Autumn to Be Remembered Suella Thrasher,2016-03-16 The tall young woman with sparkling green eyes and long curly copper red hair stooped gracefully and placed her autumn colored bridal bouquet on the grave at the base of the tombstone Five little graves beside hers were testimony to the sorrow and pain of loss as written in the century old journal held by the young bride The autumn sun danced through the leaves of red orange yellow and gold and on the bent face of the young woman as she whispered Thank you grandmother I wish you could see me and hear me God does answer prayer This fictional account is about trusting God in all situations and allowing Him to direct your ways Points for reflection or group discussion are at the end of the book **Gone But Not Forgotten (The Jaxon Grey Chronicles, #2) - Hardcover** J. Analysis of Cemeteries and Social Reform in Paris, 1804-1924 Kaylee P. Alexander, 2023-08-28 This book takes a novel data driven approach to the cemeteries of Paris analyzing a largely text based body of archival material as proxy evidence for visual material that has been lost due to systematic and legally sanctioned acts of erasure. This study represents the first full length study of vernacular monuments in France and the entrepreneurs who made them. It also provides methodical considerations at the intersection of the computational and digital humanities for managing survival biases in extant historical evidence that are applicable beyond the thematic focus of this book. Since extant examples of these more inconspicuous monuments are rare, this project employs both distant and close viewing analyzing commercial almanacs, work logs and burial records in aggregates alongside detailed case studies to compensate for gaps in the material record. The book will be of interest to scholars working in visual culture, popular culture, digital humanities and French history. **Face** Rucha
