**Mankind in Turmoil** Robert G. Hughes,2001-03-01      Chaos and the Son of Man Andrew Angel,2006-08-27 Andrew Angel briefly reviews the work of Old Testament scholars on the mythological motif of God's battle with the dragon and the chaos waters He also reviews works that touch on the existence of the motif in the period 515 BCE to 200 CE noting the need for thorough survey of the motif in Hebrew literature of this period There follows a study of forty two Jewish and Christian texts in Hebrew Aramaic Greek and Latin which establishes the fact that this mythological motif was well known in this period Angel makes suggestions as to how this might offer fresh insights into the meaning of apocalyptic visions and texts that appear to refer to a son of man figure in this period      *Mankind's Last Chance* Richard Poole,2013-09-27 Drawing extensively on his experiences of more than thirty years as a humanitarian worker Richard Poole takes us on a journey from our earliest origins to our present day one that enables us to see how far we have strayed from our guiding principles to create a world that is bent on self destruction *Mankind's Last Chance* argues that the repair of our broken societies our collapsing economies and our wrecked environment lies not in the application of any new form of political and economic governance but in a moral re-awakening and a renewed commitment to the common good that can only come from a spiritual transformation on a universal scale More importantly it tells us where the source of such a transformation is to be found and how it can be achieved      Englisch deutsches und deutsch-englisches wörterbuch, mit besonderer rücksicht auf den gegenwärtigen standpunkt der literatur und wissenschaft bearbeitet Newton Ivory Lucas,1868      **From Creation to Chaos!** ,      *Dictionary of the English and German Languages* Christoph Friedrich Grieb,1885      *A New Reformation* John W. Coffin,1991 A selection of essays on tragedy this volume begins with the premise that any reading of tragedy can be stimulated and enriched by supplementary critical texts which have been selected for precisely those qualities that would enhance one s response to tragedy The text attempts a reconstruction of the canon of the criticism of tragedy through a critical overview of traditional classical commentary Russian Formalism Reader Response Theory Structuralism Post Structuralism Deconstructionism and Marxist criticism Includes selections from the writings of Aristotle Hegel Nietzsche Georg Lukacs Arthur Miller Karl Jaspers Max Sheler Laurence Michel Henry Alonzo Myers Northrop Frye Albert C Outler and others **National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two** Dr. Dan Mou,2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerias population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to
