Blacker, 2024-06-01 In both clinical and informal settings psychedelics users often report they have undergone something profound and even life altering Yet there persists a confounding inability to articulate just

what has been imparted Informed by multidisciplinary emerging research this book provides an account of the specifically educational aspects of psychedelics and how they can render us ready to learn Drawing from indigenous peoples worldwide who typically revere these substances as plant teachers and from canonical thinkers in the western tradition such as Plato Spinoza Kant and Heidegger the author proposes an original set of categories through which to understand the educational capabilities of entheogens psychedelics with visionary qualities It emerges that entheogens real power lies not in destabilizing and decentering turning on and dropping out but as powerful aids in restoring and reenchancing our shared worlds

Ploughing the Clouds Peter Lamborn Wilson, 2021-10-20 The Rig Veda written in India about 1500BC praises a holy plant called Soma which is sacrificed and consumed granting the drinker an experience of enlightenment and ecstasy The late Gordon Wasson identified Soma as a magic mushroom *Amanita muscaria* and he and his followers discovered that such Indo Europeans as the ancient Greeks Iranians and Norse had also used a Soma type plant In *Ploughing the Clouds* Peter Lamborn Wilson investigates the probability of a Soma cult in ancient Ireland tracing clues in Irish and other Celtic lore By comparing Celtic folktales romances epics and topographic lore with the Rig Veda he uncovers the Irish branch of the great Indo European tradition of psychedelic or entheogenic shamanism and even reconstructs some of its secret rituals He uses this comparative material to illuminate the deep meaning of the Soma function in all cultures the entheogenic origin of poetic frenzy the link between intoxication and inspiration

Failed God John A. Rush, 2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark's Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an *Amanita muscaria* cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only *Amanita muscaria* but a plethora of mind altering substances *Failed God* *Fractured Myth in a Fragile World* re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur'an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus's simple message of human decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today's world

A Transatlantic Political Theology of Psychedelic Aesthetics Roger K. Green,2019-04-02 Arguing that we ought to look to psychedelic aesthetics of the 1960s in relation to current crises in liberal democracy this book emphasizes the intersection of European thought and the psychedelic The first half of the book focuses on philosophical influences of Herbert Marcuse and Antonin Artaud while the second half shifts toward literary and theoretical influences of Aldous Huxley on psychedelic aesthetics Framed within an emergent discourse of political theology it suggests that taking a postsecular approach to psychedelic aesthetics helps us understand deeper connections between aesthetics and politics **The Re-Enchantment of the West, Vol 2** Christopher Partridge,2006-06-20 Challenging some assessments of religion in the West this study argues that although much organized religion particularly Christianity is in numerical decline in actual fact we are witnessing an alternative spiritual re enchantment of society and culture
