**Merchants, Barons, Sellers and Suits** Christa Mahalik, 2010-08-11 Merchants Barons Sellers and Suits The Changing Images of the Businessman through Literature originally began as a conversation about a hybrid course at Quinnipiac University Its purpose was to take an online English course for non traditional business majors and create a theme that would be relevant to the business world Being given the task to create this course from the ground up was exciting and intriguing There turned out to be a lot more material that could be used for this theme than previously thought To gauge the temperature of the topic a panel was set up with the theme of businessmen or women and their changing image through literature At the 2009 NeMLA Northeast Modern Language Association conference in Boston the panel was held and many ideas such as some of the ones presented in this book were discussed A secondary theme evolved out of the construction of the first Participants discussed the environment as a catalyst in the change of what a person actually thinks a businessman or woman looks like Many of these images were formed based upon pop culture such as the traveling salesman in the Looney Tunes cartoons who sells brushes door to door and hails from Walla Walla Washington Others were based on the images read about in books such as Willy Loman from Death of a Salesman The essays included in this volume presented by doctoral candidates and scholars from across a range of geographical regions and disciplines result in a collection that investigates the idea of the changing image of the businessman throughout literature both in America and in Europe The arrangement of the collection is a comparative timeline allowing the changing images of business to evolve with each essay

**Some Other Frequency** Larry McCaffery, 1996 McCaffery converses with the young recklessly daring and furiously productive William Vollmann and with Marianne Hauser who published her first novel nearly sixty years ago with Native American trickster novelist Gerald Vizenor and guerrilla writer Harold Jaffe whose literary technique is to plant a bomb sneak away with stark minimalist Lydia Davis and text and collage artist Derek Pell with muscular pop icon Mark Leyner and proto punk diva Kathy Acker They are a diverse lot shaped by very different literary and personal influences and

addressing divergent readerships      After Postmodernism Christopher K. Coffman, Theophilus Savvas, 2020-12-17 Several of American literature's most prominent authors and many of their most perceptive critics and reviewers argue that fiction of the last quarter century has turned away from the tendencies of postmodernist writing. Yet the nature of that turn and the defining qualities of American fiction after postmodernism remain less than clear. This volume identifies four prominent trends of the contemporary scene: the recovery of the real, a rethinking of historical engagement, a preoccupation with materiality, and a turn to the planetary. Readings of works by various leading figures including Dave Eggers, Jonathan Franzen, A. M. Homes, Lance Olsen, Richard Powers, William T. Vollmann, and David Foster Wallace support a variety of arguments about this recent revitalization of American literature. The chapters in this book were originally published as a special issue of the journal *Textual Practice*.

*Listen to Pop!* James E. Perone, 2018-09-01 *Listen to Pop* discusses the evolution of pop music in America from the 1950s to the present, diving into its impact on American culture, particularly through its association with television and its enduring legacy. *Listen to Pop: Exploring a Musical Genre* provides readers with an overview and a history of the pop music genre. The bulk of the book is devoted to analysis of 50 must-hear musical examples, which include artists, songs, and albums. Additionally, the book contains chapters that analyze the impact of pop music on American popular culture and the legacy of pop music, including how the music is used today in film and television soundtracks and in television commercials. The book deals with all of the various subgenres of pop music from the 1950s to the present. The selection of material discussed reflects the artists, songs, and albums topping the pop music charts of the period, and while the volume examines these items individually, it also discusses how our definition of pop music has evolved over the decades. This combination of detailed examination of specific songs, albums, and artists, and discussion of background, legacy, and impact distinguishes it from other books on the subject and makes it a vital reference and interesting read for all readers and music aficionados.

**Pop Goes the Decade** Ralph G. Giordano, 2017-06-05 Covering significant historical and cultural moments, public figures, and celebrities, art, and entertainment and technology that influenced life during the decade, this book documents the 1950s through the lens of popular culture. On the surface, the 1950s was a time of post-war prosperity and abundance. However, in spite of a relaxation of immigration policies, the good life in the 50s was mainly confined to white, non-ethnic Americans. A new Cold War with the Soviet Union intended to contain the threat of Communism, and the resulting red scare tinged the experience of all U.S. citizens during the decade. This book examines the key trends, people, and movements of the 1950s and inspects them within a larger cultural and social context. By highlighting controversies in the decade, readers will gain a better understanding of the social values and thinking of the time. The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change, either intentionally or by accident.

Pop-feminist Narratives Emily Spiers, 2018 This volume explores the recent phenomenon of pop feminism and pop feminist writing across

North America Britain and Germany and examines what feminist politics look like in the twenty first century *Hicks, Tribes, and Dirty Realists* Robert Rebein,2021-10-21 Robert Rebein argues that much literary fiction of the 1980s and 90s represents a triumphant if tortured return to questions about place and the individual that inspired the works of Hawthorne Melville Twain Faulkner and other giants of American literature Concentrating on the realist bent and regional orientation in contemporary fiction he discusses in detail the various names by which this fiction has been described including literary postmodernism minimalism Hick Chic Dirty Realism ecofeminism and more Rebein s clearly written nuanced interpretations of works by Raymond Carver Cormac McCarthy Don DeLillo Louise Erdrich Dorothy Allison Barbara Kingsolver E Annie Proulx Chris Offut and others will appeal to a wide range of readers **Spanish Fiction in the Digital Age C.**
