

Los Angeles Epic Of A City

Kevin Starr

Los Angeles Epic Of A City:

Los Angeles Lynn Bowman,1974 *The Urban West at the End of the Frontier* Lawrence H. Larsen,2021-10-08

Historians have largely ignored the western city although a number of specialized studies have appeared in recent years this volume is the first to assess the importance of the urban frontier in broad fashion Lawrence H Larsen studies the process of urbanization as it occurred in twenty four major frontier towns Cities examined are Kansas City St Joseph Lincoln Omaha Atchison Lawrence Leavenworth Topeka Austin Dallas Galveston Houston San Antonio Denver Leadville Salt Lake City Virginia City Portland Los Angeles Oakland Sacramento San Francisco San Jose and Stockton Larsen bases his analysis of western cities and their problems on social statistics obtained from the 1880 United States Census This census is particularly important because it represents the first time that the federal government regarded the United States as an urban nation The author is the first scholar to do a comprehensive investigation of this important source This volume gives an accurate portrayal of western urban life Here are promoters and urban planners crowding as many lots as possible into tracts in the middle of vast uninhabited valleys Here are streets clogged with filth because of inadequate sanitation systems people crowded together in packed quarters with only fledgling police and fire services Here too is the advance of nineteenth century technology gaslights telephones interurbans Most important this study dispels the misconceptions concerning the process of exploration settlement and growth of the urban west City building in the American West despite popular mythology was not a response to geographic or climatic conditions It was the extension of a process perfected earlier the promotion and building of sites no matter how undesirable into successful localities Uncontrolled capitalism led to disorderly development that reflected the abilities of individual entrepreneurs rather than most other factors The result was the establishment of a society that mirrored and made the same mistakes as those made earlier in the rest of the country **The**

^ADream Endures Kevin Starr,2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California s most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California In *The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly

important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle. The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios. Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years. Igor Stravinsky, Arnold Schoenberg, Man Ray, Bertolt Brecht, Christopher Isherwood, Aldous Huxley, Thomas Mann, and Franz Werfel. Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation. Starr reserves his greatest attention and most memorable writing for San Francisco. For Starr, despite the city's beauty and commercial importance, San Francisco's most important achievement was the sense of well-being it conferred on its citizens. It was a city that magically belonged to everyone. Whether discussing photographers like Edward Weston and Ansel Adams, hard-boiled fiction writers, or the new breed of female star, Marlene Dietrich, Jean Harlow, Bette Davis, Carole Lombard, and the improbable Mae West, *The Dream Endures* is a brilliant social and cultural history in many ways the most far-reaching and important of Starr's California books.

Forgotten Doors M. Mark Stolarik, 1988 This collection concentrates on the story of immigration through ports of entry to the United States other than Ellis Island, including Boston, Philadelphia, Baltimore, Miami, New Orleans, San Francisco, and Los Angeles. The ethnic development of these cities is described.

Perpetually Cool Anthony B. Chan, 2007-02-08 Anna May Wong was an extraordinary Asian American woman who became the country's most famous film actress of Chinese descent. From small parts in silent films to starring roles in Hollywood and across the Atlantic, Wong made an impression on audiences of all persuasions. In *Perpetually Cool*, Anthony Chan takes the reader on a compelling journey through Wong's early years in Los Angeles and her first Hollywood pictures. Chan also examines the scope and nature of race, gender, and power and their impact on Wong's personal growth as a Chinese American. *Perpetually Cool* is not only the captivating story of a cinematic career but also of roots and identity as it recounts Wong's desire to connect with her heritage in the United States and in China. Chan provides extensive textual analyses of Wong's signature films, especially *The Toll of the Sea* (1922), *The Thief of Bagdad* (1924) with Douglas Fairbanks, and her most famous role as Hui Fei in *Shanghai Express* (1932) opposite Marlene Dietrich. *Perpetually Cool* is a fitting tribute to the influence of this Chinese American icon.

The Great California Story Carl Robert Palm, 2004 From Mark Twain to Jack LaLanne and from conquistadors to health food stores, *The Great California Story* covers it all. If you've ever wondered just what it is that makes California well, California, you'll find your answer here.

