extinción de dominio en Colombia Moisés Sabogal Quintero, 2020-02-01 Si bien hacia el año 1997 me quejaba en una de mis investigaciones publicadas sobre uno de los temas que concita el presente texto acerca del mal denominado privilegio mafioso que tenemos los colombianos por pertenecer a uno de los Países más corruptos del mundo tristemente hoy día ello persiste y en mayor proporción pero con el consuelo que otros Estados como México se encuentran ya en iguales condiciones Sin embargo no todo es oscuro pues con respecto al redireccionamiento en la sustitución de cultivos del actual Gobierno en su lucha por erradicar tan grave mal así como la administración de justicia sancionando sus infractores las cosas van cambiando pues la ardua labor desarrollada y planificada por el Estado con organismos especializados en la materia y el fortalecimiento de todas las instituciones antidelictivas de un lado han hecho que a la vez la justicia venga siendo más eficaz

en la lucha contra los flagelos delictivos. Es por lo anterior que tal situación me ha conmovido nuevamente a volver sobre algunos de estos temas y a tocar otros que no había estudiado con profundidad ante los cambios de estrategias gubernamentales de legislaciones y el ambiente jurisprudencial en donde los jueces aún continúan afrontando con valor dichos flagelos pues como se dice le perdieron el miedo siendo la justicia hoy día más independiente mostrándose fortalecida y confrontando con las mismas leyes al ejecutivo al legislativo cuando algunos de sus miembros enmarcan su comportamiento en tales punibles.
