B. Nicol, 1999-06-07 Iris Murdoch The Retrospective Fiction considers one of the major British novelists of the post war years in a new light arguing that Murdoch's compulsive plots and characters are strongly motivated by the question of the past Drawing on many of her key works and providing the first analysis of her first person retrospective novels as a separate group within the larger body of her fiction the book also considers Murdoch's relation to key currents within twentieth century thought like modernism postmodernism and psychoanalysis **Collecting Modern First Editions** Joseph Connolly, 1977 **Language Processing in Discourse** Monika Doherty, 2003-09-02 This book argues that language systems determine language use to a greater extent than is generally assumed The author demonstrates how the typological characteristics of a language determine even the most general aspects of our stylistic preferences Through extensive analysis of examples in German and English the author demonstrates how analogous options of sentence structure must be surrendered in order to achieve felicitous translations Two major aspects that determine the appropriateness of language use are examined language processing and discourse dependency Essential reading for translation scholars and linguists involved in the comparative study of English and German this book will also be of interest to scholars of psycholinguistics and cognitive science as well as translators and linguists more generally **The British and Irish Novel Since 1960** James Acheson, 1991-09-03 The essays in this collection survey the work of some of the most important British and Irish novelists of today They not only consider afresh the work of novelists who established their reputations before 1960 such as Doris Lessing and William Golding they also discuss the work of more recent novelists among them Kazuo Ishiguro Angela Carter and Graham Swift The contributors are drawn from various parts of the English

speaking world and provide a variety of original perspectives on the novelists concerned *Twentieth-Century Women Novelists* Thomas F. Staley, 1982-06-18

A History of British, Irish and American Literature Hans-Peter Wagner, 2021-10-04. The third revised and enlarged edition contains discussions of British, Irish, and American literary works up to 2020. Focussing on outstanding writings in prose, poetry, drama, and non-fiction, the book covers the time from the Anglo-Saxon period to the 21st century. The feature that makes this literary history unique among its rivals is the coverage of television, web series, and social media as a particular form of postmodern drama. The chapters on recent drama now contain detailed analyses of the development of TV and web series from Britain, Ireland, and America, with extensive discussions of those series now considered classics. In addition, there are several major innovative features. To begin with, each century is introduced by a survey of the socio-political and cultural backgrounds in which the literary works are embedded. Furthermore, extensive visual material—more than 160 engravings, cartoons, and paintings—has been integrated. This visual aspect, as well as the introductory sections on art for each century, give the reader an excellent idea of the symbiosis between visual and literary representations. Further innovative aspects include discussions of non-fictional works from literary criticism and theory, travel writing, historiography, and the social sciences; analyses of such popular genres as crime fiction, science fiction, fantasy, the Western, horror fiction, and children's literature; footnotes explaining technical and historical terms and events; a detailed glossary of literary terms; chronological tables for British, Anglo-Irish, and American literatures; and an updated cut-off date of 2020. Extensive bibliography containing suggestions for further reading.
