forefront of the bibliographical compartment of their brains American Studies *Sixteen Modern American Authors* Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies *A Literary History of the American West* Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance **Willa Cather and Material Culture** Janis P. Stout, 2005-01-02 A compilation of essays focusing on the significance of material culture to Cather's work and Cather scholarship *Willa Cather and Material Culture* is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume's primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to quilts both personally and as symbols in her work her contributions to domestic magazines such as *Home Monthly* and *Woman's Home Companion* the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature **A History of American Literature** Richard Gray, 2011-09-23 Updated throughout and with much new material *A History of American Literature* Second Edition is the most up to date and comprehensive survey available of the myriad forms of American Literature from pre Columbian times to the present The most comprehensive and up to date history of American literature available today Covers fiction poetry drama and non fiction as well as other forms of literature including folktale spirituals the detective story the thriller and science fiction Explores the plural character of American literature including the contributions made by African American Native American Hispanic and Asian American writers Considers how our understanding of American literature has changed over the past thirty years Situates American literature in the contexts of American history politics and society Offers an invaluable introduction to American literature for students at all levels academic and general readers **Updating the Literary West**, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West*

have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister *Landscapes of the New West* Krista Comer, 1999 In the early 1970s empowered by the civil rights and women's movements a new group of women writers began speaking to the American public Their topic broadly defined was the postmodern American West By the mid 1980s their combined works made for a bona fide literary groundswell in both critical and commercial terms However as Krista Comer notes despite the attentions of publishers the media and millions of readers literary scholars have rarely addressed this movement or its writers Too many critics Comer argues still enamored of western images that are both masculine and antimodern have been slow to reckon with the emergence of a new far more feminine postmodern multiracial and urban west Here she calls for a redesign of the field of western cultural studies one that engages issues of gender and race and is more self conscious about space itself\_ especially that cherished symbol of western authenticity open landscape Surveying works by Joan Didion Wanda Coleman Maxine Hong Kingston Leslie Marmon Silko Barbara Kingsolver Pam Houston Louise Erdrich Sandra Cisneros and Mary Clearman Blew Comer shows how these and other contemporary women writers have mapped new geographical imaginations upon the cultural and social spaces of today's American West The Persistence of Racism in America Thomas Powell, 1993 one of the most thorough attempts to explain why racism is still with us in these closing years of the twentieth century THE NEW ENGLAND REVIEW OF BOOKS *The Modern American Novel* Steven G. desenvolupament històric polític i econòmic del país **Edith Wharton, Willa Cather, and the Place of Culture** Julie Olin-Ammentorp, 2019-10-01 Edith Wharton and Willa Cather wrote many of the most enduring American novels from the first half of the twentieth century including Wharton's *The House of Mirth* *Ethan Frome* and *The Age of Innocence* and Cather's *O Pioneers* *My Antonia* and *Death Comes for the Archbishop* Yet despite their perennial popularity and their status as major American novelists Wharton 1862 1937 and Cather 1873 1947 have rarely been studied together Indeed critics and scholars seem to have conspired to keep them at a distance Wharton is seen as our literary aristocrat an author who chronicles the lives of the East Coast Europe bound elite while Cather is considered a prairie populist who describes the lives of rugged western pioneers These depictions though partially valid nonetheless rely on oversimplifications and neglect the striking and important ways the works of these two authors intersect The first comparative study of Edith Wharton and Willa Cather in thirty years this book combines biographical historical and literary analyses with a focus on place and aesthetics to reveal Wharton's and Cather's parallel experiences of dislocation their relationship to each other as writers and the profound similarities in their theories of fiction Julie Olin Ammentorp provides a new assessment of the affinities between Wharton and Cather by exploring the importance of literary and geographic place in their lives and works including the role of New York City the American West France and travel In doing so she reveals the two authors shared concern about the culture of place and the place of culture in the United States *Cather Studies* Cather Studies, 1993-06-01 Volume 2 of Cather Studies

demonstrates the range of topics and approaches in contemporary discussions of Willa Cather's work for the informed reader or the specialized student This volume includes major essays on Cather's response to the cultural pessimism of Oswald Spengler her affinities to Alphonse Daudet and aspects of her art in *My Antonia* *The Professor's House* and *Shadows on the Rock* [The Nature of the Place](#) Diane Dufva Quantick, 1995-06-01 The Great Plains has long been fertile ground for literature *The Nature of the Place* is a comprehensive study of novels and stories by such Plains writers as Willa Cather

Wright Morris Mari Sandoz Laura Ingalls Wilder Frederick Manfred Wallace Stegner and Bess Streeter Aldrich Throughout Diane Dufva Quantic is aware of the region s collective social and cultural history aware of the immensely fruitful clash between that complex history and Plains myth such as Garden of the World and Great American Desert In the vast and changeable Great Plains as Wright Morris once remarked Many things would come to pass but the nature of the place would remain a matter of opinion      Practical Ecocriticism Glen A.
