*Nonlinear and Inverse Problems in Electromagnetics* L. Beilina, Yu. G. Smirnov, 2018-07-19 This volume provides academic discussion on the theory and practice of mathematical analysis of nonlinear and inverse problems in electromagnetics and their applications From mathematical problem statement to numerical results the featured articles provide a concise overview of comprehensive approaches to the solution of problems Articles highlight the most recent research concerning reliable theoretical approaches and numerical techniques and cover a wide range of applications including acoustics electromagnetics optics medical imaging and geophysics The nonlinear and ill posed nature of inverse problems and the challenges they present when developing new numerical methods are explained and numerical verification of proposed new methods on simulated and experimental data is provided Based on the special session of the same name at the 2017 Progress in Electromagnetics Research Symposium this book offers a platform for interaction between theoretical and practical researchers and between senior and incoming members in the field

*Poorly Visible Media in X-Ray Tomography* V. G. Nazarov, Iu. V. Prokhorov, 2002-01-01 The tomography problem considered in this volume of the Inverse and Ill Posed Problems Series consists of finding an essential part of information about the internal structure of an unknown medium More particularly the contact boundaries between various materials in the medium are sought This investigation is implemented by studying an appropriate mathematical model which is represented as a transport equation linear Boltzmann's equation together with certain boundary conditions Both theoretical and numerical methods have been used and the results consist of proved theorems computer testing of the corresponding algorithms together with a number of tables This book may be considered as a continuation and application of Transport Equation and Tomography by D S Anikonov A E Kovtanyuk and I V Prokhorov previously published in this series