Golden Dreams Kevin Starr, 2009-07-10 A narrative tour de force that combines wide-ranging scholarship with captivating prose, Kevin Starr's acclaimed multi-volume *Americans and the California Dream* is an unparalleled work of cultural history. In this volume, Starr covers the crucial postwar period, 1950 to 1963, when the California

we know today first burst into prominence Starr brilliantly illuminates the dominant economic social and cultural forces in California in these pivotal years In a powerful blend of telling events colorful personalities and insightful analyses Starr examines such issues as the overnight creation of the postwar California suburb the rise of Los Angeles as Super City the reluctant emergence of San Diego as one of the largest cities in the nation and the decline of political centrism He explores the Silent Generation and the emergent Boomer youth cult the Beats and the Hollywood Rat Pack the pervasive influence of Zen Buddhism and other Asian traditions in art and design the rise of the University of California and the emergence of California itself as a utopia of higher education the cooling of West Coast jazz freeway and water projects of heroic magnitude outdoor life and the beginnings of the environmental movement More broadly he shows how California not only became the most populous state in the Union but in fact evolved into a mega state en route to becoming the global commonwealth it is today *Golden Dreams* continues an epic series that has been widely recognized for its signal contribution to the history of American culture in California It is a book that transcends its stated subject to offer a wealth of insight into the growth of the Sun Belt and the West and indeed the dramatic transformation of America itself in these pivotal years following the Second World War

Material Dreams Kevin Starr, 1990-04-12 Kevin Starr is the foremost chronicler of the California dream and indeed one of the finest narrative historians writing today on any subject The first two installments of his monumental cultural history *Americans and the California Dream* have been hailed as mature well proportioned and marvelously diverse and diverting The New York Times Book Review and rich in details and alive with interesting and sometimes incredible people Los Angeles Times Now in *Material Dreams* Starr turns to one of the most vibrant decades in the Golden State s history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles In a lively and eminently readable narrative Starr reveals how Los Angeles arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade the self educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city s architecture the impact of the automobile on city planning the Hollywood film community the L A literati and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose

Law in the West Gordon Morris Bakken, Brenda Farrington, 2001 This anthology examines Love s Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of

historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource

Postborder City Michael Dear,Gustavo Leclerc,2013-11-12 The postborder metropolis of Bajalta California stretches from Los Angeles in the north to Tijuana and Mexicali in the south Immigrants from all over the globe flock to Southern California while corporations are drawn to the low wage industry of the Mexican border towns echoing developments in other rapid growth areas such as Phoenix El Paso and San Antonio This incredibly diverse transnational megacity is giving birth to new cultural and artistic forms as it rapidly evolves into something unique in the world Postborder City is a genuinely interdisciplinary investigation of the hybrid culture on both sides of the increasingly fluid U S Mexico border spanning the disciplines of art and art history urban planning geography Latina o studies and American studies

The Advocate ,1999-09-28 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

The Story of Hollywood Gregory Paul Williams,2005 Before the film industry arrived Hollywood was filled with quaint bungalows millionaires estates and churches dedicated to teetotalism Movies shattered Hollywood s tranquillity and brought wealth fame and glamorous movie stars The giants of the movie industry invented klieg lighted movie premieres and the Academy Awards in Hollywood Go beyond the star studded surface to the district s days of union busting gangsters and scandal foreshadowing Hollywood s seedy decline The book concludes with Hollywood s redevelopment that continues today The book features the famous faces and places that made the town legendary offering a unique perspective on celebrity nightlife and the behind the scenes stories of day to day life Lavishly illustrated with over 800 vintage images from the author s private collection The Story of Hollywood brings new insights to readers with a passion for Hollywood and its place in the

history of film radio and television *A Better Way to Build* Michael R. Adamson, 2013-01-15 While architects have been the subject of many scholarly studies we know very little about the companies that built the structures they designed This book is a study in business history as well as civil engineering and construction management It details the contributions that Charles J Pankow a 1947 graduate of Purdue University and his firm have made as builders of large often concrete commercial structures since the company's foundation in 1963 In particular it uses selected projects as case studies to analyze and explain how the company innovated at the project level The company has been recognized as a pioneer in design build a methodology that involves the construction company in the development of structures and substitutes negotiated contracts for the bidding of architects plans The Pankow companies also developed automated construction technologies that helped keep projects on time and within budget The book includes dozens of photographs of buildings under construction from the company's archive and other sources At the same time the author analyzes and evaluates the strategic decision making of the firm through 2004 the year in which the founder died While Charles Pankow figures prominently in the narrative the book also describes how others within the firm adapted the business so that the company could survive a commercial market that changed significantly as a result of the recession of the 1990s Extending beyond the scope of most business biographies this book is a study in industry innovation and the power of corporate culture as well as the story of one particular company and the individuals who created it **The Spider-Man Chronicles** Grant Curtis, 2007-05-03 Swinging onto bookshelves just in time for the Summer 2007 release of Spider Man 3 The Spider Man Chronicles spins an irresistible web for the ultimate Spidey fan Full color
