López Guerra Francisco López-Guerra, 2000 Amongst the members of the new generations of architecture and his commitment to his profession *Against Democracy* Jason Brennan, 2017-09-26 A bracingly provocative challenge to one of our most cherished ideas and institutions Most people believe democracy is a uniquely just form of government They believe people have the right to an equal share of political power And they believe that political participation is good for us it empowers us helps us get what we want and tends to make us smarter more virtuous and more caring for one another These are some of our most cherished ideas about democracy But Jason Brennan says they are all wrong In this trenchant book Brennan argues that democracy should be judged by its results and the results are not good enough Just as defendants have a right to a fair trial citizens have a right to competent government But democracy is the rule of the ignorant and the irrational and it all too often falls short Furthermore no one has a fundamental right to any share of political power and exercising political power does most of us little good On the contrary a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse more irrational biased and mean Given this grim picture Brennan argues that a new system of government epistocracy the rule of the knowledgeable may be better than democracy and that it's time to experiment and find out A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable *Against Democracy* is essential reading for scholars and students of politics across the disciplines Featuring a new preface that situates the book within the current political climate and discusses other alternatives beyond epistocracy *Against Democracy* is a challenging critique of democracy and the first sustained defense of the rule of the knowledgeable **The Ethics of Exile** Ashwini Vasanthakumar, 2021-11-04 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create renewed political institutions and identities back home Ongoing waves of migration ensure that they will continue to play these vital roles Rather than focus on what exiles mean for the countries they enter a perspective that often treats them as passive victims *The Ethics of Exile* recognises their political and moral agency and explores their rich and vital relationship to the communities they have left It offers a rare view of the other side of the migration story Engaging with a series of case studies this book identifies the responsibilities and rights exiles have and the important roles they play in homeland politics It argues that exile politics performs two functions it can correct defective political institutions back home and it can counter asymmetries of voice and power abroad In short exiles can act both as a linchpin and a buffer between political communities in crisis and the international actors who seek to variously aid and exploit them When we think about the duties we owe to those forced to leave their homes we should consider how to enable rather than thwart these roles Power to the People Mark V. Tushnet, Bojan Bugarič, 2021 *Power to the People* proposes that some forms of populism are inconsistent with constitutionalism while others aren't By providing a series of case studies some organized by nation others by topic the book

identifies these populist inconsistencies with constitutionalism and importantly when and how they are not Opening a dialogue for the possibility of a deeper populist democracy the book examines recent challenges to the idea that democracy is a good form of government by exploring possibilities for new institutions that can determine and implement a majority's views without always threatening constitutionalism

Childhood in Liberal Theory Nicolás Brando, 2024 Childhood in Liberal Theory offers a novel perspective on the concept of childhood and children's rights within the tradition of liberal theories of justice Brando questions the strict opposition of childhood and adulthood as social categories and proposes an Adaptive model of childhood as an alternative foundation

Citizenship Acquisition and National Belonging G. Calder, P. Cole, J. Seglow, 2009-11-12 What does it take to become a citizen of a particular nation Is it justified to restrict membership of a society and if so on what grounds This book explores a series of pressing controversial issues surrounding the acquisition of citizenship in theory and practice

Stories from the Barrio Carlos Eliseo Cuéllar, 2003 This work offers a new look at the history of Fort Worth The history of this people includes the stories of early Mexicanos escaping the hardships of the Mexican revolution to the attempts of second generation Mexican Americans to assimilate to their political voice and freedoms

Joseph Carens: Between Aliens and Citizens Matthias Hoesch, Nadine Mooren, 2020-08-11 This book offers a critical discussion of Joseph Carens's main works in migration ethics covering themes such as migration naturalization citizenship culture religion and economic equality The volume is published on the occasion of the annual Münster Lectures in Philosophy held by Joseph Carens in the fall of 2018 It documents the intellectual exchange with the well known philosopher Joseph Carens by offering critical contributions on Carens's work and commentaries of Carens as a reply to these critical contributions With his various works on migration ethics Joseph Carens must be seen as one of the leading academics in the political and ethical discourse of migration in the last years The topic of migration raises questions not only regarding naturalization and citizenship but also cultural economic and religious differences between aliens citizens and persons whose status lies in between and calls for further determination Such questions gain more and more importance in our globalized world as can be seen for example in the context of the refugee crisis in the European Union and the U S The book covers different systematic topics of Carens's work as can be found in his widely read book *The Ethics of Immigration* but also in further publications It provides papers with critical discussions of Carens's work as well as his responses to these thus enabling and documenting the fruitful dialogue between the contributors and Carens himself The aim of this book is to sharpen and shed light on Carens's arguments concerning migration by offering new and critical perspectives and fine grained analyses

The Superior Courts Network European Court of Human Rights, 2025-05-01 A network designed to facilitate dialogue between the European Court of Human Rights and the national superior courts Launched by the European Court of Human Rights in 2015 the Superior Courts Network SCN has matured into a vibrant operational level community in the service of human rights the rule of law and justice Ten years on and spanning 111 member courts in all 46 Council of
